

Welcome Home Mustangs!

MOVE IN UPDATES 2020

Prior to Move-In:

- Please work to rectify any holds on your account.
- Identify up to **TWO** move-in helpers. They should be healthy adults and will need to abide by all precautions.
- Monitor your own health - log into the Wellness Center's Patient Portal to complete a symptom checker 2-3 days prior to your arrival.

Aside from general items found in our Move-In Guide, we recommend the following:

What to bring:

- Personal health items including a personal **thermometer**, cold medicine, and personal prescriptions.
- Essential supplies including disinfectant, hand sanitizer and face coverings.

What NOT to bring:

- No more than 2 cars with you to move-in between you and your move-in helpers.
- No personal furniture including futons, couches, reclining chairs, beds, etc.

Striving for a healthy and welcoming experience for all!

Building Capacity Limits - There will be a limited number of students permitted to move-in to a building at a time. All individuals are asked to keep 6 ft distance from others. Elevators will be limited to one party at a time.

Assigned Move-In Times - All residents, other than those volunteering for Drop-In Move-In, will be assigned a time. This will allow us to coordinate the number of people per floor and avoid overcrowding a space.

Required/Recommended supplies - All individuals will be required to wear a face covering while in public space at all times. We recommend bringing a cart/dolly, hand sanitizer, personal cleaning supplies, and gloves. We will have a limited number of university carts that will be sanitized between uses for New Student Move-In.
