Reentry Testing Requirement and Process for All Stevenson Students – Spring 2022 Semester

Dear Stevenson Students,

As a follow-up to our communication about the [COVID Booster Requirement for spring 2022](#), the following outlines our process for Reentry Testing for the spring 2022 semester.

Due to the highly contagious nature of the Omicron variant, Stevenson is now requiring all students, regardless of vaccination status, to submit a negative COVID test prior to their arrival on campus for the Spring 2022 semester. This includes all undergraduate resident and commuter students, as well as Psy.D. and Stevenson University Online (SUO) bachelor's and graduate students who use campus facilities.

Reentry Testing Process

COVID Testing & Timing for Your Return to Campus

In order to return to campus, you must submit a negative COVID test result from either

- 1) **PCR test** administered within 7-8 days of your scheduled arrival on campus OR
- 2) **Two (2) separate Rapid Antigen Tests** administered within 7-8 days of your scheduled arrival on campus. The two Rapid Antigen Tests need to be taken within a 3 day window of each other and both need to be negative.

The Department and Health & Human Services (HHS) has established a helpful site to search for testing locations by your state. Visit: <https://www.hhs.gov/coronavirus/community-based-testing-sites/index.html>.

If you have difficulty scheduling a PCR test, Rapid Antigen Tests are available at many drugstores and online. Stevenson will also be offering limited COVID testing on the Owings Mills campus. Use this link to register for an on-campus test: stevenson.edu/testingprocess

The following calendars are examples to help you time your COVID testing based on the type of test you use and your planned arrival day on campus.

EXAMPLE: PCR TEST TIMELINE FOR ARRIVAL ON CAMPUS

JANUARY 2022

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
9	10	11	12	13	14	15 GET YOUR PCR TEST
16	17	18	19	20	21	22
UPLOAD NEGATIVE TEST RESULTS TO www.stevenson.edu/negativetestresults						
23 ARRIVE ON CAMPUS (IF TESTING NEGATIVE)	24	25	26	27	28	29

EXAMPLE: RAPID ANTIGEN TEST TIMELINE FOR ARRIVAL ON CAMPUS

JANUARY 2022

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
9	10	11	12	13	14	15 TAKE RAPID ANTIGEN TEST #1
16	17 TAKE RAPID ANTIGEN TEST #2	18	19	20	21	22
UPLOAD NEGATIVE TEST RESULTS TO www.stevenson.edu/negativetestresults						
23 ARRIVE ON CAMPUS (IF TESTING NEGATIVE)	24	25	26	27	28	29

Submitting Record of Your Negative COVID Test

Once you have your test result(s), you need to submit record of them to us.

Submit record of your negative PCR test result to www.stevenson.edu/negativetestresults.

Submit record of your negative test results from two Rapid Antigen tests in the manner below:

- 1) Complete Test #1; write your name, the date, and SU ID number on the actual test near the result; and take a picture of the result with your SU ID card.
- 2) Repeat two days later with Test #2; write your name, the date, and SU ID number on the actual test near the result; and take a picture of the result with your SU ID card.
- 3) Upload both pictures to www.stevenson.edu/negativetestresults.

If You Test Positive

If you test positive for COVID, please do not come to campus, but follow the process below:

- Submit record of your positive COVID test result to the SU Wellness Center via the confidential [SU Wellness Center Patient Portal](#).
- Isolate at home and track your symptoms daily using the [Student Symptom Tracker](#).
- The SU Wellness Center will reach out to you directly with instructions and timeline for your isolation at home and what you need to do to be cleared for your return to campus.

Keeping Ourselves and Our Community Safe

Thank you for your continued efforts to keep Stevenson safe, and we look forward to your return to campus for the Spring semester.

If you should have any questions about the Reentry Testing process, please reach out to us at studentaffairs@stevenson.edu.

Sincerely,

Tiffany Sanchez
Vice President, Student Affairs

and

Lindy Reymann, Ph.D, LCPC, RN
Assistant Vice President, Wellness Center
