

STEVENSON UNIVERSITY
WILD STANG

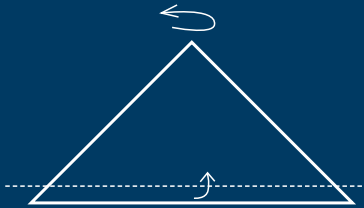

Origami

»»» START »»»

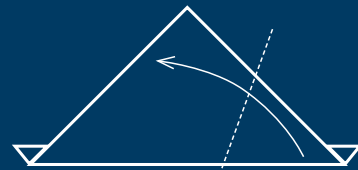

1. Fold in half so that the Wild Stang's face is up.

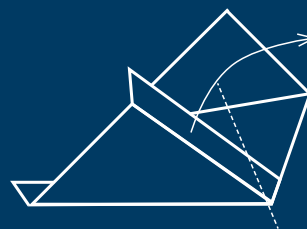

2. Fold the black bar forward so that the flap is facing you, then turn it over so that the Wild Stang is facing away from you. (You should still have a triangle.)

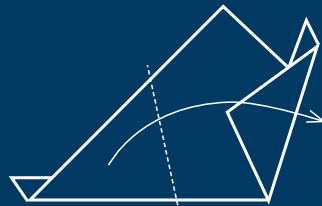

3. Fold the triangle section to the left, the one with the url for the video, over the middle.

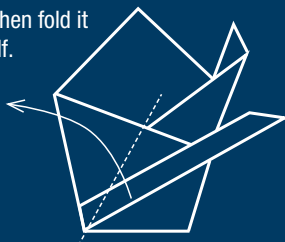

4. Fold the triangle section back in half. The url should be facing you.

5. Repeat the same step with the triangle section on the other side...

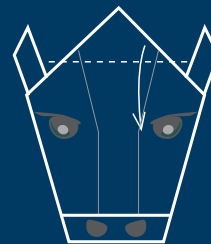

6. ...then fold it in half.

