Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

All requests for transfer credit will be reviewed on an individual basis. Master's courses are not accepted for transfer credit. Classes previously taken in another APA-accredited doctoral program in a health service psychology field that were not applied to a terminal degree will be considered for transfer credit. A syllabus from the semester in which the course was originally taken is required; if the syllabus does not provide sufficient information to evaluate whether the course is creditable, other supporting materials may be required. In general, no more than nine credits/three courses will be accepted for transfer credit, unless extraordinary circumstances are present (e.g., the closur doctoral program in which the student was previously enrolled).
