

Immediately after an assault, you should get out of physical danger. At any time, you should contact Campus Security in the Ratcliffe Community Center by calling 443-352-4500. You should consider getting a free Sexual Assault Forensic Exam (S.A.F.E). The nearest hospital that performs S.A.F.E exams is:

**Greater Baltimore Medical Center**

6701 North Charles Street  
Towson, Maryland 21204  
443-849-3323 (GMBC SAFE)  
443-849-2225 (Emergency Department)  
[gbmc.org/safe](http://gbmc.org/safe)

**NOTE:**

You **DO NOT** have to contact the police or press criminal charges to have a sexual assault examination.

Campus Security will coordinate transportation to the hospital for the S.A.F.E. exam, if requested.

Better evidence will be collected if you do not shower, bathe, go to the bathroom, douche, smoke, eat, drink, brush teeth, or change clothes between the time of the incident and the time of the S.A.F.E. exam.

The exam can still be performed if any of the above has already occurred.

Take a change of clothes to the hospital. A private bath and shower will be available following the exam. An exam can be performed up to 5 days from the incident.

It is your decision whether or not to report the assault to the police. S.A.F.E exam kits will be held under an anonymous name for at least 20 years, giving you an opportunity to decide.

Another option is for medical treatment only: antibiotics, emergency contraception, etc. No forensic evidence will be collected.

Stevenson is committed to providing a prompt, fair, equitable, and impartial investigation and resolution to all reports of sexual misconduct. Regardless of how or when a report of sexual misconduct is made, except for confidential, privileged communications between the health practitioner and the complainant, and except when specific circumstances preclude an investigation, Stevenson will investigate to determine whether a violation of this policy occurred.

**CONFIDENTIALITY**

It is your right to determine how you would like to proceed, which may include asking for confidentiality or asking that the complaint not be pursued. Stevenson University will strive to maintain confidentiality while ensuring your privacy. In considering whether to honor a request for confidentiality, Stevenson will weigh the request against its obligation to provide a safe environment for all students, including you. If you request confidentiality, the ability of the University to investigate the matter may be limited.

**Resources for Victims of Sexual Assault, Relationship Violence, and Stalking**

This brochure has been designed to provide information and resources for students who are victims of sexual assault, relationship violence, and stalking. For more detailed information, please utilize the resources listed in this brochure that are available to you both on and off-campus. Remember, you are not alone.

There is no deadline for making a report of sexual misconduct; however, earlier is better because important information or evidence may become unavailable due to delayed reporting.

As a general rule, Stevenson University will not notify your parents/guardians. However, with your permission, Stevenson University will communicate with them.

### If I make a report, will I get into trouble if I was drinking/taking drugs at the time of the assault?

Stevenson may pursue, however, other educational remedies to protect your health and well-being.
