Notice of Nondiscriminatory Policy

NOTICE OF NONDISCRIMINATORY POLICY

Stevenson University admits students of any race, color, sex, religion, and national or ethnic origin to all of the rights, privileges, programs, benefits, and activities generally accorded or made available to students at the University. It does not discriminate on the basis of race, color, sex, religion, disability, and national or ethnic origin in the administration of its education policies, admission policies, scholarship and loan programs, and other university-administered programs. The University is committed to providing all students with an educational environment free of bias, discrimination, intimidation, or harassment. In this regard, Stevenson University complies with all relevant federal, state, and local laws. The University also complies with all applicable laws and federal regulations regarding prohibition of discrimination and accessibility on the basis of age, disability, veteran status, or otherwise.

CATALOG DISCLAIMER

Stevenson University reserves the right to add, revise, or drop programs and courses; to implement new policies and procedures; and to change published calendars as it deems necessary. The information contained in this catalog is accurate as of the date of publication; however, Stevenson University reserves the right to add, revise, or modify its contents when necessary. Such changes, which will appear in the online catalog, will be applicable to all students who are enrolled at the time the changes occur. The online version of the Stevenson catalog is the governing version, and students should refer to the SU website for the most up-to-date information.

Master's Degree Academic Calendar: Fall 2022 - Spring 2023

This calendar is subject to change as Stevenson complies with all public health and safety guidelines related to the COVID-19 pandemic.

Academic Calendar: Fall 2022 to Summer 2023

Fall 2022 Semester

Aug. 29 - Dec. 18	Fall 2022 semester (22FSEM)
Aug. 29 - Oct. 23	8 week 1 (22F8W1)
Sept. 5	Labor Day - University closed
Oct. 5	Yom Kippur - University closed
Oct. 26	Final grades for 22F8W1 available to students
Oct. 24 - Dec.18	8 week 2 (22F8W2)
Nov. 1	Spring registration begins
Nov. 23 - 27	Thanksgiving holiday - University closed
Dec. 21	Final grades for 22F8W2 available to students
Dec. 23 - 25	Christmas holiday - University closed
Dec. 31 - Jan. 1	New Year's holiday - University closed

Spring 2022 Semester

Jan. 23 - May 14	Spring 2023 semester (23SSEM)
Jan. 23 - Mar. 19	8 week 1 (23S8W1)
Mar. 20 - May 14	8 week 2 (23S8W2)
April 3	Registration for Fall 2023 begins
Apr. 7 - Apr. 9	Easter holiday - University closed
May 15 - 19	Spring Commencement Week
May 17	Final grades available to students
May 29	Memorial Day - University closed

2023 Summer sessions will be held between May and August. Multiple sessions are available. Please consult the Summer Schedule of Classes for details on the sessions and classes available or contact Stevenson University Online at 443-352-4030.

Doctoral Program Calendar: Fall 2022 - Spring 2023

This calendar is subject to change as Stevenson University complies with all public health and safety guidelines related to the COVID-19 pandemic.

Fall Semester 2022

Aug. 29	First day of classes
Sept. 5	Labor Day—University closed
Sept. 6	Last day to add/drop 16-week graduate courses
Oct. 5	Yom Kippur —University closed
Oct. 10 - 11	Fall Break — University open
Nov.1	Registration for Spring 2022 begins
Nov. 3	Last day to withdraw from a 16-week class with a "W"
Nov. 23 - 27	Thanksgiving holiday—University closed
Dec. 12 - 18	Final examinations
Dec. 21	Final grades available to students in Student Planning
Dec. 23 - 25	Christmas holiday—University closed
Dec. 31 - Jan. 1	New Year's holiday—University closed

Spring Semester 2022

Jan. 23	First day of classes
Jan. 31	Last day to add/drop 16-week graduate courses
Mar. 13 - 19	Spring Break - University open
Apr. 3	Registration for Fall 2023 begins
Apr. 6	Last day to withdraw from a 16-week class with a "W"
Apr. 7 - 9	Easter holiday—University closed
May 8 - 14	Final examinations
May 17	Final grades available to students in Student Planning
May 15 - 19	Commencement week
May 29	Memorial Day—University closed

Summer Session 2023

Please contact the doctoral program advisor for information regarding summer classes.

The Stevenson Approach

About Stevenson

Founded in 1947 as Villa Julie College, Stevenson University serves more than 2,700 undergraduate students at its campus in Owings Mills, Md., as well as doctoral students in its Doctor of Psychology (Psy.D.) program and more than 1,000 online graduate and bachelor's students through Stevenson University Online. Stevenson is dedicated to creating connections to careers, a supportive community and individualized support, and exceptional experiences in and out of the classroom to foster students' academic, social, and professional success.

Academic Coursework

One of the strengths of the graduate programs at Stevenson University is the ability to offer curricula that is geared to the skills and knowledge needed in the student's major field combined with faculty mentoring, small classes, and personal attention to each student's needs. Programs and courses are regularly reviewed to ensure that the content reflects the most current knowledge in the field. Faculty are experts in their subject area and often are employed in leadership roles in their fields of expertise.

Stevenson Ideals

Motto: "Pro Discendo, Pro Vivendo" (For Learning, For Living)

Mission and Values

Mission

The University is an innovative, coeducational, independent institution offering undergraduate and graduate students a career-focused education marked by individualized attention, civility, and respect for difference. The University blends the liberal arts with career exploration and planning, complementing a traditional education with applied learning beyond the classroom. The University meets students where they are and supports and challenges them to become reflective and accomplished individuals committed to a lifetime of learning and contribution. Students graduate with the competence and confidence needed to creatively address the opportunities and problems facing their communities, the nation, and the world.

Values

The core values of the University provide a foundation for faculty, staff, and students to fulfill the mission and achieve the vision of the institution. The values are

focused on community, learning, integrity, and excellence.

- **Promoting a sense of community**, the University embraces the common bonds and obligations within and beyond the campus while respecting individual and cultural differences.
- **Fostering learning**, the University promotes the pursuit of theoretical and practical knowledge while encouraging a life well-lived - a lifelong philosophy of informed, critical thinking to meet evolving challenges and opportunities.
- **Instilling integrity**, the University requires acting with dignity and honesty while adhering consistently to the University's ethical codes.
- **Achieving excellence**, the University lauds superior performance while recognizing the importance of persistence toward goals.

Diversity and Inclusion Statement

Stevenson University commits itself to diversity as it relates to awareness, education, respect, and practice at every level of the organization. The University embraces people of all backgrounds, defined by, but not limited to, ethnicity, culture, race, gender, class, religion, nationality, sexual orientation, gender identity or expression, age, physical ability, learning differences, and political perspectives. The University believes its core values are strengthened when all of its members have a voice and representation. The resulting inclusive organizational climate promotes the development of broad-minded members of the University who positively influence their local and global communities.

History of Stevenson University

University Timeline

1947

Villa Julie College is founded by the Sisters of Notre Dame de Namur at "Seven Oaks," an 80-acre estate in Greenspring Valley, formerly the home of the George Carrell Jenkins family. The College opens its doors on October 1, specializing in medical-secretarial training.

1954

Official approval as a two-year college is granted by the Maryland State Department of Education. In that same year, a new classroom facility, Founder's Hall, is opened.

1967

Villa Julie becomes an independent institution that is no longer affiliated with the Catholic Church. Control is vested in a newly formed Board of Trustees comprised of business, civic, and professional leaders.

1971

In response to increasing enrollment, the College builds a multi-million dollar complex consisting of an art wing, learning resource center, and student center. Evening and summer sessions are inaugurated this same year.

1972

Villa Julie becomes co-educational, admitting its first full-time male student.

1984

Villa Julie becomes a four-year college offering a bachelor's degree in computer information systems.

1985-1986

While the College continues to offer two-year programs, academic offerings are augmented to include new majors and programs that provided a wider choice of professional career possibilities and support the changing requirements of the business and professional communities in the region.

1988

The Middle States Association reaffirms the College's accreditation, this time as a four-year college offering bachelor's and associate's degrees.

1991

A cooperative education program is initiated for junior and senior students, making it possible for them to experience firsthand a working environment directly related to their fields of study.

1993

Off-campus housing for students in garden-type apartments opens a short distance from the College. The cooperative education program is also expanded and opens to all students in the baccalaureate programs.

1994

Villa Julie is awarded membership in NCAA Division III.

1995

The College begins the first phase of the construction of an Academic Center, Inscape Theatre, Student Union and gymnasium, and Science Center on the Greenspring campus.

1996

The Maryland State Department of Education (MSDE) grants approval for programs for the preparation of elementary and early childhood teachers.

1997

The College celebrated its 50th anniversary. The Academic Center, Inscape Theatre, and Art Gallery opens in August, and in November, the Student Union and gymnasium opens.

1999

President Carolyn Manuszak and Dean Rose Dawson retire with a combined 65 years of service to Villa Julie College.

2000

The new decade brings the inauguration of Villa Julie's fifth President, Kevin J. Manning, Ph.D.

2002

The School of Graduate and Professional Studies is created to accommodate the needs of adult learners. Through this school, adult students could enroll in master's degree programs, evening/weekend bachelor's degree programs, or accelerated bachelor's degree programs. Additionally, the College begins offering an accelerated B.S. to M.S. degree in advanced information technology, enabling students to earn both a bachelor's and a master's degree in five years.

2003

The College breaks ground on its first campus-owned student housing complex in nearby Owings Mills

2004

Apartment-style housing for 550 students and a community center opens in Owings Mills. The college also leases classroom space on the same piece of land, allowing students to live and attend classes at the same location for the first time in Villa Julie history. Those moves, along with the purchase of the former Baltimore Ravens training facility and the office building where the college leased classroom and office space, gave Villa Julie more than 80 acres of land at the Owings Mills campus. Also in 2004, the Board of Trustees begins discussing the possibility of transitioning to university status because of the growth in student population and the addition of a second campus..

2006

Rockland Center opens in October to provide a student dining center, offices for Student Affairs, and a banquet hall for functions organized by on- and off-campus groups. The Caves Sports and Wellness Center, the new name for the renovated facility formerly used by the Baltimore Ravens, opens. In August, the College begins offering an online Master of Science in Forensic Studies degree. The Board approves university status in November 2006 and later establishes a committee to oversee a study of name options for the institution.

2007

In May, the College breaks ground on the next new building for Owings Mills, a 60,000-square-foot academic building to house the newly formed Brown School of Business and Leadership. Villa Julie celebrates its growth through the 2007-2009 academic year as part of its 60th anniversary, inaugurating a new tradition on October 1, 2007, by celebrating Founders Day to commemorate the day the College first opened.

2008

On June 11, 2008, the Board votes unanimously to change the name of the institution, and the name Stevenson University is unveiled the next morning.

2009

Additional expansion of the Owings Mills campus includes Wooded Way, which houses specialized student learning communities as well as the Office of Career

Services. In March 2009, the University Restructuring Plan is adopted by the Faculty Council. The plan creates four new schools: the School of Humanities and Social Sciences; the School of Design; the School of Education; and the School of the Sciences. The Brown School of Business and Leadership and the School of Graduate and Professional Studies remains as originally configured.

2010

A new entrance to the Owings Mills campus is opened. Stevenson is named to the President's Higher Education Community Service Honor Roll, the highest federal recognition a college or university can receive for its commitment to volunteering, service learning, and civic engagement.

2011

Two new residence halls welcome an additional 500 students on the Owings Mills campus, and the new 3,500-seat Mustang Stadium opens in early September. In November 2011, the University purchases the Owings Mills site of Shire Pharmaceuticals. The 28-acre site—which today includes the School of Design and the Manning Academic Center—comprises the University's Owings Mills North location.

2012

The University Archives establishes the Maryland Bible Society Collection at Stevenson to house the society's historic 400-year-old first edition of the King James Bible. In December 2012, the Greenspring Valley Orchestra, conducted by Stevenson music professor Robert Suggs, celebrates its 10th Anniversary Concert.

2013

The men's lacrosse team wins the first NCAA national championship for VJC/Stevenson athletics, the NCAA 2013 Division III National Championship game, beating the Rochester Institute of Technology's Tigers at Philadelphia's Lincoln Financial Field on May 26.

2014

Apple co-founder Steve Wozniak visits campus to address a crowd of middle school, high school, and Stevenson students. In April, Stevenson unveils the iconic 12-foot-tall, bronze mustang statue, "Victory," outside of Mustang Stadium. The University opens an Athletics Hall of Fame, located in the Owings Mills Gymnasium, which is later named in honor of Dick Watts, the University's former Director of Physical Education.

2015

The new School of Nursing and Health Professions is created, comprising the Department of Nursing and the Medical Laboratory Science Program, bringing Stevenson's number of schools to seven.

2016

President Manning announces his plan to retire after 16 years of leadership. In August, the university dedicates the new 200,000-square-foot academic building at Owings Mills North as the Kevin J. Manning Academic Center (MAC). Stevenson also receives naming gifts for two of schools housed in the MAC: the Sandra R. Berman

School of Nursing and Health Professions and the Beverly K. Fine School of the Sciences.

2017

Stevenson opens the Center for Student Success on the Owings Mills Campus to provide student resources and academic support services in one central location, including the Office of Student Success, the John L. Stasiak Academic Link, and the Experiential Learning Center. In March 2017, the Board concludes its presidential search and names Elliot Hirshman, Ph.D., President of San Diego State University (SDSU), as the new President of Stevenson as of July 2017. The School of Graduate and Professional Studies' name is changed to Stevenson University Online.

2018

In January, the Garrison Hall Student Activities Commons opens. The commons includes rooms for student clubs and activities, clubs' sports offices, three meeting rooms, and a fitness center. The Center also serves as the home for Stevenson's eSports team with a dedicated eSports room. Work is completed on the new Owings Mills Quad, a green space connecting the School of Business and Leadership, Garrison Hall, and Rockland Center. In the fall, the Reading Room is opened in Garrison Hall, giving students a quiet area for studying. The University's first Professional Minors are offered in management and organization leadership, entrepreneurship and small business development, human resources, real estate, and software design and coding.

2019

The University introduces two new undergraduate programs, Cybersecurity and Digital Forensics and Biomedical Engineering, starting in Fall 2019. In November, Stevenson senior Patrick Watson crosses the finish line at the 2019 NCAA DIII Cross Country Championships, becoming the first student-athlete in Mustang Athletics history to capture an NCAA individual national championship. In the fall, Stevenson celebrates its 25th anniversary in NCAA athletics.

2020

In February, Stevenson announces that it receives a \$2 million naming gift from the Philip A. Zaffere Foundation for the new library to be constructed on the Owings Mills campus. The university also receives a gift from faculty member Dennis Starliper to create an Applied Finance Lab in the Brown School of Business and Leadership. In March, Stevenson announces the launch of its first doctoral program, the Doctor of Psychology (Psy.D.) Clinical Psychology. On March 16, Stevenson transitions undergraduate programs to online remote learning in response to the COVID-19 pandemic. On Sept. 25, Stevenson assumes ownership of Parcels 1 and 2 of the former Rosewood Center property after concluding its agreement with the State of Maryland. Under the Owings Mills East, LLC, the property will be developed as an athletic and recreational hub providing space for the expansion of Stevenson's current facilities.

2021

After the first year of the COVID pandemic, President Hirshman announces in March, Stevenson's plans to return to fall in-person classes, student events and activities and intercollegiate athletic competition for the 2021-2022 academic year.

2022

On July , the university holds a ceremonial groundbreaking for the new 42,000 square-foot Philip A. Zaffere Library, slated to open in Fall 2023 at Owings Mills North.

In September, for the fourth year in a row, Stevenson University is named among the nation's "Best Value Schools" by the U.S. News and World Report. Stevenson also dedicates the new Dennis A. Starliper Applied Finance Lab in the Brown School of Business, named after faculty member Dennis Starliper who donated funds to create the digital lab where business students can experience and participate in real-time stock market trading.

