

Winterim 2022 FAQs

What is Winterim?

Winterim is a condensed session in January when full-time Stevenson students can take classes that are specifically designed for intensive study and fulfill program or SEE requirements at a greatly reduced cost.*

Why should I take a Winterim course?

Winterim gives you an opportunity to fulfill SEE or program requirements over break! Courses are offered online, and eligible, full-time students pay a nominal fee of \$195 instead of tuition.*

When is Winterim?

Online Winterim courses run from January 3 to January 23, 2022.

How much does it cost to take a Winterim course?

That depends on how many credits you are taking in Fall 2021. If you are a **full-time** student, simply add the number of credits you are taking in the fall to the number of credits you want to take in Winterim. If the total is equal to or fewer than 18 credits, you pay **only a flat fee of \$195**.* If the total is more than 18 credits, you pay the \$195 fee and the standard overload fee of \$425 per credit for any credits above 18. For example, if you are taking 15 credits in Fall 2021, and plan to take a 3-credit class in Winterim 2022, those credits will be combined for a total of 18 credit hours and you will pay just \$195. If the credits in Fall 2021 and Winterim 2022 exceed 18 credits in total, an overload charge per credit will apply. Please see the table below for a more complete breakdown. Please remember that it is important to consider your plans for Winterim in conjunction with your Fall 2021 course schedule.

WINTERIM COSTS				
Number of credits you are registered for in Fall 2021	Number of credits you want to take in Winterim	Total number of credits in Fall and Winterim	Winterim Cost Formula	Total Winterim Cost
FULL-TIME STUDENTS				
Between 12-15 credits	3	15-18	\$195 flat fee	\$195
16 credits	3	19	\$195 flat fee + overload fee for one credit (\$425) **	\$620
17 credits	3	20	\$195 flat fee + overload fee for two credits (\$850)	\$1,045
18 credits	3	21	\$195 flat fee + overload fee for three credits (\$1,275)	\$1,470
PART-TIME STUDENTS				
Fewer than 12 credits	3	4-14	\$195 + Regular tuition rate of \$890 per credit + Part-time fees***	\$2,940

* All students may take classes in Winterim, but the reduced fee applies only to full-time students. See chart above. Some Winterim courses may require additional travel expenses or other specific course-related fees that must be paid by the student. Students may be eligible for scholarships to help fund travel expenses. Both the student and their parent may be eligible to borrow loan funds from either a Federal Direct Parent Loan or from a private lender.

** Overload fees will be due during the fall semester and cannot be carried forward to the spring semester.

***Please allow 1-2 business days for manual invoicing adjustments if adding Winterim credits brings your part-time credit count to 12 or more credit hours.

If I'm a part-time student in the fall, will registering for a Winterim class make me full-time?

Since registration for Winterim happens after Financial Aid has been awarded and Fall 2021 tuition has been billed, registering for a Winterim 2022 class will not change your Fall 2021 status. Therefore, you must be registered for at least 12 credits in the Fall to be considered full-time, regardless of how many credits you plan to take in Winterim.

How will taking a class in Winterim affect my Spring 2022 full-time status?

Winterim courses will not affect your Spring 2022 full-time status.

You must enroll in at least 12 credits for Spring 2022 to be considered a full time student.

Will taking a Winterim class prevent me from taking more than 15 credits in the Spring?

No. Even if you take a class in Winterim, you can take up to 18 credits in the spring without any additional tuition charges.

When do I sign up for a Winterim class?
