3RD YEAR NURSING GROUPS

Restricted to Nursing Students

Registration deadline: 4/15/19

CLINICAL DAYS - Clinical days and times are contingent upon the availability of units and nursing staff at hospital and community partner agencies. While it is guaranteed that all nursing students will have a clinical experience associated with the course on regularly scheduled days, it should be noted that those days assigned may be Monday through Sunday, including evening hours. The clinical schedule will be posted in the course syllabus, made available to students in Blackboard prior to the start of the semester. Students are expected to plan their schedules to accommodate the assigned clinical days/times. Due to the complexities associated with securing clinical rotations, no changes will be made once assignments are posted

COMMON EXAMS - All nursing students enrolled in Nursing courses will take exams on the same day and time. The dates and times may be different than the class schedule, but they will be posted in the course syllabus. Students are expected to plan their schedules to accommodate the common exam time. Failure to take an exam on the scheduled day/time will result in a "zero" for the exam.

Prerequisites: Must meet all progression criteria for third year status in the nursing major as outlined in the university catalog, including a grade of "C" or better in NURS-110 and NURS-240