In February, the new Cordish Family Tennis Bubbles opens on the Greenspring campus. The Bubble will be used annually between November and March as the winter practice facility for the men's and women's tennis teams. The new acrobatics & tumbling team begins its first season with its inaugural match against Frostburg.

In March, site preparation and grading begins for the construction of the new Zaffere Library at Owings Mills North.

In April, the university completes the new outdoor track and turf field for the field hockey on the new Owings Mills East campus. This new athletic and recreational hub for Stevenson Dill, club, and intramural sports will be fully open by Fall 2022 with new fields, courses, and facilities for softball, baseball, field hockey, soccer, lacrosse, outdoor track and field, and cross country.

Life at Stevenson

Campus Resources and Services

Campus Technology

Stevenson University is committed to providing all active students, faculty, and staff with secure and reliable technology and network infrastructure. The Office of Information Technology (OIT) is responsible for many of the technologies across all campus locations. This includes the computer labs, classrooms, residence halls, faculty and staff offices, and administrative areas.

OIT operates two data centers, one on each campus, to achieve a high level of availability and performance. Both campuses have hard-wired and wireless networks with many classrooms and residence halls connected at gigabit speeds. Our dedicated digital connection to the Internet is rated at 3000 Mbps and provides fast and reliable access shared among the Stevenson community.

Among the dedicated computer labs on campus, several labs are open for general use at varying times. These labs offer Mac and PC computers with the latest software needed for academic work.

Computer Logins

Each student, faculty, and staff member must have an individual SU Single Sign-On account to use the computer equipment and network resources. All users must have read and electronically signed the Information Technology Acceptable Use Agreement before using their account. The complete agreement can be found on the SU Portal and the university's Consumer Information page. Students, faculty and staff should never share their ID or password with anyone, including the members of Tech Connection or OIT. All account holders will be held responsible for all activity conducted under their login.

Access to Technology Services

Stevenson University offers the capability for students, faculty, and staff to connect to various services on the University's network from off-campus via the Web. This access includes, but is not limited to, Blackboard, Email, Microsoft Office 365 programs, and Self-Service.

Resident Student Technology Support

Resident students may use computers, tablets, smartphones, game systems and media devices on the Resident Hall campus network. Students are not allowed to connect servers, wireless access points, routers, gateways, or any other similar devices to the wired or wireless network. Unauthorized devices detected on the network will be blocked and denied access.

Personal Device Support

OIT support for personal devices is limited to basic troubleshooting to access Stevenson University's services, network, and systems. For troubleshooting or repairs to devices not owned by Stevenson University, it is highly recommended that all students, faculty, and staff maintain service plans through the manufacturer/vendor. Tech Connection staff can only provide limited support for these types of issues. While OIT offers general assistance to resolve any software issues, staff will not install software on personal devices.

Technology Helpdesk and Contact Information

Tech Connection has walk-in support centers on the Owings Mills campus in the Brown School of Business and Leadership, Room 102A, and on the Owings Mills North campus in the Kevin J. Manning Academic Center, Room N159. Any technology-related assistance can be acquired at these facilities by students, faculty, staff, and administrators or by calling 443-334-3000 or x3000 from on campus or toll free at 1-866-344-8190.

Students may also contact Tech Connection by sending an email to helpdesk@stevenson.edu, or by visiting the Tech Connection website. A support request can be submitted directly through the OIT Helpdesk system as well by navigating to Helpdesk

Technology assistance is available by phone during the days and evenings when the University is open. For updates on all unplanned outages or service interruptions, please visit outage.stevenson.edu.

Dining Services

Stevenson University Dining Services offers dining options on all Stevenson campuses. Hours of operation can easily be found at each respective dining location, as well as on the Sodexo dining website. Students with a meal plan can use their meal swipes or Flex dollars at every dining location. Flex dollars, which are currency attached to the student ID, can also be used at on-campus retail locations, on-campus sporting event concessions, and at designated off-campus partner locations. On-campus dining and retail locations also accept cash, debit, and credit card payments.

Located on the Owings Mills campus, students can choose to dine at the Rockland Marketplace, Pandini's, or swing by the Garrison Coffee House, located in Garrison Hall, or Jazzman-Zone located in the Ratcliffe Community Center. Rockland Marketplace, located in Rockland Center, provides an innovative, all-you-care-to-eat dining experience. With over ten unique food stations, students with all different dietary lifestyles can easily find a delicious meal. Offerings include Simple Servings (special dietary needs station), a vegan station, vegetarian station,

deli, grill, sauté station, pasta action station, pizza station, Hometown (comfort food), salad bar along with a DIY smoothie station and waffle bar. Rushing to class?

Rockland Marketplace offers Rockland To-Go: a free-to-students program that provides a reusable food and/or drink container that students can fill and take with them. Soups, salad dressings, and hand-formed burgers are made from scratch daily.

Stevenson Dining has late study nights covered with Pandini's, an Italian-style eatery featuring hand-made pizzas, pastas, and sandwiches, along with a Pandini's original: the Labretti, a pizza-sandwich hybrid that is a student favorite.

Coffee is a quintessential necessity for any college campus. The new Garrison Coffee House, which proudly serves Starbucks products, offers hand-crafted, brewed coffee, frappuccino, refreshers, and more, including bottled beverages and scrumptious pastries. Students can also find Simply To-Go sandwiches and other grab-and-go snacks. Ratcliffe Community Center's Jazzman's location is also home to "The Zone" – a student convenience store (C-Store), where snacks, personal items, and other items can be purchased. Stop by Jazzman Brew and Bakery to enjoy fresh-brewed signature coffee and tea beverages, along with a variety of freshly baked items, in a relaxed, soothing environment. Grab-n-go items like sandwiches, yogurts, salads, and sushi are available at Jazzmans as well.

On the Greenspring campus, students can find the "Mustang Corral", offering great made-to-order breakfast sandwiches, various grilled burgers, sandwiches, a salad bar, and delicious side items, such as french fries and onion rings. Simply To-Go sandwiches and salads are also available for those who want a grab-and-go option. Café North, located on the Owings Mills North campus, offers made-to-order breakfast sandwiches, made-to-order deli and grill stations, a salad bar, and a Hometown-style station offering freshly-made entrees and soups each weekday. Located within Café North is a retail wall where students can purchase salads and sandwiches to go, freshly prepared sushi, snacks, and beverages. The off-campus partners include great options such as Qdoba, Dunkin' Donuts, Tropical Smoothie Café and CVS. New partners are frequently added for students to enjoy using their Flex Dollars. To see all of the off-campus partners and their locations, check out the Sodexo dining website.

*In order to meet local and state guidance on VOCID-19 response planning, all dining locations and hours are subject to change. For additional information about Dining Services, please check out the dining website, Stevenson.SodexoMyWay.com or call 443-352-4330.

Career Connections

The Career Connection Center (CCC) provides all students with a variety of career-focused programs, services, and resources to ensure student success during their college career and beyond. Students are introduced to the CCC and our career and professional developmental model beginning in their first year at the University.

The Career Connection Center Tools

The Career Connection Center maintains a comprehensive career website and portal page which host information on Career Pathways for majors at Stevenson University, job and internship opportunities, on-campus recruiting, job success tips, résumé samples, interviewing resources, career assessments, a calendar of events, mock interviews, and many other tools related to career development. In addition, the CCC maintains an online Career Management System (CMS), Handshake. Handshake includes internships, and full-time job opportunities, and part-time jobs. Career advisors are available to review resumes which students may upload to the Handshake system.

To assist with major and career exploration, the Career Connections Center provides a diverse menu of career assessments to meet student needs. Assessments that help to identify strengths, interests, values, and personality include the MBTI, and the Strong Interest Inventory. Staff offer online career assessment and exploration using FOCUS 2. The CCC embraces Clifton Strengths for Students, which identifies student's key strengths providing a framework for powerful branding to open up possibilities for meaningful careers.

Appointments with Career Advisors

The Career Connection Center staff works with all students at the undergraduate and graduate level to develop the skills, experiences, and confidence needed for success. Students are strongly encouraged to meet with their career advisor each year to monitor progress toward goals and review the steps they have taken in their career planning. Coaching sessions include: deciding your major, career direction, researching careers and jobs, mock interviews, resume and cover letter reviews, internship and job search assistance, networking and career fair preparation, personal brand development, graduate and professional school preparation. Appointments can be made over the phone or on our online career management system. Career Advisors conduct satellite, drop-in advising in academic centers; the schedule is posted on the CCC website.

Career Peer Advisors

Drop-in appointments with trained student Career Peers available weekdays in the CCC and through drop-in hours at various campus locations, as advertised on the CCC website.

Career Fairs, Networking Events, and Information Sessions

Students are encouraged to participate in a variety of career related events where they can meet and network with employers. Employer events are listed on our CMS and in the Career Connection Center portal and webpage and include: on-campus recruiting for internships and full-time jobs, career seminars and workshops presented by business and community leaders, career fairs and industry networking events, business etiquette seminars, and many other programs. The CCC collaborates with Alumni Relations, Residence Life, Student Groups, and Faculty to support the career development and life experiences that develop Stevenson University students

into prepared and skilled emerging professionals for the workplace.

Executive in Residence Program and Classroom Presentations

Students also have the opportunity to meet with executives in various industries through the Executive in Residence program. The executives are dedicated and highly skilled professionals who volunteer their time to discuss various career related issues with students. Topics range from interviewing to managing expectations in the workforce. They also provide meaningful advice on career pathways, as well as make connections to others in industry. Through partnerships with faculty, the Career Connection Center also coordinates introductions to faculty for industry professionals to serve as subject matter experts in the classroom.

Library Services

The Stevenson University Library supports the students, faculty and staff of the SU community as they engage in research, teaching, and learning.

Library services can be accessed remotely through the library home page stevensonlibrary.org and at three convenient on-campus locations: Greenspring, Owings Mills and the Learning Commons on Owings Mills North. Whether students are working alone, reading recreationally, or studying with a group, they can find a place that meets their needs at the SU library.

Through scholarly subscription databases encompassing many disciplines, students enjoy remote access to more than 70,000 full-text magazines, journals, and newspapers, over 200,000 eBooks, high-quality images, and streaming video. OneSearch on the library home page makes it easy to search most of the library's resources using a single search box.

The Greenspring Campus library holds the bulk of our print and film collections. The Stevenson University Archives are housed in the GS library as well as a Children's Collection for Education students. The Owings Mills Library, located in the Brown School of Business and Leadership, holds a print collection that covers a wide range of topics. This library also houses the print legal collection for Legal Studies students.

There is a browsing collection at both the Greenspring and Owings Mills library locations for leisure reading. The Learning Commons at Owings Mills North is an active, flexible space supporting collaborative work and interdisciplinary research.

Courier services deliver books from local academic libraries (Johns Hopkins, Goucher, Loyola-Notre Dame, the University of Maryland libraries and others) five days a week. Our interlibrary loan service also delivers items electronically.

Knowledgeable and friendly librarians stand ready to help Stevenson University students find reliable resources appropriate for their assignments. Research services are available in person, by phone, and electronically via text, chat, and email. Close to the residence halls, the OM Library is a great place to study or do research. For the latest information regarding library hours, visit the Stevenson University Library website: stevensonlibrary.org

University Store

The Starting Gate: Stevenson University Campus Store

Located in Garrison Hall South adjacent to Garrison Coffee House. *The Starting Gate* has available required and recommended books for both traditional courses and courses offered through Stevenson University Online (SUO), as well as supplies for classroom use. A wide variety of other goods and services are for sale, including accessories, a large selection of Stevenson-imprinted clothing, gift items, and magazines. During the semester, *The Starting Gate's* hours of operation are Monday through Thursday from 8:30 a.m. to 7:30 p.m., Friday from 8:30 a.m. to 4:30 p.m., and Saturday from 8:30 a.m. to 1:30 p.m. Additional hours are scheduled before the beginning of each semester. Please note: Hours are subject to change. *The Starting Gate* also follows the University's holiday schedule and emergency closings. Students may also purchase merchandise and textbooks online at University Store for traditional and SUO course. Specific ISBNs for ALL textbooks can be found on *The Starting Gate's* website.

Francis X. Pugh Courtroom

In 2009, Stevenson University and Stevenson University Online opened a state-of-the-art mock trial courtroom on the Owings Mills campus. Housed within the Brown School of Business and Leadership, the courtroom is based on the high-tech courtroom at William & Mary Law School. The undergraduate legal studies program uses the space for their Mock Trial teams with Stevenson's students being the first undergraduates in the state to have a courtroom for their studies.

The mock trial courtroom features the latest courtroom technology including electronic screens, screen projectors, a SMART Board interactive whiteboard fully integrated into the courtroom technology, touchscreen annotation functions, a portable Polycom HD video conferencing unit, video and audio digital recording using the Mediasite hardware and software platform, fully integrated presentation podium and fully integrated technology when using videotapes, DVDs, slides, electronic presentations, handouts, and live images. The mock trial courtroom technologies help continue the long tradition of providing SU students with a leading edge in the workplace.

Alumni Information

The Stevenson University Alumni Association is composed of a strong and vibrant network of alumni who remain engaged in the life of the university beyond graduation. Members work to advance themselves and the greater Stevenson community by participating in university events and initiatives, connecting with fellow alumni, serving as ambassadors across their professional and personal networks, and making their alma mater a philanthropic priority. The Stevenson University Alumni Association is inclusive of all graduates of the institution's undergraduate and/or graduate degree programs. There is no membership fee.

The Alumni Association is led by the members of the Stevenson University Alumni Association Board (AAB). The AAB builds alumni connections across the Stevenson

University community and directly aligns its work with the divisional priorities of the Office of University Advancement. Members of the AAB bring invaluable expertise from a wide range of industries, majors, class years, student experiences, and backgrounds. They are led by an Executive Committee including but not limited to the President, Vice President, and Immediate Past President.

The AAB seeks to recognize, encourage, and mentor undergraduate students. In support of this goal, members of the AAB launched the Alumni Association Scholarship Fund in spring 2019. The purpose of the fund is to provide financial support and encouragement to a rising junior with financial need who is involved in the Stevenson community through clubs, organizations, and/or community service. The AAB raises money for the fund through personal contributions, annual appeals, and gift components built into alumni event tickets.

The Wellness Center

The Wellness Center includes both Student Health Services and Counseling Services. These services are located at the Owings Mills campus on the top level of the Caves Sports and Wellness Center. The Wellness Center staff can be reached at 443-352-4200 or fax 443-352-4201. The Wellness Center is open Monday through Friday from 9:00 a.m. to 5:00 p.m. with extended evening hours on Tuesdays and Wednesdays until 7 p.m.

Student Health Services

The Wellness Center includes both Student Health Services and Counseling Services. These services are located at the Owings Mills campus on the top level of the Caves Sports and Wellness Center. The Wellness Center staff can be reached at 443-352-4200 or fax 443-352-4201. The Wellness Center is open Monday through Friday from 9:00 a.m. to 5:00 p.m. with extended evening hours on Tuesdays and Wednesdays until 7 p.m.

Student Health Services

The Wellness Center offers limited primary care services by appointment with the University's physician or nurse practitioners. A minimal fee will be charged to the student's account for services and supplies; private health insurance is not accepted for payment. Health Services has resources which address health issues and will offer assistance with community referrals. Health awareness and health promotion events are held throughout the year.

Student Health Requirements

All full-time commuter and resident students are required to have the Stevenson University Student Health Profile completed by July 1 for fall entrance and January 20 for spring entrance. All full-time students are required to complete this profile online even if they are turning in other health related records to other departments. Please refer to those specific departments for any health requirement questions, i.e. Athletics, Beverly K. Fine School of the Sciences, and Stevenson University Online (SUO). If a student was previously a part-time student and is now taking 12 or more credits, a Student Health

Profile must be completed. Students do not need to resubmit the Student Health Profile every year. Students who have been away from Stevenson University for at least two years and are reapplying for admission as a full-time student must complete another Student Health Profile. Failure to submit a completed Student Health Profile will block a student from registering for future classes and/or lead to removal from housing.

