

Franz Forensic

xxxxxxxxx@gmail.com ▪ 443-xxx-xxxx

Education

Stevenson University, Owings Mills, MD

Master of Science, Forensic Science. May 20xx

Bachelor of Science, Chemistry, May 20xx

Minor: Biology

Relevant Experience

Questioned Documents Intern, June 20xx-Present

United States Secret Service (USSS) Forensic Science Division, Washington DC

- Planned and executed projects on thin-layer chromatography (ink analysis)
- Organized all analysis outcomes into digital database
- Attended meetings with supervisors to discuss publications and thesis work

Biochemistry Research Intern, January 20xx-December 20xx, Summer 20xx

Stevenson University, Owings Mills, MD

- Instructed incoming students on lab procedures including RNA isolation and reverse transcription
- Completed daily polymerase chain reactions to amplify cDNA transcribed from genes of interest
- Presented a final paper on RNA interference at three poster sessions to describe research to fellow students and professors
- Subjected Hamster Cells to Cisplatin to research recovery

Laboratory Skills

- Micropipetting
- Making Dilutions
- Writing Laboratory Reports
- GC/MS
- DNA Isolation
- RNA Reverse Transcription
- Running a PCR
- Maintaining Cell Growth
- Creating Growth Media

Honors and Organizations

Member, Honors Program Stevenson University, August 20xx - Present

Co-president, American Chemical Society, Stevenson University, August 20xx-Present

- Planned events and held meetings for students to participate in school activities related to chemistry

Member, National Residence Housing Honorary, Stevenson University, January 20xx-Present

Member, Society of Science, Stevenson University, January 20xx-December 20xx

Member, Kappa Mu Epsilon, Stevenson University, September 20xx-Present

Additional Work Experience

Resident Assistant, August 20xx-Present

Stevenson University, Owings Mills, MD

- Monitored 32 students throughout the academic year to assure residents met prescribed safety standards
- Developed and advertised all-school events to educate the students on topics of mental and physical health
- Participated in school open houses, weekly meetings, and training as required

Supplemental Instructor, Spring 20xx, Fall 20xx, Fall 20xx

Stevenson University, Owings Mills, MD,

- Designed biweekly review sessions covering Chemistry concepts for 10 undergraduate students
- Prepared review sheets on General Chemistry topics based on material learned in class