7. Turn it over so that the Wild Stang face is up

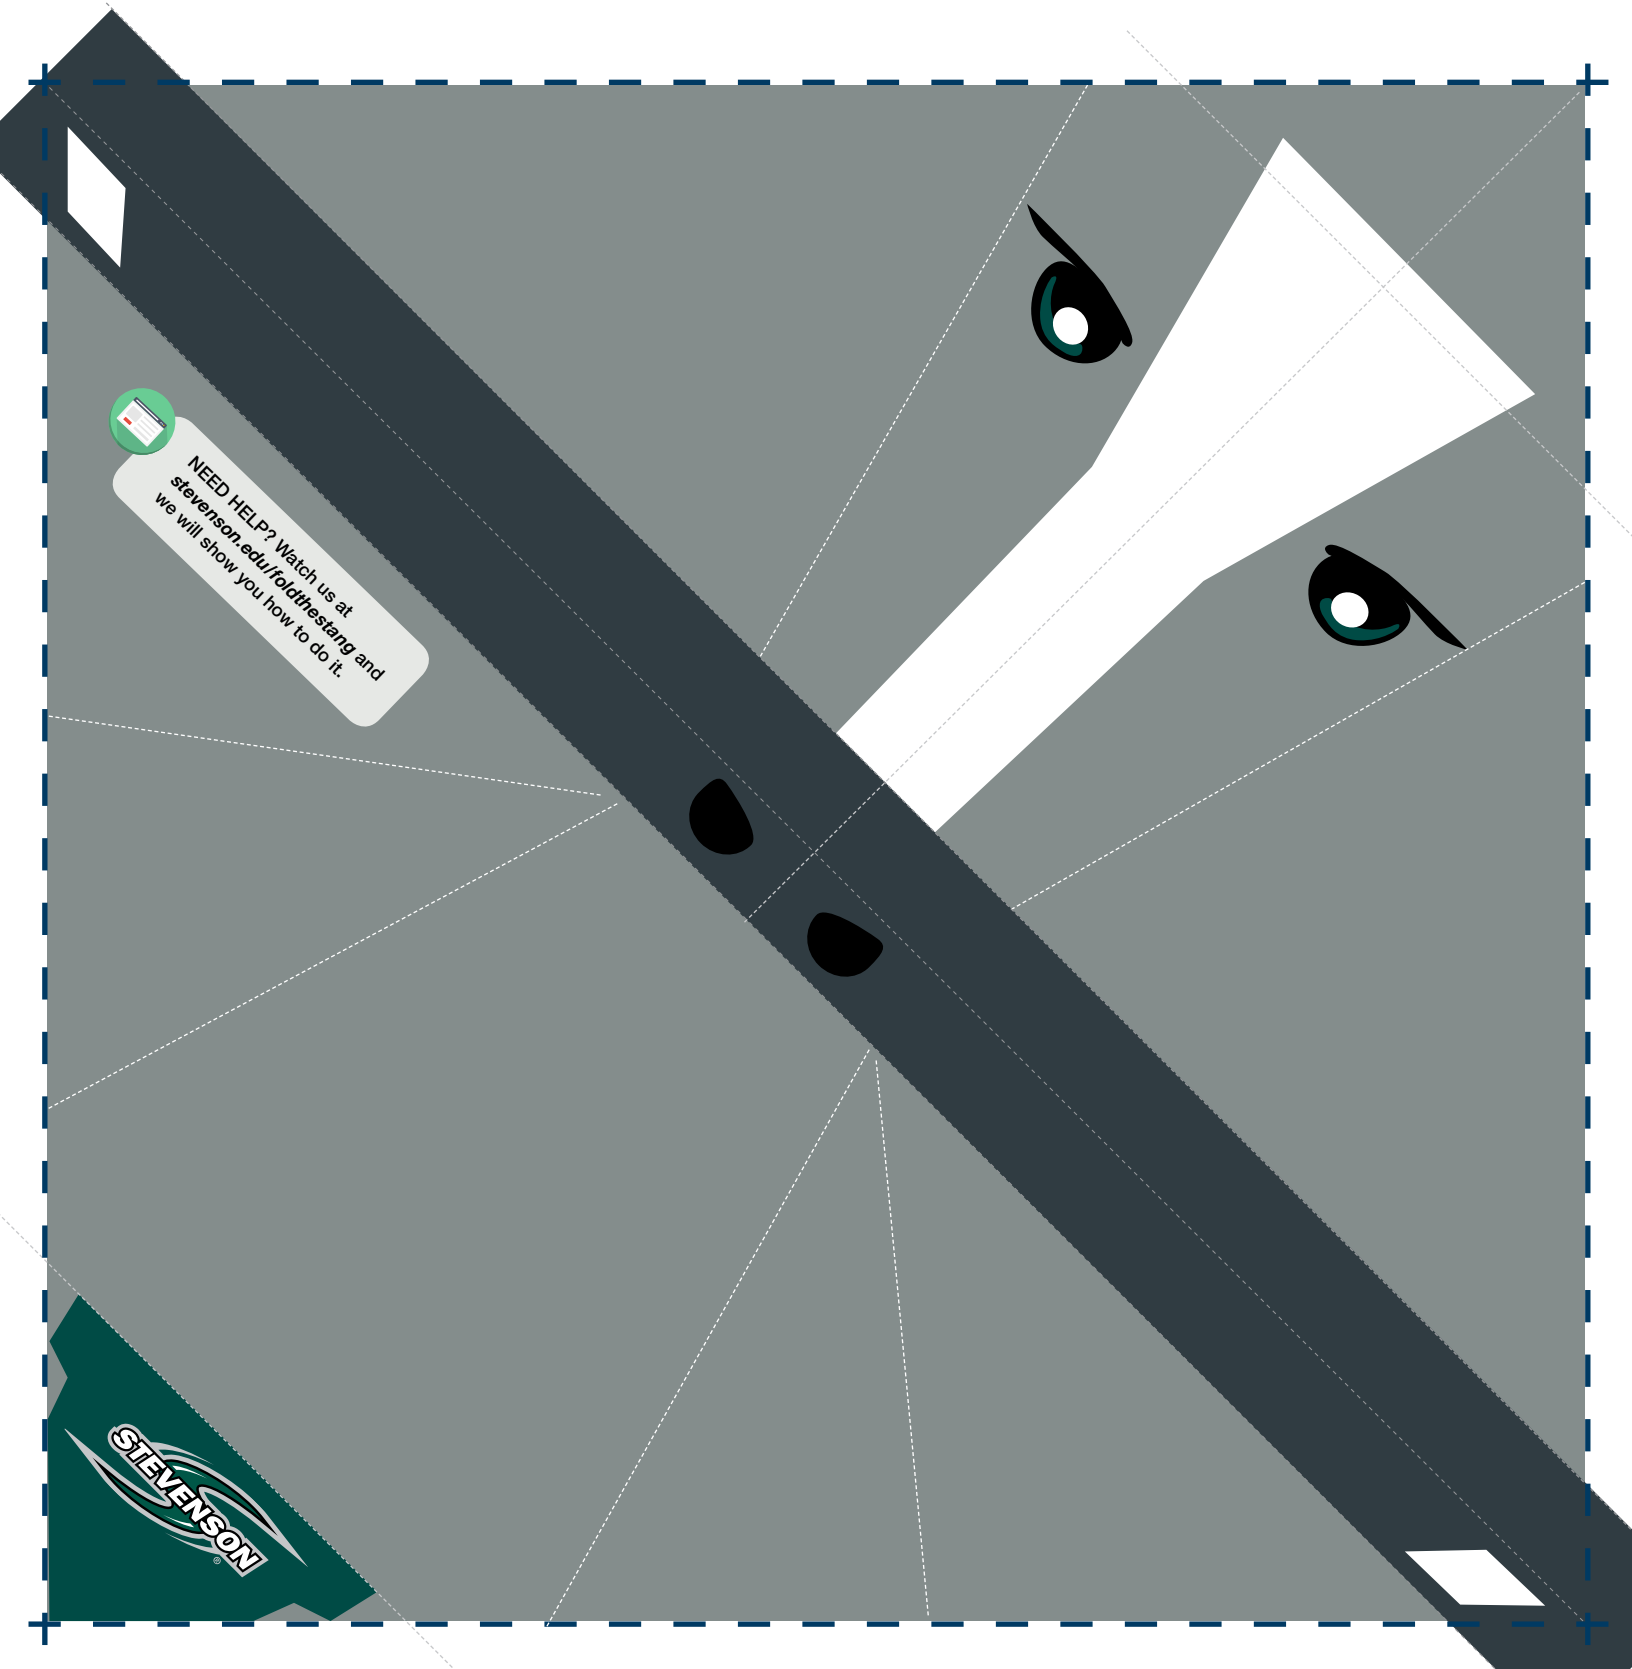

8. Pull down the small triangle at the top of its head to display the Stevenson "S" logo as its forelock.

» ENJOY! »