In addition, all students living in Stevenson University residential housing are required to be immunized against meningococcal disease (MCV4/Menveo/Menactra). Some students may require a booster dose of the meningitis vaccine prior to moving into the Residence Halls. At this time, the meningitis B (Trumenba/Bexero) vaccination is NOT required for Stevenson students. Commuter students who decide to become a resident are required to comply with additional immunization requirements as stated on the Student Health Profile.

Beginning Fall 2021 Stevenson is requiring all new and returning students to be fully vaccinated for COVID-19 before returning to campus. This requirement applies to all undergraduate students, resident and commuter, as well as all Stevenson University Online undergraduate students, and graduate students who access and use campus facilities. Students will need to complete all required doses of their administered vaccine (Pfizer, Moderna, or Johnson & Johnson) and submit record of their vaccination status to the Stevenson Wellness Center.

Counseling Services

From time to time, students are presented with concerns or problems that require challenging decisions and effective coping strategies. Talking with a professional counselor is an opportunity for students to explore issues that may be interfering with their success and happiness in college. Counseling is a confidential process designed to help students learn more about themselves, address their concerns and problems, and discover effective solutions. Some of the typical concerns students may have include adjustment difficulties, anxiety, depression, substance abuse, sexual assault, identity issues, and self-esteem. Counseling is confidential and provided free for all Stevenson University students.

The University Pandemic Plan

The University has a comprehensive Pandemic Plan in place. It is included as an appendix in the Crisis Management Plan, which can be found on the President's Office portal page under the "Forms and Documents" tab.

COVID-19 Pandemic. Detailed information related to the ongoing COVID-19 pandemic is provided on the University's website and is updated regularly. Information regarding return to campus for the 2021 - 2022 academic year is available at Return to Campus: COVID-19 Policies & Resources.

Admissions

General Admissions Policy

Stevenson University is committed to ensuring that the incoming classes will be comprised of highly qualified individuals representing diverse academic and professional backgrounds and accomplishments. Admission to Stevenson is reserved for applicants who have demonstrated the ability to meet the demands of graduate work. Students who enroll in course work at Stevenson University are classified as either degree seeking students or non-degree seeking students.

A degree-seeking student is defined as a student who has been accepted by the University in pursuit of a doctoral degree, master's degree, or post-baccalaureate certificate. A degree or certificate seeking student may enroll for course work for each consecutive semester as long as they remain in good academic standing in the program. A full-time load for a graduate student is 6 credits or more.

Students who are not currently seeking a degree from Stevenson University are limited to part-time status, and financial aid is not available to them. While enrolled, non-degree seeking students must meet the same academic standards for continued enrollment as degree students. Non-degree seeking students can pursue graduate-level coursework. Doctoral-level coursework is not available for non-degree seeking students.

Admissions Procedures and Processes

Post-Baccalaureate Certificates Admissions Policies

Post-baccalaureate certificates are offered through Stevenson University Online. Students who wish to earn a certificate must apply and meet admissions requirements for the certificate program. Once admitted, the student will be coded as a certificate-seeking student. Students enrolled in a certificate program are eligible for financial aid. If a student has earned or is currently pursuing a master's degree from SU, they are not eligible to receive a certificate for the same program and concentration. However, a student who earns a certificate may return to SU and apply those courses toward a master's degree in the same program.

A student may apply up to 6 graduate credits from SU or another regionally accredited institution to a certificate program. Credits are awarded at the discretion and final approval of the appropriate academic program administrator. If a student desires to change from a master's program to a certificate program, a *Change of Program* form must be completed.

A certificate-seeking student must apply to receive the certificate within two semesters of completing course requirements. Post-baccalaureate certificates are governed by the graduate admissions and academic policies. Admissions requirements for certificates are as follows.

Certificate in Community-Based Education & Leadership

- Completed online application.
- Completion of bachelor's degree from a regionally accredited institution.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the [NACES website](#).
- A cumulative GPA of 3.00 on a 4.00 scale in past academic work.
- Personal statement.

Certificate in Crime Scene Investigation

- Completed online application.
- Completion of bachelor's degree from a regionally accredited institution.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the [NACES website](#).
- A cumulative GPA of 3.00 on a 4.00 scale in past academic work.
- Personal statement.

Certificate in Digital Forensics

- Completed online application.
- Completion of bachelor's degree from a regionally accredited institution.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the [NACES website](#).

- A cumulative GPA of 3.00 on a 4.00 scale in past academic work.
- Degree in information technology (IT) or advanced coursework/work experience in IT.
- Personal statement.

Certificate in Forensic Accounting

- Completed online application.
- Completion of bachelor's degree from a regionally accredited institution.
- Undergraduate major in accounting or advanced coursework/professional work experience in accounting.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the [NACES website](#).
- A cumulative GPA of 3.00 on a 4.00 scale in past academic work.
- Personal statement.

Certificate in Forensic Investigation

- Completed online application.
- Completion of bachelor's degree from a regionally accredited institution.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the NACES website
- A cumulative GPA of 3.00 on a 4.00 scale in past academic work.
- Personal statement.

Certificate in Literacy Education

- Completed online application.
- Completion of bachelor's degree from a regionally accredited institution.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the NACES website
- A cumulative GPA of 3.00 on a 4.00 scale in past academic work.
- Personal statement.

Certificate in Nursing Education

- Completed online application.

- Completion of a bachelor's degree in nursing from a regionally accredited institution.
- Current registered nurse's license in good standing.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the NACES website
- Cumulative GPA of 3.00 on a 4.00 scale in past academic work.
- One professional letter of recommendation from a current or past supervisor.
- Resume of professional experience.
- Personal statement.

Certificate in Population-Based Care Coordination

- Completed online application.
- Completion of a bachelor's degree in nursing from a regionally accredited institution.
- Current registered nurse's license in good standing.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the NACES website
- Cumulative GPA of 3.00 on a 4.00 scale in past academic work.
- One professional letter of recommendation from a current or past supervisor.
- Resume of professional experience.
- Personal statement.

Certificate in Quality Management and Patient Safety

- Completed online application.
- Completion of bachelor's degree from a regionally accredited institution.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the NACES website
- Cumulative GPA of 3.00 on a 4.00 scale in past academic work.
- One professional letter of recommendation from a current or past supervisor.
- Resume of professional experience.
- Personal statement.

Certificate in Secondary STEM Teaching and Learning

- Completed online application.

- Completion of a bachelor's degree in a math or science discipline or closely related field from a regionally accredited institution, or significant coursework in math or science, and/or professional teaching experience in secondary math or science.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the NACES website
- A cumulative GPA of 3.00 on a 4.00 scale in past academic work.
- Professional resume including experience teaching secondary math or science.
- Two letters of recommendation.
- Personal statement.

Graduate Application Deadline

Stevenson University reviews applications for post-baccalaureate certificates and Master's degree programs on a rolling basis throughout the year. However, the University strongly encourages applicants to the online certificate programs or the Master's degree programs to submit all required documents no later than three weeks prior to the start of the desired session. The Doctor of Psychology in Clinical Psychology (Psy.D.) program admits students for Fall enrollment only. Information regarding application due dates can be found on the University website.

Master's Degree Admissions Policies

Admission to the master's programs is open to individuals who have attained bachelor's degrees from regionally accredited colleges or universities. Applicants to the master's programs are expected to have a cumulative GPA in past academic work of no less than 3.00 on a four-point scale. All applicants are given opportunities to discuss their professional experience in the areas of their desired programs via the personal statement.

Admission to the Business and Technology Management, Communication Studies, Community-Based Education and Leadership, Crime Scene Investigation, Forensic Investigation, Forensic Studies, and Integrative Learning programs requires the following:

- Completed Graduate Application.
- A bachelor's degree from a regionally accredited institution.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the [NACES website](#).

- Cumulative GPA of 3.00 on a four-point scale in past academic work.
- Personal Statement.

Admission to the Cybersecurity and Digital Forensics program requires the following:

- Completed Graduate Application.
- A bachelor's degree in technical or quantitative field or study from a regionally accredited institution or related professional work experience (highly recommended).
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the [NACES website](#)
- Cumulative GPA of 3.00 on a four-point scale in past academic work.
- Personal Statement.

Admission to the Forensic Accounting program requires the following:

- Completed Graduate Application.
- A bachelor's degree in accounting from a regionally accredited institution or advanced coursework/work experience in accounting.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the NACES website.
- Cumulative GPA of 3.00 on a four-point scale in past academic work.
- Personal Statement.

Admission to the Forensic Science program requires the following:

- Completed Graduate Application.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the NACES website.
- Personal Statement.
- Completion of coursework and/or a bachelor's degree in a natural science field such as biology or chemistry and/or completion of a bachelor's degree with the appropriate prerequisite coursework from a regionally accredited institution.
- Cumulative and math/science GPA in past academic work of no less than 3.00 on a four-point scale.

- Completion of the following course prerequisites:
 - General chemistry I and II and lab (8 credit hours)
 - Organic chemistry I and II and lab (8 credit hours)
 - Biology I and lab (4 credit hours)
 - Calculus or statistics (3 - 4 credit hours)
 - Physics I and II for science majors and lab (8 credit hour)

Admission to the Healthcare Management program requires the following:

- Completed Graduate Application.
- A bachelor's degree from a regionally accredited institution.
- Cumulative GPA of 3.00 on a four-point scale in past academic work.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the [NACES website](#).
- One professional letter of recommendation from a current or past supervisor.
- Résumé of professional experience.
- Personal statement.

Admission to the Master of Arts in Teaching program requires the following:

- Completed Graduate Application.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the [NACES website](#).
- Cumulative GPA of 3.00 on a four-point scale in past academic work.
- Completion of bachelor's degree in a science or math discipline from a regionally accredited institution.
- Analysis of transcripts to determine if all required content coursework has been met to satisfy field of licensure (biology, chemistry, earth/space science, mathematics, physical science, or physics) requirements.
- Two letters of recommendation—academic or work-related.
- Personal statement.

Admission to the Nursing program requires the following:

- Completed Graduate Application.
- Current registered nurse's license in good standing.

- Completion of a bachelor's degree in nursing from a regionally accredited institution.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the [NACES website](#)
- Cumulative GPA of 3.00 on a four-point scale in past academic work.
- Personal Statement.
- One professional letter of recommendation from a current or past supervisor.
- Résumé of professional experience.

Admission to the RN to MS option requires the following:

- A completed application for Online Undergraduate Degree Admissions (please see the Stevenson University Online web page).
- Current registered nurse's license in good standing.
- A minimum cumulative GPA of 3.00 on a four-point scale.
- Satisfactory completion of ENG 151 or equivalent.
- Official college transcripts from all previous academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the NACES website.
- Personal Statement.

Additional Master's Degree or Certificate for Students Returning to Stevenson University

Students who wish to return to Stevenson University for an additional master's degree at the institution, must formally apply to the new degree program. If the new degree program contains cross-listed coursework, a student may only apply up to 15 credits from a previous degree at SU towards the new degree program. The capstone course cannot be applied to both degrees. A student must have earned at least a "B" in the course that will be applied to the subsequent master's degree.

Additional Master's Degree or Certificate for Students Earning a Prior Degree or Certificate at Another Institution

Students who have already earned a master's degree or post-baccalaureate certificate from a regionally accredited institution and who are accepted to an SU master's degree or post-baccalaureate certificate program, can apply a maximum of 15 credits of relevant course work from the previous degree or certificate to an additional master's degree and a maximum of 6 credits

of relevant courses to a post-baccalaureate certificate. A student must have earned at least a "B" in any courses that will be applied to the subsequent master's degree or certificate. If the previous degree or certificate was earned at SU, the capstone course cannot be applied to both programs.

Stevenson students in the following master's degree programs are not eligible for the indicated post-baccalaureate certificate programs:

- Master of Science in Community-Based Education and Leadership is not eligible for the certificate in Community-Based Education and Leadership.
- Master of Science in Crime Scene Investigation is not eligible for the post-baccalaureate certificate in Crime Scene Investigation.
- Master of Science in Cybersecurity and Digital Forensics is not eligible for the certificate in Digital Forensics.
- Master of Science in Forensic Investigation is not eligible for the post-baccalaureate certificate in Forensic Investigation.
- Master of Science in Forensic Accounting is not eligible for the post-baccalaureate certificate in Forensic Investigation.
- Master of Science in Forensic Accounting is not eligible for the post-baccalaureate certificate in Forensic Accounting.
- Master of Science in Healthcare Management with a concentration in Quality Management and Patient Safety is not eligible for the certificate in Quality Management and Patient Safety.
- Master of Science in Nursing with a concentration in Nursing Education is not eligible for the post-baccalaureate certificate in Nursing Education.
- Master of Science in Nursing with a concentration in Population-Based Care Coordination is not eligible for the post-baccalaureate certificate in Population-Based Care Coordination.
- Master of Arts in Teaching is not eligible for the certificate in Secondary STEM Teaching & Learning.

Transfer of Graduate Credit

A maximum of 15 graduate credits may be transferred into a Stevenson University Master's degree from a previously attended, regionally accredited institution. A maximum of 6 credits may be transferred into a Stevenson University post-baccalaureate certificate program from a previously attended, regionally accredited institution.

Applicants to the Doctor of Psychology in Clinical Psychology program who were previously enrolled in, but did not complete, an APA-accredited doctoral program in a health service psychology field may be eligible for credit transfer; any such requests will be reviewed on a case-by-case basis. No other graduate coursework will be accepted for transfer credit in the Doctor of Psychology program.

An official transcript from each institution where the credits were earned must be submitted. Coursework

completed outside of the United States must be evaluated by an organization that is a current member of the National Association of Credential Evaluation Services (NACES) and an official NACES member transcript must be submitted. Only courses/credits completed with a grade of "B" or better at other regionally accredited institutions are generally transferrable into Stevenson University graduate and certificate programs. Courses that do not transfer include personal development or orientation courses and credit given for portfolio work. Transfer credit is awarded at the discretion and with the approval of the appropriate academic program administrator and school dean. All transferrable courses must be sufficiently equivalent to courses offered at Stevenson University.

Upon matriculation, graduate students may not take courses elsewhere and transfer them into Stevenson University graduate programs.

Regardless of the number of transfer credits accepted, students must still complete the academic program requirements as shown in the Stevenson University Graduate Catalog and on the student's degree audit.

Transfer applicants should have left the sending institution in good standing. Grades and grade point averages earned at another institution do not transfer. The transferred credits apply toward graduation, but the grade points are not used in calculating the academic average required for graduation. Students seeking information on the transferability of credits may contact the relevant academic program administrator.

Credit for Certificate Completion

A maximum of 6 credits may be awarded in a Stevenson University online master's degree program or post-baccalaureate certificate program for the completion of an approved certificate from a professional organization. Official documentation of successful completion of the certificate must be submitted and additional documentation including, but not limited to, a syllabus, curriculum or other documentation of the content of the certificate may be requested. Credit for a completed certificate is awarded at the discretion and with the approval of the appropriate academic program administrator and school dean. All approved certificates must be sufficiently equivalent to courses offered at Stevenson University. Credits awarded for an approved certificate are applied to the 15 credit maximum for all prior coursework that can be awarded in an online master's degree program or the 6 credit maximum that can be awarded in an online post-baccalaureate certificate program.

Upon matriculation, graduate students may not complete certificates elsewhere and transfer them into Stevenson University online graduate or post-baccalaureate certificate programs.

Doctoral Admissions Policies

Admission to doctoral programs is competitive and limited. All doctoral applicants are expected to have a cumulative GPA in past undergraduate and graduate (if applicable) academic work of no less than 3.00 on a four-point scale; some doctoral programs may have more

restrictive GPA requirements. Standardized assessment results, personal statements, academic and professional recommendation letters, and interviews may also be used by program admissions committees in making admissions decisions.

Application to the Doctor of Psychology in Clinical Psychology program requires the following:

- Completed Graduate Application.
- A bachelor's degree from a regionally accredited institution.
- Official college transcripts from all previous undergraduate and graduate academic work. If the transcripts are from an institution located outside of the United States, students must submit an official course-by-course transcript evaluation from an organization that is a current member of the National Association of Credential Evaluation Services (NACES). A member list is available on the NACES website.
- Cumulative GPA of 3.00 on a four-point scale in past academic work.
- Completed Personal Statement and supplemental questions.
- CV/resume.
- Three academic/professional letters of recommendation (at least two must be from former professors/supervisors of academic work).
- Official GRE scores (waived for the Fall 2021 and Fall 2022 admissions cycles).

Following initial review of application materials, a subset of applicants will be invited to participate in a full-day individual and group interview process. All application components, including interview performance, will be considered in final admissions decisions.

U.S. Permanent Residents

Applicants who are currently United States permanent residents must meet all the stated admissions requirements and follow the same application procedures as U.S. citizens. However, permanent residents must also submit a high-quality, color copy of the front and back of their valid U.S. Permanent Resident card. The Admissions Office will not process the application without this component. Refugees and asylees must provide proof of legal residence in the United States. (Form I-94) All permanent residents and most other eligible non-citizens can apply for federal need-based financial aid programs.

Non-Degree Students

Graduate Students

A student may enroll in master's-level courses without enrolling in a master's degree or graduate certificate program by applying for admission as a non-degree seeking master's-level student, which requires submission of the following:

- Application for Non-Degree Status - Master's.
- Official college transcripts, including the final transcript from their bachelor's degree-granting institution.

The criteria for admission are the same as those for degree-seeking students, and non-degree seeking students are not eligible for financial aid. No more than six graduate credits may be taken while under this non-degree status unless permission is granted by the Provost or their designee.

At the time of registration, students who wish to enroll in a course that has a pre-requisite must have an official college transcript on file verifying successful completion of the pre-requisite course. A non-degree seeking student may become a degree-seeking student by applying for and being granted regular admission to Stevenson University.

Readmission and Reinstatement

Readmission - Master's Degree or Post-baccalaureate Certificate

Master's degree or post-baccalaureate certificate students who are absent from the University for three or more consecutive semesters for any reason, including an approved Leave of Absence, must apply for readmission. Students should have been in good academic standing at the end of the last semester attended and must submit the Application for Readmission/Reinstatement, downloadable from the university website. If the student attended any other college since leaving Stevenson, an official transcript from each college or university attended is required. Readmission is not complete until all official documents are received. Students who are readmitted to the University are under the current catalog of the academic year in which they return.

Students who are absent from the University for two semesters or fewer do not need to apply for readmission and should contact their Student Success Coach to register for classes. Official transcripts of any work taken at another institution must be submitted directly to Stevenson University Online. Students who return to the University after two semesters or fewer will return under the same catalog year in which they first enrolled at Stevenson.

Readmission - Doctoral Degree

Doctoral students who have been absent from the University for three or more consecutive semesters, with or without an approved Leave of Absence, are not eligible for readmission.

Readmission of Service Members

In compliance with ED 34 C.F.R. 668.18 and the Department of Defense Voluntary Education Partnership Memorandum of Understanding, Stevenson University will promptly readmit students who—because of military service—must be absent from the University for more than 30 consecutive days or for fewer than 30 days if the absence results in a withdrawal from the University. For the purpose of this policy, military service is defined as "service, whether voluntary or involuntary, in the armed forces, including service by a member of the National Guard or Reserve, on active duty, active duty for training, or full-time National Guard duty under federal authority for a period of more than 30 consecutive days under a

call or order to active duty of more than 30 consecutive days" (ED 34 C.F.R. 668.18).

Regulations governing the readmission of service members after an absence because of military service can be found in the Code of Federal Regulations. The notification of service and the intent to return to Stevenson required by the federal regulations should be made to Stevenson's School Certifying Official in the Registrar's Office.

Refund Policy

Tuition is 100% refundable through the published last day to drop without record. After that date, no refunds will be given. Please consult the Enrollment Calendar for these dates.

Students receiving financial aid should review the refund policies described in the section on Financial Aid under Disbursement of Aid.

Refund and Withdrawal Policy for Service Members

Stevenson University students who are called to active duty during the course of a term or session should

contact the Assistant Registrar, VA Programs to formally withdraw for military service. For the purpose of this policy, military service is defined as "service, whether voluntary or involuntary, in the armed forces, including service by a member of the National Guard or Reserve, on active duty, active duty for training, or full-time National Guard duty under federal authority for a period of more than 30 consecutive days under a call or order to active duty of more than 30 consecutive days" (ED 34 C.F.R. 668.18).

Students who withdraw from the University for military service during the course of a term or session are eligible for a 100% refund of tuition and fees. Room and board expenses will be prorated based on the official date of withdrawal.

Students must supply a copy of military orders to be eligible for any tuition, fees, or room and board adjustments. Students receiving financial aid will be subject to the refund policies as provided by the federal or state agency sponsoring the aid. Department of Defense Military Tuition Assistance and Veteran's Education Benefits will be returned to the government agency as required.

Students who have to withdraw from the University after the add/drop deadline will receive a grade of W or I, depending on the amount of coursework completed and the expected length of the absence.

Financing Options

Stevenson University offers an option of a payment plan for the fall and spring semesters. Nelnet Campus Commerce serves as the administrator of the plans. The payment plan allows students and families to pay amounts due to the University in manageable monthly installments. The payment plan provides the benefits of easy, online enrollment, flexible payment options, no interest charges, and 24/7 easy account access. The enrollment fee is \$50. Credit card/debit card and automatic bank (ACH) payments are accepted payment methods. For information visit My College Payment Plan or call 800-609-8056.

Financial Aid

For the most current financial aid information, please refer to the SU Financial Aid Office website at stevenson.edu/finaid.

The website contains detailed information about the types of aid, governing rules, the application process, the Free Application for Federal Student Aid (FAFSA), policies, procedures, and forms. Links to helpful resources such as the U.S. Department of Education and the Maryland Higher Education Commission. Some information and current scholarship announcements are posted on the Financial Aid Office Facebook page at facebook.com/steve.finaid.

Financing higher education is an important concern for many students and parents. Types of financial assistance available to students attending Stevenson University include federal grants and loans, Maryland state grants, and donor scholarships.

Federal Financial Aid Programs

Financial aid funds post to student accounts after the financial aid census date. The census date typically marks the end of the add/drop period for the semester. This is the date we take a "snapshot" of all students' enrollment to establish the "official enrollment" for reporting purposes and financial aid eligibility.

The courses for which a student is registered as of the census date determine the amount of financial aid he/she will receive. Enrollment as of the census date will be compared to the Enrollment Status on the student's Offer Letter to determine if the eligibility requirements are still being met for each of the aid programs listed. Offer Letter revisions are sent via e-mail to a student's University account. It is possible for a student's aid to be increased, decreased, or even canceled.

If a student increases or reduces the number of credits enrolled in before the census date, the financial aid may be adjusted, as appropriate, for the new enrollment level. If aid is reduced and a balance on the SU account is created, the student will be responsible for payment. If credits are added after the census date, aid will not be increased. Aid may be affected if the student is taking courses that begin after the census date. Loans will disburse when the student reaches half-time enrollment. Financial aid may also be affected if a student submits FAFSA information or corrections after the census date.

The Financial Aid Office should be notified immediately concerning any changes in enrollment. Please note:

- Enrollment status is monitored after the drop date for each of the sessions for which a student is enrolled during the semester. Once half-time enrollment is attained, the Financial Aid Office will disburse loan funds. The student must be enrolled at-least half-time at the time of disbursement. Federal grants will post after the LAST drop date for all sessions for which a student is enrolled in the semester.
- State scholarships and grants post upon receipt of the funds from the state of Maryland; generally, November for the fall semester, March for the spring semester.
- Private scholarships from independent sources will be credited upon receipt of these funds by the Student Accounts Office. Often times, these scholarships are sent to the University in one check and therefore post as a single disbursement for the fall semester.
- Credit Balance - For those students with a credit balance resulting from financial aid, a refund check will be issued by Student Accounts Office. State aid recipient refund checks may be delayed due to the receipt date of these funds.

Maryland State Programs

The Maryland Higher Education Commission (MHEC) sponsors numerous grant and scholarship programs for Maryland residents. The state of Maryland offers an on-line inquiry system that allows students to view the status of their financial aid application and/or grant information. The Senatorial Scholarship Program is offered to current high school seniors and students enrolled at least half-

time in a degree-seeking, undergraduate or graduate program. Applicants must complete the FAFSA by March 1 and contact their senator in February for further instructions.

The Delegate Scholarship Program is offered to current high school seniors and students enrolled at least half-time in a degree-seeking, undergraduate or graduate program. Applicants must complete the FAFSA by March 1 and contact their delegates in February for further instructions. A detailed list of all state of Maryland financial aid assistance programs and applications is available on the web site of the Maryland Higher Education Commission at mhec.state.md.us. State financial aid assistance is based on the availability of funds. Information about grants and other financial aid programs for residents of other states can be found at findaid.org and select the link for "US State Government Aid."

The Teaching Fellows for Maryland Scholarships is for students who are enrolled or plan to enroll at an eligible institution in an undergraduate or graduate program who are seeking to pursue a course of study or program in an academic discipline leading to a Maryland professional teacher's certificate must fulfill the following requirements.

- Be a Maryland resident or have graduated from a Maryland high school.
- Be currently enrolled in high school and have an overall GPA of 3.3 on a 4.0 scale or its equivalent after completion of the first semester of the senior year or be currently enrolled as a full-time undergraduate student at an eligible institution.
- Have a cumulative GPA of 3.3 on a 4.0 scale and have made satisfactory progress toward a degree in an academic discipline leading to a Maryland professional teacher's certificate.
- Achieved a score 500 on the reading and math portions of the SAT, with a combined score of at least 1100 or achieved a composite ACT score of 25; or achieved a score of 50% on the GRE and have demonstrated an exceptional dedication to or aptitude for teaching.
- The students must agree to work as public school or public pre-kindergarten teachers in the state. For more information please visit: MD Teaching Fellows

A recipient is eligible to receive an scholarship amount of 100% of the annual tuition and mandatory fees of a resident undergraduate student or graduate student, as appropriate, at the University of Maryland College Park (UMPC) and 100% of the room and board of a resident undergraduate student or graduate student, as appropriate, at the institution; or 50% of the annual tuition and mandatory fees of a resident undergraduate or graduate student, as appropriate, at the institution and 100% of the room and board of a resident undergraduate student or graduate student, as appropriate, at the institution. A private nonprofit institution must provide a matching scholarship in an amount equal to the state scholarship provided for tuition and fees only.

The Cybersecurity Public Service Scholarship Program supports students who are pursuing an education in programs that have been identified by the Secretary of Higher Education as being directly relevant to cybersecurity.

To be eligible for this scholarship students must fulfill the following requirements.

- Eligible for in-state tuition under the provisions of Education Article, Title 15, Annotated Code of Maryland.
- Enrolled full-time at a public or a private non-profit institution in the state in an approved credit-bearing degree or an approved credit-bearing certificate program and be within two years of graduation from the student's program.
- Maintain a cumulative GPA of at least a 3.0 while enrolled at the institution in an approved cybersecurity field. Student cannot be receiving a Federal Cyber Corps Scholarships for Service.

The amount of the Cybersecurity Public Service Scholarship shall be in the amount prescribed by MHEC and may be used to pay for education expenses as defined by MHEC, including: tuition and mandatory fees; and room and board. For more information please visit: Cybersecurity Scholarship Program.

Veterans Benefits

The Yellow Ribbon program is part of the Post 9/11 GI Bill® specifically designed for students wishing to attend private colleges and universities. This program allows institutions of higher learning to fund tuition expenses that exceed the Department of Veteran Affairs' annual cap. For the 2022 - 2023 academic year, the VA will pay a maximum of \$26,381.37 to any private college or university, based on a student's percentage of eligibility. For eligible students, Stevenson and the VA will divide any remaining tuition and fee charges 50/50 so that they are covered in full. Please note that tuition and fees do not include on-campus housing or meal plan charges; these expenses need to be paid by the student.

Stevenson currently offers unlimited enrollment to eligible students. Only veterans entitled to the maximum benefit rate (based on service requirements) or their designated transferees may receive this funding. Active duty service-members and their spouses are not eligible for this program (child transferees of active duty service-members may be eligible if the service-member is qualified at the 100% rate). Veterans interested in using veterans' educational benefits should submit their application online through the Department of Veterans' Affairs website.

The VA will determine eligibility and will send the student a Certificate of Eligibility (COE) which will indicate their percentage of benefits (50-100% based on length of service), as well as the amount of time awarded. For information on how to apply to transfer benefits to dependents, visit the GI Bill's® website: VA Transfer of Benefits. The student should forward the COE to the school certifying official located in the Registrar's Office as soon as it is received. Any questions regarding the use

of educational benefits should be directed to the school certifying official located in the Registrar's Office.

"GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at benefits.va.gov/gibill."

Tuition Assistance (TA) and Maryland National Guard Benefits

Tuition Assistance (TA) is a benefit paid to eligible service members. TA is available for courses offered in the classroom or online and is part of an approved academic program or certificate. Students should submit the appropriate documents to the Student Accounts Office certifying that they have approval for TA. Active duty service members must speak with their Educational Service Office (ESO) or counselor within their military service prior to enrolling. A joint education agreement also exists between the Maryland National Guard and Stevenson University. Active Guard members enrolled in a traditional undergraduate program can receive a

maximum of a 50% tuition discount for the first six credit hours per semester. The cost of the first six credit hours will be based on the traditional undergraduate part-time per credit rate. The appropriate paperwork should be submitted to the Student Accounts Office to qualify for this discount. Service members desiring information about courses and degree requirements should contact the School Certifying Official in the Registrar's Office.

Qualifying for Need-Based Aid

Financial aid programs were created by the federal government and based on the premise that the primary responsibility for paying for college rests with the student and their family. Need-based financial aid is available to families who demonstrate a need for additional resources to help pay college costs. Stevenson University is committed to helping students cover their college costs through a variety of grants, work-study, and loan programs.

The formula used to determine whether a student is eligible for need-based aid is: Cost of Attendance (COA) <minus> Expected Family Contribution (EFC) = Financial Need.

Aid Application Procedure

In order to apply for federal aid, the student must

- Apply for admission to Stevenson University. He/she must be an accepted student to receive a financial aid award offer.
- Complete the online Free Application for Federal Student Aid (FAFSA) at [FAFSA.gov](https://fafsa.gov).
- The Stevenson University federal school code is #002107 and the priority filing deadline for the fall semester is February 15.

Financial aid offer letters are valid for one academic year. Students must reapply for aid by filing the FAFSA every year between October 1 and February 15 for the following year to ensure maximum consideration of aid.

Student Eligibility Requirements

In general, to receive aid from the federal student aid programs, students must:

- Be a U.S. citizen or eligible non-citizen. Have a high school diploma, General Educational Development (GED) certificate, or have completed a high school education in a home school setting that is recognized as a home school or private school under state law.
- Enroll in an eligible program as a regular student seeking a degree or certificate.
- Be registered with Selective Service if required (in general, if you are a male age 18 through 25).
- Meet satisfactory academic progress standards set by Stevenson University.

The Financial Aid Office must:

- Certify that the student is not in default on a federal loan or owes money on a federal grant.
- Certify that the student will use federal student aid only for educational purposes.

Additionally, most financial aid programs require at least half-time enrollment (6 credits for undergraduate

students; 3 credits for graduate students) each semester. Most scholarships require full-time enrollment. Please see the individual financial assistance programs for minimum credit requirements.

For maximum consideration of aid, students are encouraged to apply for financial aid each year by completing the FAFSA between October 1 and February 15 for the following fall semester.

Offering of Aid

Cost of Attendance and the Expected Family Contribution

Cost of Attendance (COA or budget) represents a reasonable estimate of the cost of attending the university for a 9-month academic year (fall and spring semesters). The Financial Aid Office determines student budgets every year as a basis for offering financial aid funds. The student's budget includes direct costs: tuition, fees, room, and board; and indirect costs: allowances for books, supplies, transportation, and personal/miscellaneous expenses. Direct costs are charges for which the student will be billed directly by Stevenson. Indirect charges are costs incurred as a result of going to college, but for which a student is not necessarily billed. Actual charges vary depending on the choice of program, enrollment, and living arrangements (for example, apartment vs. double occupancy).

The Expected Family Contribution (EFC) is an amount that the student and their family is expected to pay toward the cost of attendance; it is not the bill, is not the amount of federal aid the student will receive, and is not the amount the student will pay. It is a number used by the University to calculate how much financial aid a student is eligible to receive.

The EFC is derived from a formula created by the federal government and is calculated based on the information provided on the student's FAFSA. A family's taxed and untaxed income, assets, and benefits all could be considered in the formula. The family size and the number of family members who will attend college during the year are also considered.

Disbursement of Aid

Funds will post to a student's account after the financial aid census date. The census date typically marks the end of the add/drop period for the semester. This is the date a "snapshot" is taken of all students' enrollment to establish the "official enrollment" for reporting purposes and financial aid eligibility.

The classes for which a student is registered as of the census date determines the amount of financial aid they will receive. Enrollment as of the census date will be compared to the enrollment status on the student's offer letter to determine if the eligibility requirements are still being met for each of the aid programs listed. Offer letter revisions are sent via email to a student's campus address. It is possible for a student's aid to be increased, decreased, or even canceled. Revisions may be necessary because of changes in housing status, academic status, enrollment status, verification, conflicting information, additional resources, fraud, availability of funds, federal or state regulations, and computation error.

If a student increases or reduces the number of credits in which they are enrolled before the census date, the financial aid may be adjusted, as appropriate, for the new enrollment level. If aid is reduced and a balance on the SU account is created, the student will be responsible for payment. If credits are added after the census date, aid will not be increased. Aid may be affected if the student is taking courses that begin after the census date. For example, if a student is enrolled in a traditional undergraduate program and taking a class that starts after the census date, the Federal Pell Grant will not be disbursed until after the last drop date for which the student is enrolled. If the student fails to begin attendance in all classes, the grant will be reduced accordingly. Loans will disburse when the student reaches half-time enrollment. Financial aid may also be affected if a student submits FAFSA information or corrections after the census date.

The Financial Aid Office should be notified immediately concerning any changes in enrollment or campus housing. Please note:

- Accelerated Students - Enrollment status is monitored after the drop date for each of the sessions for which a student is enrolled during the semester. Once half-time enrollment is attained, the Financial Aid Office will disburse loan funds. The student must be enrolled at least half-time at the time of disbursement. Federal grants will post after the LAST drop date for all sessions for which a student is enrolled in the semester.
- At the latest, state scholarships and grants will post upon receipt of the actual funds from the state of Maryland; generally, November for the fall semester, March for the spring semester.
- Work-study earnings are not posted to student accounts. The student will receive a bi-weekly paycheck directly from Stevenson University.
- Private scholarships from independent sources will be credited upon receipt of these funds by the SU Student Accounts Office. Often these scholarships are sent to the University in one check and, therefore, post as a single disbursement for the fall semester.
- Credit Balance - For those students with a credit balance resulting from financial aid, a refund check will be issued by the SU Student Accounts Office after aid is posted from all sources. State aid recipient refund checks may be delayed due to the receipt date of these funds.

Book Vouchers

Under certain circumstances, students may be eligible for a book voucher if their total aid exceeds their total charges. Book vouchers are applied to a student's SUOne card and can only be used, in person, at the University store. For more information, contact Student Accounts at 443-334-3500.

Master Promissory Note, Annual Student Loan Acknowledgement, and Loan Entrance Counseling

To make certain that student loan borrowers are given the most up-to-date information on student loans, all

borrowers are required to complete an online entrance counseling session. This information will apply when the student begins repayment of their loans.

First time borrowers are required to complete entrance loan counseling before the Financial Aid Office can process their loan. The purpose of the entrance counseling is to ensure students understand their rights and responsibilities as a new loan borrower as well as the regulations governing each loan program, such as interest rates, grace, deferment/forbearance options, prepayment, consolidation, and other general repayment obligations. Students will be informed of the consequences of not repaying their student loans (default) and of various repayment strategies. Instructions for completing the Entrance Counseling and the Master Promissory Note are included in the publication *Financial Aid Guide*. For more information on the Direct Loan Program, visit the federal website at studentaid.gov.

Annual Student Loan Acknowledgement (ASLA) will have to be completed annually for federal aid to disburse to a student's account. Instructions for completing ASLA are included in the publication "*Financial Aid Guide*."

All student loan borrowers are required to complete exit counseling before graduating or withdrawing from Stevenson University or ceasing to enroll at least half-time.

\$name

Using Federal Financial Aid to Pay for Repeating a Course

Effective July 1, 2012, a student may use federal financial aid only one time to pay for repeating a course previously passed. If the student received a grade higher than an "F", this is considered passing by the Department of Education regulations and they may then only repeat that course one time using federal financial aid. If the student has not received a passing grade previously in the course, there is no limit to how many times the course may be retaken, provided satisfactory academic progress policy guidelines are met. Continually repeating courses may eventually impact the requirements affecting Satisfactory Academic Progress (SAP).

Continued Eligibility

Financial aid offers are valid for one academic year. Students must reapply for aid by filing the *FAFSA* every year between October 1 and February 15 to ensure maximum consideration of aid.

Stevenson Financial Aid Satisfactory Academic Progress (SAP)

Financial aid recipients are required to be in good academic standing and maintain satisfactory academic progress toward their degree requirements. Satisfactory academic progress (SAP) is the term used to define successful completion of coursework to maintain eligibility for student financial aid. Federal regulations require the SU Financial Aid Office to establish, publish, and apply standards to monitor a student's progress towards a degree. Satisfactory academic progress, as described below, is evaluated annually (end of the spring semester) and cumulatively by the Financial Aid Office

regardless of whether financial aid was received at the time. Progress is determined quantitatively (credit hours versus hours earned and maximum time frame) and qualitatively (grade point average). Failure to maintain satisfactory academic progress may result in the suspension of financial aid eligibility. The Financial Aid Office will notify students who do not meet the satisfactory academic progress by mail and by email to their University email account.

Satisfactory Academic Progress for financial aid eligibility should not be confused with the University's academic progress policy. These are two distinct and totally separate policies. It is entirely possible to fail to meet minimum standards of one policy and pass the minimum standard of the other.

Graduate Students

Quantitative and Qualitative standard: To be eligible for financial aid, you must enroll in a graduate degree program and:

- Maintain a 3.0 minimum cumulative grade point average, and
- Earn your degree within the first 54 attempted credits based on a maximum time frame of 150%. All semesters and credit hours attempted including all repeated courses, failed courses, withdrawals, courses taken from a change in major, and transfer credits will count as credit hours attempted toward the maximum time frame.

Financial Aid Suspension: Students, who fail to meet all of the minimum standards listed above at the time of review, will have their financial aid eligibility suspended. Students who have been suspended cannot merely skip a semester to regain eligibility. No financial aid will be disbursed during subsequent semesters for students on suspension. There are two ways for a student to regain eligibility:

- The student submits a written appeal (see Appeals Process below) in accordance with the appeals process and the Financial Aid Appeals Committee approves the appeal. The student is then placed on financial aid probation, allowing one additional semester in order to bring the academic requirements up to minimum standards.
- The student attends Stevenson University during the suspension semester, pays for tuition and fees without the help of financial aid, and does well enough to satisfy all SAP academic standards.

Appeals Process: Appeals of Financial Aid Satisfactory Academic Progress Suspension must be made in writing to the Financial Aid Appeals Committee. This committee will review the appeal and notify the student in writing of their decision.

The appeal letter must address the extenuating circumstance(s) as to why satisfactory academic progress was not made, and what has changed in the student's situation that would allow them to now demonstrate satisfactory progress after the probation semester. Extenuating circumstances can include, but are not limited to, illness, death of a family member, family difficulties, financial difficulties, etc. In addition, students

must meet with the Dean of Stevenson University Online (or a chosen representative) to create an academic plan. If the appeal is approved, students will be reinstated for financial aid on probation for one semester. A review of the student's academic performance in that semester will be reviewed to determine the status for the upcoming semester. Only if you are now meeting the overall requirements for satisfactory academic progress or successfully following your academic plan, will the student be permitted aid for the upcoming semester. Students who fail to meet the conditions outlined in their academic plan during the probationary semester will be able to submit a subsequent appeal.

Potential Outcomes:

- Students who now meet the Satisfactory Academic Progress guidelines will have their eligibility reinstated.
- Students who fail to meet all conditions set in their Academic Plan will forfeit their eligibility to receive further financial aid. They can apply to be reinstated once they meet the University's standards. Students who have been given a second chance to receive aid are expected to meet all requirements set forth in their Academic Plan. Appeals will only be accepted from students who experienced a one-time, unexpected, serious event that precluded them from meeting the conditions of the Academic Plan.
- Students who met all the conditions of their Academic Plan but still do not meet the University's regular academic standards may be allowed to continue with financial aid. The Financial Aid Appeals Committee may make changes to the student's original Academic Plan based on any changes in the student's situation. Students who meet all conditions of their current Academic Plan will be allowed to continue to participate in the aid programs on a semester by semester basis.

Return of Title IV Funds Policy

This Return of Title IV Funds (R2T4) policy applies to anyone who receives federal financial aid, has begun classes, and subsequently either withdraws (official or unofficial) from the courses the student was scheduled to complete during the payment period. (We have three payment periods at Stevenson University: fall semester, spring semester and summer semester.)

When a student withdraws from their courses, for any reason including medical withdrawals, they may no longer be eligible for the full amount of Title IV funds the student was originally scheduled to receive. Stevenson University follows the federally prescribed policies and procedures for calculating whether the student has earned all or a portion of their federal financial aid.

For students in accelerated courses (sessions) within the 16 week payment period, such as 8 week 1, 8 week 2, and/or any other variable length course that is not scheduled to run the entire 16 weeks, we are required to review each session individually. This means that even if a student successfully completes one session and subsequently withdraws from a later term within the

same payment period, we still must review eligibility under the most recent federal guidance.

Stevenson University is required to return all unearned federal aid attributed to school charges. This means that a portion of the student's tuition and fees is no longer covered by financial aid, and the student is liable for paying the balance of school charges. This amount will be subject to immediate repayment and no further registration activity will be allowed and official transcripts will not be released until the balance is paid in full.

Stevenson University's tuition refund policy will not affect the amount of Title IV aid the student has earned as described in this document. The tuition refund policy is located at: Student Accounts (p. 20).

Withdrawal Date

For an official withdrawal, the effective withdrawal date is the first date of notification by the student to SU. Students should complete the withdrawal form located on WebXpress. Stevenson University Online (SUO) students should use the "Accelerated Class Withdrawal Form." If a student does not follow the official withdrawal procedure and subsequently earns a grade of FX, the effective withdrawal date must be determined on a case by case basis.

Stevenson University may use a last date of attendance at an academically related activity for the effective withdrawal date if the last date a student attended class or submitted coursework is verified by an employee at Stevenson University (or an employee at one of our consortium institutions) who has sufficient knowledge of a student's academic participation, or if there is an emergency situation (death, incapacitation, etc.) and there is third party documentation that verifies a student has not academically participated. In the case of unofficial withdrawals, Stevenson University does not accept a student's self-reported last date of attendance.

Regulations require schools to perform calculations within 30 days from the date the school determines a student's withdrawal and to process the actual return of funds within 45 days of the student's withdrawal.

Return of Title IV Funds Process - The Financial Aid office follows the instructions outlined in the federal worksheet when calculating Title IV earnings according to the following steps.

Step 1: Student's Title IV Aid Information:

- The total amount of Title IV aid disbursed (if any) for the session in which the student withdrew. (A student's Title IV aid is counted as aid disbursed in the calculation if it has been applied to the student's account on or before the date the student withdrew.)
- The total amount of Title IV aid disbursed plus the aid that could have been disbursed (if any) for the session in which the student withdrew.
- Students who are taking modules/accelerated courses, the Financial Aid Office will review the following to determine if a R2T4 is needed.
- Did the student complete all the requirements for graduation from the program of study?

- Did the student successfully complete, with passing grades, Title IV-eligible coursework in a module or combination of modules consisting of 49% or more of the countable days in the payment period or period of enrollment (excluding scheduled breaks of five or more consecutive days and all days between modules)?
- Did the student successfully complete, with passing grades, Title IV-eligible coursework equal to or greater than what the school considers to be half-time enrollment for the payment period or period of enrollment?

Step 2: Percentage of Title IV Aid Earned

The Financial Aid Office will determine a calculation needed and calculate the percentage of aid earned as follows:

- For students attending non-accelerated courses, the number of calendar days completed by the student divided by the total number of calendar days in the payment period (weekends included) in which the student withdrew minus any scheduled breaks of 5 days or more.

Days Attended (minus scheduled breaks if attended through that period)/days in Payment Period (minus scheduled breaks) = Percentage Completed

- For students attending SUO courses within the payment period, the number of scheduled days completed by the student divided by the total number of calendar days in the payment period (weekends included) in which the student withdrew minus any days the student was not scheduled to attend (unscheduled breaks) and any scheduled breaks of 5 days or more.

Days Attended (minus scheduled breaks if attended through that period)/scheduled days in Payment Period (minus scheduled or unscheduled breaks) = Percentage Completed

Please note: If the calculated percentage exceeds 60%, (for 16-week semester with no 8-week classes) or 49% (for modules i.e. less than 16-week classes) then the student has "earned" all aid for that period.

Step 3: Amount of Title IV Aid Earned by the Student

The Financial Aid Office will calculate the amount of aid earned as follows:

- The percentage of Title IV aid earned (Step 2) multiplied by the total amount of Title IV aid disbursed or by what could have been disbursed for the payment period in which the student withdrew (Step 1).

Total Aid Disbursed x Percentage Completed = Earned Aid

Step 4: Amount of Title IV Aid to be Returned or Disbursed

- If the aid already disbursed equals the earned aid, no further action is required.
- If the aid already disbursed is greater than the earned aid, the difference must be returned to the

appropriate Title IV aid program in accordance with the federal guidelines. Go to Step 5.

- If the aid already disbursed is less than the earned aid, the Financial Aid Office will calculate a Post-Withdrawal Disbursement. If this post-withdrawal disbursement contains loan funds, the student will be notified and will need to accept or decline these funds. (A student should evaluate the situation as not to incur additional debt unnecessarily.)

Total Disbursed Aid - Earned Aid = Unearned Aid to be Returned

Step 5: Amount of Unearned Title IV Aid to be Returned by the School

- Add the total of institutional charges for the period.
- Multiply the percentage of unearned aid by the institutional charges.
- Calculate the lesser amount of the Title IV aid to be returned with the amount of unearned charges. This equals the amount of Title IV funds to be returned by the school.

Step 6: Order of Returned Funds by the School

The order of return of funds is proscribed by the Department of Education regulations as follows:

1. Unsubsidized Federal Direct Loans
2. Subsidized Federal Direct Loans
3. Federal PLUS Loans (both Parent and Graduate)
4. Federal Pell Grants
5. Federal Supplemental Educational Opportunity Grants (FSEOG)
6. Federal TEACH Grants

The student's grace period for loan repayments for Federal Unsubsidized and Subsidized Direct Loans will begin on the day of the withdrawal from the University. The student should contact the servicer if he/she has questions regarding the grace period or repayment status. If the student is not returning to Stevenson University, exit counseling should be completed online at Federal Student Aid.

Step 7, 8, 9, &10: Unearned Title IV Funds Due Directly from the Student

- Subtract the amount of Title IV aid being returned by the school from the amount of Title IV aid to be returned. If the amount is greater than zero, subtract the total loan funds the school must return from the total amount of net loans disbursed to the student. If the amount is less than or equal to the total, the school will notify the holder of the loan and Federal Direct loan funds are paid back to the lender by the student in accordance with the terms of the borrower's promissory note.
- If the amount is greater than the total, subtract the unearned Title IV aid due from the student with the amount of loans to be repaid by the student.
- Multiply the amount of Title IV grant aid that was or could have been disbursed by 50%, this is the amount of grant protection available.

- Subtract the initial amount of Title IV grant funding for the student to return with the grant protection. If this amount is less than or equal to zero, no further action is necessary.
- If the amount is greater than zero, the student must return the funds as proscribed by the Federal guidelines.

Notification

Students will receive a revised offer letter indicating the actions taken by the Financial Aid office, including any information on funds that may have been returned to the federal aid program(s) on behalf of the student.

Example of Return of Funds Calculations

In the following example the student's institutional charges will be adjusted by the amounts that must be returned to the Title IV programs. Please note that charges used in these examples may not reflect true University charges.

The student lives off campus. The charges are as follows:

The student withdraws on 9/21. For a modular student the student does not meet any of the R2T4 exemptions (Step 1). This is day 22 out of 106 days in the term.
 $22/106 = 20.8\%$ of Title IV funds earned by the student.
 Title IV funds total = \$3205.00 (\$537.00 + \$2668).
 $\$3205.00 \times 20.8\% = \667.00 Title IV funds earned.

Title IV funds to be returned: $\$3205.00 - \$666.64 = \$2538.36$ to be returned to Federal Programs.

Unearned Title IV funds due from the University:
 Institutional charges = \$2067.00; unearned Title IV = 79.2% ($100\% - 20.8\%$); $\$2067 \times 79.2\% = \1637.00 . This will become a balance due on the student account since Return of Title IV Funds calculation is required.

Stevenson University must return \$1637.00 of the Title IV funds. The Financial Aid Office will reduce the Subsidized Federal Direct Loan by this amount since this type of aid is ahead of Federal Pell Grant on the federal order list. The amount of overall student loan debt is reduced.

Unearned Title IV funds to be returned by the student:
 Unearned Title IV aid to be returned - amount returned by Stevenson University = amount to be returned by student: $\$2538.36 - \$1637.06 = \$901.30$ to be returned by Student A.

Note: Loan amounts to be returned by student (or parent in the case of a PLUS loan) are returned in accordance with the terms of the promissory note.

How can a student attending accelerated courses (sessions) determine if they are a withdrawal for Title IV purposes?

1. After beginning attendance in the payment period, did the student cease to attend or fail to begin attendance in a course he or she was scheduled to attend? If the answer is no, this is not a withdrawal. If the answer is yes, go to question 2.
2. When the student ceased to attend or failed to begin attendance in a course he or she was scheduled to attend, was the student still attending any other courses? If the answer is yes, this is not a withdrawal; however other regulatory provisions concerning

recalculation may apply. If the answer is no, go to question 3.

3. Did the student confirm attendance in a course in a term beginning later in the payment period? If the answer is yes, this is not a withdrawal, unless the student does not return. If the answer is no, this is a withdrawal.

Take, for example, a student who is a recipient of Title IV program funds who is scheduled to complete two courses in each of the first two of three sessions within the payment period (5 week 1 and 5 week 2).

Scenario 1: The student begins attendance in both courses in the first session but ceases to attend both courses after just a few days and does not confirm that he/she will return to any courses in sessions two or three. The student is a withdrawal because he or she ceased to attend courses he/she was scheduled to attend (Yes to question 1); was not still attending any other courses (No to question 2); and did not confirm attendance in a course in a session beginning later in the period (No to question 3).

Scenario 2: The student begins attendance in both courses in the first module but withdraws from just one of the courses after just a few days. The student is not a withdrawal. Although the student ceased to attend a course he or she was scheduled to attend (Yes to question 1), the student was still attending another course (Yes to question 2).

Scenario 3: If the student completes both courses in term one, but officially drops both courses in term two while still attending the courses in term one, the student is not a withdrawal. Because the student officially dropped both courses in module two before they began, the student did not cease to attend or fail to begin attendance in a course he or she was scheduled to attend (No to question 1). However, because the student did not begin attendance in all courses, other regulatory provisions concerning recalculation may apply.

Scenario 4: If the student completes both courses in session one, starts attending both courses in session two but withdraws from both of these courses, the student is a withdrawal. Although the student successfully completed the first module, the student ceased to attend courses he or she was scheduled to attend (Yes to question 1); was not still attending any other courses (No to question 2); and did not confirm attendance in a course in a term beginning later in the period (No to question 3).

Intent to Enroll: Confirmation of Attendance in a Future Module during the Payment Period

As mentioned in the above scenarios, when it is determined that a student has withdrawn, students must confirm attendance in a future course within the same payment period, even if the student is already registered for future courses. You can confirm attendance by completing the bottom section of the online Accelerated Class Add/Drop or Withdrawal Forms. This form allows us to suspend the Return of Title IV Funds Calculation. As long as the student successfully completes the future course(s) within the current payment period, no other action will be necessary.

Consumer and General Information

Every student applying to the University for admission is encouraged to apply for assistance through the Financial Aid Office. Information about policies, procedures, and most of the information that a student will need to apply for financial aid, including the types of aid available and how to apply, can be accessed through Stevenson University's financial aid website. We strongly encourage all students to spend time reviewing the tools and information there. It is important that students and families are aware of the policies that govern access to financial aid records at Stevenson University as well as the College Loan Code of Conduct, Drug Conviction and Aid Eligibility, *Financial Aid Handbook*, *Financial Aid Guide*, and various other consumer information policies. In addition, there are a variety of helpful financial aid resources available online. Direct access to their websites is available through the links listed on the Financial Aid website located at stevenson.edu/finaid.

Academic Information

Stevenson Intercultural Knowledge and Competency (IKC)

Nurturing, respecting, and cultivating an atmosphere where individual differences and identities are perceived as valuable strengths is critical to developing an inclusive learning environment for every student at Stevenson University.

The Stevenson Intercultural Knowledge and Competency (IKC) commitment provides students with opportunities to develop cultural competencies by engaging with cross-disciplinary perspectives.

Developing students' intercultural knowledge and competence enables them to meaningfully engage with others, identify familiar and unfamiliar cultural patterns, and respond with empathy to diverse perspectives as articulated by the Association of American College and Universities Civic Engagement VALUE Rubric (2016).

University Degree Requirements

Graduate Degrees

Stevenson University currently offers the following master's degrees through Stevenson University Online.

- Digital Transformation and Innovation
- Communication Studies
- Community-Based Education and Leadership
- Crime Scene Investigation
- Cybersecurity and Digital Forensics
- Forensic Accounting
- Forensic Investigation
- Forensic Science
- Forensic Studies
- Healthcare Management
- Integrative Learning
- Nursing
- Teaching (MAT)

Stevenson University currently offers the following doctoral degree through School of Humanities and Social Sciences.

- Doctoral of Psychology in Clinical Psychology

Requirements for the Master's Degree

Stevenson University Online offers master's degrees in a variety of majors. In order to obtain a master's degree from Stevenson University, a student must:

1. Complete all courses required by the degree.

2. Achieve a minimum GPA of 3.00.
3. Comply with all policies, procedures, and regulations of the University.
4. File the official Application for Graduation in accordance with published deadlines.

Requirements for the Doctoral Degree

Stevenson University offers a Doctorate of Psychology in Clinical Psychology degree. In order to obtain this degree from Stevenson University, a student must:

1. Complete all courses required by the degree.
2. Achieve a minimum GPA of 3.00.
3. Comply with all policies, procedures, and regulations of the University.
4. Submit the official Application for Graduation in accordance with published deadlines.

Graduate Student Success Resources

Stevenson University Online is dedicated to the academic achievement, support, and engagement of all students. A wide variety of academic support services are provided to support the needs of adult students while balancing work, family, and education.

Academic Support Services provide

- Dedicated Student Success Coaches - Provide schedule planning and one-on-one advising from student's initial course through graduation.
- Comprehensive Online New Student Orientation - Required online orientation course prepares student for their first academic course.
- Virtual Orientation to Student Success - Live online orientation option allows students to learn about the online learning environment and resources, and meet student success coaches, academic program administrators, and faculty.
- Smarthinking Online Tutoring - 24/7 access to e-tutors, writing center, and academic resources.
- Library Resources - Online and onsite resources with accessible librarians.
- Career Connections Center - The Career Connections Center staff provide individual counseling and career planning services to students and alumni.

Accessibility & Disability Services

Stevenson University provides reasonable accommodations to qualified students with documented disabilities. To establish eligibility for services, students must register with the Office Accessibility & Disability Services (ADS) and identify the specific accommodations they require. Eligibility for accommodations is determined

on an individualized basis, based on the student's documented need. Office of Accessibility & Disability Services (ADS) can be reached at 443-352-5320 or ODS@stevenson.edu.

For the complete policy on Students with Disabilities, see University Policies located on the university website.

Academic Grading Information

Grade Point Average

Academic standing and graduation are based on the grade point average. To calculate the cumulative GPA, total the credit hours and then the grade points from all semesters. Divide the total grade points by the total credit hours. The grade points allotted to each letter grade are listed in the Grading System section of the catalog. There is no rounding in the calculation of the student's GPA.

Graduate Grading Scale

A student's performance in a course will be measured in accordance with the following grading system.

- A = Excellent: Outstanding achievement and initiative exceeding course requirements.
4.0
- B = Good: Work meeting minimum course requirements at the graduate level.
3.0
- C = Unsatisfactory: Work failing to meet the minimum course requirements. It is the lowest possible passing grade.
2.0
- F = Failure
0.0
- FX = Student stops attending classes prior to the withdrawal deadline, yet fails to officially withdraw. This grade is calculated as an "F" in the GPA.
0.0

The grade of "A" is awarded only to those students who fully meet the above standard, who additionally demonstrate exceptional comprehension and application of the course material, and demonstrate initiative in exceeding course requirements.

The grade of "B" represents work meeting minimum course requirements at the graduate level. The student receiving a grade of "B" has consistently demonstrated a complete understanding of the material and concepts presented throughout the course. Additionally, the student has completed all course requirements on time, exhibited enthusiastic interest in topics and discussions and is able to present and apply course concepts in a clear and organized manner, both orally and on written tests.

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program.

Incomplete Grades

A grade of incomplete (I) will only be granted by written request by the student and is subject to the approval of the faculty member and the academic program administrator of the major in which the course resides. The Request for Incomplete Grade form is available through the Student Menu in WebXpress under the Forms link and must be used; an email is not sufficient to request an incomplete. Incompletes are granted only when a student has completed at least 75% of the semester, and circumstances such as illness, death in the family, or a documented crisis situation prevent the student from completing the course by the end of the semester or session. A grade of incomplete must be requested no later than the last day of classes at the end of the semester or session in which the student is taking the course. A student must submit to their instructor the work outlined on the submitted Request for Incomplete Grade form no later than 30 days after the last day of the semester. The instructor then has five days to submit a change of grade to the Registrar's Office. If the grade is not changed within this time frame (35 days from the last day of the semester), the grade of "I" will automatically convert to a grade of "F". Exceptions to this policy require special review by the Dean of the School in which the course resides.

Grade Appeals

For information regarding grade appeals, please see University Policies located on the Stevenson University website. Please note a student has seven calendar days from the date grades are posted to submit an appeal.

Academic Standing for Graduate Degree-Seeking Students

Student grades are reviewed at the end of each term. Good academic standing in a master's or doctoral programs requires a minimum cumulative 3.00 GPA for all courses taken for credit. The grade of "C" is the lowest acceptable passing grade in a graduate program. Failure to maintain good academic standing will result in probation and/or suspension as outlined in the Academic Probation/Suspension policy. Specific academic programs may have additional requirements to remain in good academic standing (please see program-specific sections of this catalog).

Academic Progress

A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. A grade of "C" is the lowest acceptable passing grade in all graduate courses, and only one grade of "C" may be applied toward the GPA requirement. Once a student matriculates at Stevenson, program requirements must be completed within four years for a post-baccalaureate certificate, seven years for a master's degree, and nine years for a doctoral degree after the first course applied

to the degree was completed. Time taken for an approved Leave of Absence does not count toward these limits.

A student who has failed to complete all requirements by the prescribed deadlines may petition for a one-year extension of time in which to complete the outstanding requirements. A request for extension of the time to earn a degree or certificate must be submitted in writing to the academic program administrator no later than one full semester prior to the end of the allowed degree completion period using the Request for Extension of Time to Degree form. An approved one-year extension may be continued for a maximum of one additional year if a student demonstrates satisfactory progress toward the degree or certificate.

Depending on the academic program, a student who receives an approved extension of their time to earn a degree or certificate may be required to have some courses revalidated. Please see specific academic program policies.

Academic Probation/Suspension

A minimum cumulative GPA of 3.0 is required for all graduate work completed in a Master's or Doctoral degree program. A grade of "C" is the lowest acceptable passing grade in all graduate courses. Only one grade of "C" may be applied toward the cumulative GPA in any graduate program. A student whose cumulative GPA falls below the required minimum in one term will be placed on Academic Probation with the University. A second consecutive term on Academic Probation will result in Academic Suspension from the University. Specific academic programs may have additional probation/suspension policies (see specific program sections).

Academic Reinstatement

Only students suspended from a Master's degree program are eligible to be considered for reinstatement into the same or a different degree program. Students who are academically suspended from a Master's degree program at the university may apply for reinstatement after a waiting period of 6 months. No reinstatement requests will be accepted from a student academically suspended more than once, nor from students dismissed from a program due to academic integrity violation. Doctoral students who have been suspended from their program are not eligible for reinstatement.

In order to be considered for **reinstatement to the same program**, the following conditions must be met by the student:

- Submission of a completed Application for Reinstatement
- Submission of official college transcripts from each college or university attended since leaving Stevenson University
- Submission of a written statement explaining circumstances leading to the student's poor academic standing and how those conditions have changed or will change upon reinstatement
- Provision of additional pertinent information that may be helpful in considering the request for reinstatement, such as medical documents, letters of support and/or recommendation(s).

In order to be considered for **reinstatement into a different program**, the student must meet all requirements listed above and demonstrate that they meet all admissions requirements for the new program. A student who has been academically suspended from a Master's degree program and is readmitted into a different program may be eligible to apply up to 15 credits from the first program into the second. Written approval must be obtained from the Academic Program Administrator of the new program, and a grade of B or better must have been earned in all credits from the previous program that will be applied to the new program.

Revalidation of courses may apply when a student is reinstated into the same or a different academic program, according to program-specific policies (see program sections of this catalog).

Upon reinstatement into the same or a different program, the student will be eligible to register for program courses only after successful completion of GRAD 500: Thinking, Researching, and Writing for Success, a fee-based skill building course for graduate students.

The official university transcript will include all courses completed in any academic program, and all grades will be calculated in a student's reported cumulative GPA according to university policy. Specific academic programs may have additional academic policies relating to reinstatement. Please see program-specific sections of this catalog.

Registration and Course Information

Credit-Hour Definition

Regardless of course duration, delivery, or instructional method, Stevenson University awards academic credit in compliance with Maryland state requirements outlined in the Code of Maryland Regulations (COMAR) and with the Department of Education's federal credit-hour definition, as defined in the Federal Code of Regulations.

State credit hour definition (COMAR 13b.02.02.16.D) (1)
An in-State institution shall award 1 credit hour for:

- A minimum of 15 hours, of 50 minutes each of actual class time, exclusive of registration, study days, and holidays;
- A minimum of 30 hours, of 50 minutes each of supervised laboratory or studio time, exclusive of registration, study days, and holidays;
- A minimum of 45 hours, of 50 minutes each of instructional situations such as practica, internships, and cooperative education placements, when supervision is ensured and learning is documented; or

- Instruction delivered by electronic media based on the equivalent outcomes in student learning in §D(1)(a) of this regulation, and may include a combination of telelessons, classroom instruction, student consultation with instructors, and readings, when supervision is ensured and learning is documented.

(2) One quarter hour of credit is awarded for instruction equivalent to 2/3 of the contact hours required for 1 credit hour.

Federal credit hour definition (34 CFR §600.2)

A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than:

- *one hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or*
- *at least an equivalent amount of work as required in paragraph (1) of this definition for other activities as established by an institution, including laboratory work, internships, practica, studio work, and other academic work leading toward to the award of credit hours.*

For additional information please see the Academic Affairs portal page.

Course Load

A full-time load for graduate students is 6 credits.

Registration

Registration takes place on the days scheduled in the academic calendar. Students may register on or after their assigned appointment time, and registration is done online using Student Planning. Master's degree-seeking students are not required to meet with their student success coach but are strongly encouraged to do so. Doctoral students should consult with their academic program administrator regarding course selection.

There are several circumstances that could cause a student's registration to be blocked. Students will not be allowed to register who have not met their financial obligations to the University. Those students who have not been cleared by Student Accounts prior to the start of the semester will be removed from their classes.

Courses may be canceled for insufficient enrollment, and students will be notified via email regarding course cancellations.

All prerequisites, including any minimum grade requirements, for a course must be fulfilled prior to starting the course. Students may be removed from a course when the prerequisites have not been met. Students are not permitted to "sit in" on classes for which they are not registered.

For more information about registration, please see the Registration Guide on the Registrar's webpage and information on the Registrar's portal page.

Course Add/Drop

Students may add or drop classes only during the published add/drop period. Course changes during the add/drop period will not be reflected on the student's transcript.

Auditing Graduate Courses

Graduate courses may be audited with approval of the academic program administrator. Courses in the Doctor of Psychology program are not open to audit. Only classes that are open for enrollment are eligible to be audited in any term. Students may change an audit to a credit-bearing course only during the drop/add period. Students may change a credit-bearing course to an audit until the last day to withdraw with a "W." A student can change a course to audit status by using the Course Audit Form that is available on the Student Menu on WebXpress. Changing a course to audit may have financial aid implications and will also make an athlete ineligible if the athlete is no longer full-time. The VA does not pay for audited courses for those students who receive VA benefits. Courses that are audited are the same cost as courses that are taken for credit, and no academic credit is given for an audited class. Students who change a course to audit status are expected to attend the class.

Course Withdrawal

Students may withdraw from a course only during the published withdrawal dates. Students withdrawing from a course during this period will have a "W" recorded on their transcript; a grade of "W" does not affect the GPA. The last date for withdrawal from a course without penalty is listed in the enrollment calendar for each semester. Withdrawing from a course after the published withdrawal date results in a grade of "WF." Master's degree-seeking students should consult with their success coach. Students in the doctoral program should consult with their academic program administrator.

Change of Catalog Year

If a student elects to move to a new catalog year, all policies of the new catalog will apply to the student, and the student must fulfill all requirements of the new catalog year. Students may not change to a prior catalog year. If a student desires to change to a new catalog year, the student should discuss this with their academic program administrator or success coach so that all implications of the change are fully reviewed. A Change of Catalog Year form is available through the Student Menu in WebXpress under the Forms. Students in the Doctor of Psychology program are not eligible to change catalog years unless they fully withdraw from the program while in good academic standing and are formally readmitted.

Attendance Graduate Courses

Each student is responsible for participation in an online class; this involves timely submission of all assignments,

participation in Blackboard, and any other requirements set forth in the syllabus. Students who stop submitting work by the dates specified in the syllabus and fail to officially withdraw will be given a grade of "FX" which calculates as an "F" in their GPA. Students in a face to face class are expected to fulfill all course requirements. Students who stopped attending and fail to officially withdraw will be given a grade of "FX" which calculates as an "F".

Online Course Non-Participation Policy

Stevenson University Online students enrolled in any graduate course will be dropped from such course by the Registrar's Office if the student does not participate in the course by 11:59 PM of the Sunday of the first week of the session. A student will be deemed to have participated in the course if the student engages in at least one required assignment or activity during the first week of the course. A student who is dropped from a course for non-participation under this policy will not be charged any tuition or fees for the course.

Repeating Graduate Courses

A student may not register for the same graduate course more than two times without prior approval of the Academic Dean of the school in which the course is offered. Withdraws and audits count as attempts. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken will remain on the student's transcript. If a student withdraws from a course that has already been taken, the grade of "W" does not replace the original grade in the calculation of the student's grade point average. Specific academic programs may have additional academic policies relating to repeating courses. Please see program-specific sections of this catalog.

Graduate Course Revalidation

Some academic programs may require some or all program requirements to be completed within a specified time prior to graduation. In such programs, students who will have courses that exceed the specified requirement at the time of graduation must have the relevant courses revalidated in order to count toward the degree program. The academic program administrator, with the cooperation of the program faculty, will review the course(s) and have final approval. Please see program-specific sections of this catalog.

Final Examinations

All students are required to take final examinations or complete final projects. If a student misses an examination or project deadline because of an emergency or illness, the student must contact the faculty member as soon as possible. If the student cannot reach the faculty member, the student should contact the academic program administrator for their major.

Leave of Absence from the University

A degree-seeking student who finds it necessary to cease enrollment at the University for one or more consecutive

semesters (with the intent of returning at a later date) must complete the leave of absence section of the Withdrawal from the University form that is available on the WebXpress Student Menu under the Registrar's Office forms. The leave of absence can be in effect for a maximum of two consecutive semesters. A student with a leave of absence on file does not need to reapply for admission to the University if they return within two consecutive semesters. Students who return to the University after a leave of absence of two consecutive semesters or fewer will return under the same catalog year in which they first enrolled at Stevenson.

Withdrawal from the University

A degree-seeking student who wishes to withdraw from the University must do so in writing. The official Withdrawal from University form is available through the Student Menu in WebXpress under the Forms link.

Military Service Withdraw and Refund Policy

Stevenson University students who are called to active duty during the course of a term or session should contact the School Certifying Official to formally withdraw for military service. For the purpose of this policy, military service is defined as "service, whether voluntary or involuntary, in the armed forces, including service by a member of the National Guard or Reserve, on active duty, active duty for training, or full-time National Guard duty under federal authority for a period of more than 30 consecutive days under a call or order to active duty of more than 30 consecutive days" (ED 34 C.F.R. 668.18).

Students who withdraw from the University for military service during the course of a term or session are eligible for a 100% refund of tuition and fees. Room and board expenses will be prorated based on the official date of withdrawal.

Students must supply a copy of military orders to be eligible for any tuition, fees, or room and board adjustments. Students receiving financial aid will be subject to the refund policies as provided by the federal or state agency sponsoring the aid. Department of Defense Military Tuition Assistance and Veteran's Education Benefits will be returned to the government agency as required.

Students who have to withdraw from the University after the add/drop deadline will receive a grade of W or I, depending on the amount of coursework completed and the expected length of the absence.

Transcript Requests

Transcripts are sent at the request of the student through National Student Clearinghouse. The Registrar's Office does not accept email requests. Faxed requests are not accepted, and transcripts are not faxed. All financial obligations to the University (parking violations, library fines, and invoices for lost items) must be met, or official transcripts will be held.

Current students can print an unofficial copy of their transcript from WebXpress. Alumni or students who have

withdrawn from the University must request their transcripts through National Student Clearinghouse.

Academic Integrity

Stevenson University expects all members of its community to behave with integrity. Honesty and integrity provide the clearest path to knowledge, understanding, and truth – the highest goals of an academic institution. For students, integrity is fundamental to the development of intellect, character, and the personal and professional ethics that will govern their lives and shape their careers.

Stevenson University requires students found responsible for a first violation of academic misconduct to complete an academic integrity educational course. Please be aware that there may be a cost associated with completing this requirement.

For additional information regarding the Academic Integrity and Academic Misconduct Policies, please see University Policies located on the Stevenson University website.

Graduation Information

To earn a degree from Stevenson University (i.e. to qualify for graduation), students must meet all University and program requirements as stated in the University catalog. Students must fulfill catalog requirements in effect at the time of matriculation or students may elect to move to a later catalog year. Students may not split requirements from multiple catalog years. It is the responsibility of the student to fulfill all requirements for graduation. Careful consultation with an academic advisor is strongly encouraged.

Degrees are conferred in May, August, or December. Students who complete degree requirements in a Winterim term will have their degrees conferred in May. Participation in a commencement ceremony does not confer a degree. Diplomas and final transcripts may be withheld for any graduate with unresolved financial obligations or non-compliance with federal financial aid regulations.

The academic record of anyone receiving a degree is closed three months after the end of the semester. Any changes to the academic record must be made prior to the closure of the academic record.

Diploma Information

Diplomas are mailed to the address listed on the application for graduation. They are sent via standard U.S. mail the month following graduation. Diplomas are sent after all final grades have been received and degree requirements are confirmed complete. Diplomas include the graduate's name, degree, major, and academic honors, if earned. The date listed on the diploma reflects the end of the semester when the degree is officially considered complete rather than the commencement date.

The official academic transcript, not the diploma, is considered the certifying document to verify a degree.

Graduates will be issued one diploma. Additional copies will not be provided, however, a replacement diploma may be requested by alumni. Replacement diplomas may be requested due to the name change from Villa Julie College to Stevenson University, due to an official personal name change, or due to a lost or damaged diploma. The replacement diploma may only be requested by the alumnus in writing using the request form located on the Stevenson University website. The fee for a replacement diploma is \$30.

Graduation Application

Graduating students are required to submit an Application for Graduation to the Registrar's Office according to published deadlines. At the time of application, a \$25 fee is charged.

- December graduates must submit by August 1.
- May and August graduates must submit by January 1.

Failure to apply by the published deadlines may delay the evaluation and awarding of a student's degree. Students may apply online via WebXpress.

Graduation Ceremonies

Scheduled commencement ceremonies are held in May. Summer graduates should be within two courses of degree completion prior to the start of the summer term to be eligible to participate in the May commencement. Students may only participate in one ceremony unless they are earning an additional degree. Only bachelor's, master's and doctoral degree candidates may participate in commencement exercises. Certificate program completion does not qualify a student for commencement participation. Only a graduate with mobility issues may have someone accompany them across the stage.

Student Rights and Responsibilities and Grievance Procedure

For additional information about academic and student conduct policies, please see University Policies located on the Stevenson University website. Additional information regarding student grievance policies and procedures can also be found there.

Graduate Fields of Study

Stated below are learning outcomes that represent what Stevenson University believes all master's degree-seeking students should know, be able to do, and value upon completion of their master's degree. These outcomes are consistent with the mission of Stevenson University Online to help students graduate with the competence and confidence needed to address creatively the opportunities and challenges facing them, their careers, organizations, and communities. The Master-level Learning Outcomes serve as a benchmark to ensure consistent rigor and expectation for all master's degree-seeking students.

Graduates of Stevenson University master's degree programs are:

A. Competent Professionals who:

- Elucidate the major theoretical underpinnings of the discipline
- Articulate current and future trends in the field of study
- Apply advanced discipline knowledge to practical workplace challenges
- Communicate fluently across various perspectives and modalities with technological proficiency

B. Creative Leaders who:

- Articulate challenges and opportunities
- Analyze alternative perspectives and patterns
- Synthesize multiple sources of evidence
- Collaborate to advance a shared goal
- Adapt to multiple cultural contexts and environmental uncertainties

C. Confident Citizens who:

- Examine relevant ethical perspectives
- Practice personal and professional awareness and accountability
- Reflect on their role within a global community
- Evaluate and respond to community concerns

Communication Studies

Description

The Master of Science in Communication Studies is designed for professionals who want to build a foundation of effective communication competencies for personal and professional advancement. According to the National Association of Colleges and Employers 2015 Job Outlook Survey, over 73 percent of employers reported communication skills as a top qualification they seek in potential job candidates. This master's program helps graduates translate fundamental ideas of communication

into real-world applications and develop their skills in evaluating and creating solutions to conflicts that occur within organizations. Graduates also will be equipped to assist organizations in constructing successful team-building strategies and streamlining internal and external communications across various cultural, social, and business settings.

Graduates will be eligible for career opportunities in a variety of growing industries including public relations, advertising and promotions, marketing management, media sales, event planning, and market research. Maryland occupational projections indicate that the potential need for professionals in these industries will continue to increase steadily over the next decade. Employment opportunities for graduates in these growing markets include, but are not limited to, Public Relations Manager, Public Relations Specialist, Advertising Manager, Promotions Manager, Media Sales Manager, Event Planner, and Market Research Analyst.

Outcomes

Upon completion of the Master of Science in Communication Studies, graduates will be able to:

1. Synthesize various theories of human communication.
2. Create written works using scholarly skills in cultural, social, and business communication contexts.
3. Generate appropriate ethical responses as they examine different cultural, social, and business communication contexts.
4. Explain how cultural similarities and differences influence human interaction and communication.
5. Develop creative and practical solutions to problems in cultural, social, and business communication contexts using appropriate methods of communication.
6. Synthesize primary research sources using qualitative and quantitative approaches.
7. Synthesize communication theories, apply communication skills, and deliver professional messages in cultural, social, and business communication contexts.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate

course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. Only one grade of "C" may be applied toward the GPA requirement. Degree requirements must be completed within seven years after the first course applied to the degree was completed.

Requirements

Required courses:

CM 505	Communication Theory and Applications	3
CM 510	Research Writing and Methods	3
CM 600	Cultures and Communication	3
CM 605	Communication Ethics in the Public Sphere	3
CM 610	Interpersonal Communication	3
CM 615	Nonverbal Communication	3
CM 620	Conflict Communication and Leadership	3
CM 625	Media Literacy	3
CM 630	Communication, Technology and Society	3
CM 635	Crisis Communication	3
CM 720	Communication Capstone	6

Course Descriptions

See CM - Communication Studies Courses (p. 61)

Community-Based Education and Leadership

Description

The Master of Arts in Community-Based Education and Leadership is designed to meet the growing demand for highly qualified professionals to teach, lead, and manage in non-formal education settings. Practicing professionals will gain the knowledge and skills to become effective educators, managers, and change leaders in their organizations. Upon completion of the master's program, graduates will have the ability to meet the needs of diverse populations of learners, build transformative learning communities, and foster collaborative partnerships within the expanding non-formal educational sector. The master's degree will prepare students to serve in a variety of educational and leadership positions with nonprofit organizations, private and public educational institutions, and government and community agencies.

Outcomes

Upon completion of the Master of Arts in Community-Based Education and Leadership, students will be able to:

1. Analyze formal, informal, and non-formal theories and frameworks of education.
2. Examine the developmental and cognitive characteristics of learners through the life span.
3. Explore sociological and cultural influences on communities, organizations, and groups.
4. Create, implement, and assess community-based educational programs.

5. Design engaging and innovative learning experiences that foster critical thinking, creativity, and communication skills of learners.
6. Synthesize multiple sources of evidence to make decisions.
7. Use multiple modes of communication to advocate for community-based education.
8. Create management and strategic plans for the sustainability of community-based educational organizations.
9. Foster collaboration among educational institutions, public, private and non-profit agencies, and other community stakeholders.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. Only one grade of "C" may be applied toward the GPA requirement. Degree requirements must be completed within seven years after the first course applied to the degree was completed.

Requirements

Required Courses (24 Credits):

Community-Based Education and Leadership Courses:

CBEL 610	Foundations and Frameworks of Community-Based Education	3
CBEL 612	Innovative Teaching and Learning for 21st Century Skills	3
CBEL 614	Program Planning, Implementation, and Evaluation	3
CBEL 616	Community Engagement and Leadership	3
CBEL 720	Community-Based Education and Leadership Capstone	3

Theory and Research Courses:

ED 604	Cognitive, Social, and Emotional Development of Learners	3
ED 606	Socio-political and Cultural Influences on Families, Organizations, and Communities	3
ED 608	Action Research	3

Elective Courses (12 credits):

Students select four courses from at least two of the following areas of focus:

Communication Courses:

CM 600	Cultures and Communication	3
CM 605	Communication Ethics in the Public Sphere	3

CM 620	Conflict Communication and Leadership	3
CM 625	Media Literacy	3
Management and Leadership Electives:		
CBEL 670	Volunteer Management	3
CBEL 672	Advocacy in Community-Based Organizations	3
CBEL 674	Legal Issues and Risk Management in Community Organizations	3
DTI 635/HCM 635	Innovative Leadership & Management	3
DTI 644/HCM 644	Project Management	3
Teaching and Learning Electives:		
CBEL 662	Youth Development	3
CBEL 664	Teaching & Learning for Specialized Populations	3
ED 510	Psychology and Development of Adolescents	3
ED 605	STEM Curriculum Principles and Practices	3
ED 620	Literacy Strategies in the STEM Content Areas	3
ED 625	Advanced Literacy Strategies in the STEM Content Areas	3
ED 630	Principles of Special Education	3
ED 690	Issues in STEM Education	3
LTED 621	Culturally Responsive Literacy	3
LTED 623	Digital Literacy and Media	3

Certificate Option

Community-Based Education and Leadership (p. 54)

Course Descriptions

CBEL-Community-Based Education and Leadership Courses (p. 62)

Crime Scene Investigation

Description

The Master of Science in Crime Scene Investigation is designed to prepare students to identify, collect and analyze crime scene evidence and to summarize and communicate their findings in a courtroom setting. Federal, state and local law enforcement agencies rely on crime scene investigators to assist field investigative personnel in gathering physical evidence that is then provided to crime laboratory personnel for scientific examination. Prosecutors, defense attorneys, judges and jurors continue to place more importance on the value of scientific evidence in the criminal justice system. Graduates of this degree program will be prepared for careers as crime scene investigators.

Outcomes

Upon completion of the Master of Science in Crime Scene Investigation, graduates will be able to:

1. Process forensic evidence and report findings in an ethical manner.
2. Communicate those findings in both written and oral formats.
3. Apply the quality assurance, quality control and safety requirements used in accredited forensic science laboratories.
4. Evaluate crime scenes and select the appropriate steps to be followed in documenting, collecting, preserving and processing evidence.
5. Develop a comprehensive analysis of the scientific literature on a topic.
6. Formulate a hypothesis, design, and execute a research project.
7. Develop a thesis that reflects the results of the research project; explains those results; and formulates novel suggestions for further study.
8. Participate in mock judicial examinations.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. Only one grade of "C" may be applied toward the GPA requirement. Degree requirements must be completed within seven years after the first course applied to the degree was completed.

Requirements

Required Courses

FSCI 500	Survey of Forensic Science	3
FSCI 540	Crime Scene Photography	3
FSCI 610	Physical Evidence at Crime Scenes	3
FSCI 615	Safety/Quality Control/Quality Assurance	3
FSCI 630	Crime Scene Investigation	3
FSCI 632	Pattern Analysis	3
FSCI 675	Crime Lab: Structure and Operations	3
FSCI 702	Seminar in Forensic Science	3
FSCI 760	Thesis Development in Forensic Science	3
FSCI 761	Forensic Science Thesis	3
FSCI 762	Expert Witness Preparation and Practice	3
FSCI or FS Elective	Forensic Science or Forensic Studies Elective	3

Choose one elective from the following courses: FSCI 640, FSCI 645, FSCI 660, FSCI 617, FSCI 620, FSCI 617. The forensic studies electives must be approved by the forensic science program director.

Certificate Option

Crime Scene Investigation (p. 55)

Course Descriptions

See FSCI - Forensic Science Courses (p. 69)

Cybersecurity and Digital Forensics

Description

The Master of Science in Cybersecurity and Digital Forensics will prepare students with a well-rounded, in-depth knowledge of forensic tools and techniques, as well as provide opportunities to enhance specialized skillsets in areas such as network and cloud forensics, e-discovery, incident response and penetration testing. Students in this program will use current techniques and tools to detect, investigate, analyze, preserve, interpret, document and present digital evidence. Relevant legal and theoretical topics are covered to ensure students have a holistic understanding of the environment in which they will work.

Outcomes

Upon completion of the Master of Science in Cybersecurity and Digital Forensics, graduates will be able to:

1. Interpret and apply the applicable laws and statutes that govern cyber security.
2. Collect and preserve digital evidence (including volatile data and network data) during a computer forensic examination in a forensically sound manner.
3. Select the appropriate tools to analyze, interpret, and recover operating system, application, and registry data, as well as other relevant artifacts.
4. Identify attack vectors and vulnerabilities, including advanced persistent threats (APTs) in order to proactively identify vulnerabilities as well as propose appropriate defenses to exploitation.
5. Analyze information systems for signs of compromise and identify data that has been exfiltrated from those systems.
6. Produce a professional forensic report that articulates the methodology used for the collection, handling, analysis, and preservation of digital evidence and asserts appropriate conclusions and recommendations.
7. Present an oral defense of forensic findings.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade

point average on all graduate work attempted is required for graduation. Only one grade of "C" may be applied toward the GPA requirement. Degree requirements must be completed within seven years after the first course applied to the degree was completed.

Prerequisite Requirements

Students who wish to enter the master's program in cybersecurity and digital forensics must meet **one** of the following admissions prerequisite requirements:

- Bachelor's degree from an accredited institution in a related field (information assurance, computer science, network administration or computer security) and at least two years of related work experience.
- Bachelor's degree from an accredited institution in an unrelated field and at least five years of experience in information technology, telecommunication systems, system administration, network management, or information assurance.

Requirements

Choose one of the three required courses:

FSCOR 601	Foundations of Justice	3
FSCOR 603	Litigation Theory and Practice	3
FSCOR 606	Forensic Research and Writing	3

Required Courses

CYBF 643/FSIS 643	Incident Response and Evidence Collection	3
CYBF 644/FSIS 644	Windows Forensic Examinations	3
CYBF 662/FSIS 662	Network Penetration Testing	3
CYBF 671	Cyber Hunting	3
CYBF 680	Legal Compliance and Ethics	3
CYBF 685	Malware Detection, Analysis, and Prevention	3
CYBF 710	Mock Intrusion and Response	3
FSIS 642	File Systems Forensic Analysis	3
FSIS 646	Windows Intrusion Forensic Investigations	3

Elective Courses: Choose two (6 credits)

CYBF 650/FSIS 650	Intrusion Detection Systems (IDS), Firewalls, Auditing	3
CYBF 663/FSIS 663	Network and Cloud Forensics	3
CYBF 670	Cyber Warfare and Cyber Terrorism	3
FSAAC 620	Forensic Information Technology	3
FSEL 610	Advanced Electronic Discovery	3
FSEL 630	Online Investigation: Strategy & Techniques	3

Certificate Option

Digital Forensics (p. 55)

Course Descriptions

See CYBF - Cyber Forensics Courses (p. 63)

Digital Transformation and Innovation

Description

The Master of Science in Digital Transformation and Innovation (DTI) equips students with the skills and knowledge required to help organizations achieve a competitive advantage in an increasingly global, technology-driven, and information-rich marketplace. The degree program provides students not only with knowledge about a wide variety of technologies and their architectures but also with an understanding of how to obtain the integration of the full range of information technologies within an organization, from both strategic and operational perspectives. It is designed either for students interested in furthering their knowledge of the use and deployment of technology or for the business professional looking to improve management skills along with a practical working knowledge of today's information technologies.

Graduates of Stevenson's DTI degree program will be able to interpret hardware and software standards, manipulate the architecture of current and emerging technologies, and interpret and evaluate the impact of these technologies on competition, organizational structure and workflow processes. They will have the knowledge and ability to communicate effectively on business and technical concerns with all levels of personnel both internal and external to the organization.

The master's degree addresses this need on three levels: the organization, the individual, and the technology. The program core begins by providing an overview of the organization's processes and the systems that support them to achieve the corporation's goals. This is followed by courses dealing with the concepts of human cognition and creativity that address why IT systems frequently fail to meet the requirements of customers. Armed with this knowledge, the IT systems professional can be creative and innovative in more accurately solving the organization's problems and meeting the needs of the customer. The intent is to emphasize the need for information systems professionals to be creative in problem solving and innovative in finding opportunities within the organization.

The degree program has two tracks: both emerging technology and innovative leadership. Tracks focus on the business and management of internal and external information systems essential for support of the organization's connection to its partners and customers.

The capstone courses provide for the integration of practice and theory across the two tracks.

All courses can be completed entirely online. Some 8-week courses are offered in a hybrid format which meet one night per week.

Outcomes

Upon completion of the Master of Science in Digital Transformation and Innovation graduates will be able to:

1. Defend the importance of technology as the underlying foundation of an organization.
2. Analyze the management processes and technology needed to support an organization.
3. Assess the architectural design of current and emerging technologies.
4. Design organizational systems necessary to create effective solutions.
5. Appraise the policy, technical, security, and legal issues that affect an organization.
6. Compose effective communication with all levels of personnel, both orally and in writing, within and external to the organization.

Emerging Technology Track Outcomes

Upon completion of the emerging technology track, graduates will be able to:

1. Evaluate various technologies available to organizations in order to determine their usefulness and what impact, negative or positive, these technologies might have if implemented within these organizations.
2. Understand various IT architectural designs and how they assist organizations.
3. Analyze various software solutions in determining their effectiveness on developing and maintaining customer relationships.
4. Evaluate the software and hardware requirements of network security and assess vulnerabilities that may exist in corporate infrastructures.
5. Determine the importance of having organizational data properly secured and why contingency plans are required by every organization.

Innovative Leadership Track Outcomes

Upon completion of the innovative leadership track, graduates will be able to:

1. Determine the importance of information technology as integrative to the effective functioning and success of organizations.
2. Evaluate the behaviors and practices associated with effective leadership within various organizations with special attention to leadership and management within IT units.
3. Design effective supply chain management strategies using appropriate software systems.
4. Analyze current customer relationship management practices, issues, best practices, and solutions to create competitive advantage for business and industry.
5. Design appropriate tools and processes in business and industry focusing on key issues in strategic leadership and management of IT and incorporating innovative strategies in order to maintain competitive advantage in the marketplace.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may

Forensic Investigation

Description

The Master of Science in Forensic Investigation is designed to prepare students to plan and conduct investigations for business and government agencies. Courses emphasize the gathering and reporting of testimonial and physical evidence and prepare students to conduct investigations by interviewing witnesses, analyzing documents, and synthesizing the results into factually accurate and objective investigative reports and court testimony.

Outcomes

Upon completion of the Master of Science in Forensic Investigation, graduates will be able to:

1. Evaluate the merits of all allegation and prepare an investigative plan, if warranted.
2. Conduct effective interviews and interrogations.
3. Evaluate documentary and testimonial evidence.
4. Synthesize analysis of facts and law into coherent, defensible conclusions.
5. Communicate findings, analysis, conclusions and recommendations effectively, both orally and in writing.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. Only one grade of "C" may be applied toward the GPA requirement. Degree requirements must be completed within seven years after the first course applied to the degree was completed.

Students are required to take and successfully complete FSCOR 601, Criminal Justice; FSCOR 604, Evidence; and FSCOR 606, Forensic Journal Research and Review, before enrolling in other courses.

Requirements

Required Courses:

FSAAC 620	Forensic Information Technology	3
FSCI 500	Survey of Forensic Science	3
FSCOR 601	Foundations of Justice	3
FSCOR 603	Litigation Theory and Practice	3
FSCOR 606	Forensic Research and Writing	3
FSCOR 720	Forensic Studies Capstone	3
FSINV 600	Investigative Techniques/Interviewing	3
FSINV 605	Investigative Techniques/Physical Evidence	3
FSLAW 602	Criminology	3

FSLAW 662	Fraud Investigation and Analysis	3
FSLAW 668	White Collar Crimes	3
FSCI or FS	Forensic Science or Forensic Studies Elective	3

Certificate Option

Forensic Investigation (p. 56)

Course Descriptions

See FSINV - Forensic Investigation Courses (p. 71)

Forensic Science

Description

The Master of Forensic Science degree with areas of concentration in Forensic Biology and Forensic Chemistry will equip students with the ability to visualize and achieve excellence in a dynamic global community. Students will graduate with the competence and confidence needed to address creatively the opportunities and problems facing their communities, the nation, and the world. Graduates of the program will be prepared for employment in local, state, or federal government crime laboratories, forensics laboratories, DNA testing facilities, the biotechnology industry, and/or continued study at the doctoral level.

Outcomes

Upon completion of the Master of Forensic Science degree, graduates will be able to:

1. Process forensic evidence and report findings in an ethical manner.
2. Communicate those findings in both written and oral formats.
3. Apply the quality assurance, quality control and safety requirements used in accredited forensic science laboratories.
4. Develop a comprehensive analysis of the scientific literature of a topic.
5. Formulate a hypothesis, design and execute a research project.
6. Develop a thesis that reflects the results of the research project; explains those results; and formulates novel suggestions for further study.
7. Participate in mock judicial examinations.

Upon completion of the Master of Forensic Science Area of Concentration in Forensic Biology, students will be able to:

1. Examine the science underlying DNA analysis.
2. Describe how DNA is analyzed.
3. Analyze serological evidence.
4. Analyze immunological evidence.

OR

Upon completion of the Master of Forensic Science Area of Concentration in Forensic Chemistry, students will be able to:

1. Examine the science underlying chemical analysis.

- Describe the toxicology and analytical chemistry relevant to isolating and identifying drugs and toxic substances.
- Analyze chemical evidence.
- Analyze trace evidence.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. Only one grade of "C" may be applied toward the GPA requirement. Degree requirements must be completed within seven years after the first course applied to the degree was completed.

Prerequisite Requirements

Forensic Science Program Prerequisite Requirements

Students who wish to enter the master's program in forensic science must have a bachelor's degree in chemistry, biology, or other equivalent natural science, or forensic science - with a cumulative and science/math grade point average of 3.00 or higher on a four-point scale and must meet the following course prerequisites.

The degree programs mentioned above should have the minimum natural science core requirements consisting of the following:

- General chemistry I and II and lab for science majors (8 credit hours)
- Organic chemistry I and II and lab (8 credit hours)
- Biology I for science majors (4 credit hours)
- Physics I and II and lab for science majors (8 credit hours)
- Calculus (3 credit hours)
- Statistics (3 credit hours)

Applicants interested in the Master of Forensic Science Area of Concentration in Chemistry should have the following course work:

- Analytical/Quantitative chemistry
- Instrumental analysis
- Physical chemistry
- Inorganic chemistry

Note: *The above courses should have a laboratory component.*

Applicants interested in the Master of Forensic Science Area of Concentration in Biology should have the following course work:

- Biochemistry
- Molecular biology

- Genetics
- Population statistics
- Cell biology
- Microbiology

Note: *Two of the above courses should have a laboratory component.*

Requirements

The curriculum for the forensic science program follows and is designed to be completed in as few as two years. Students must complete all core courses. In addition, students must elect an area or concentration and complete all courses in the concentration.

Required Courses:

Core Courses:

FSCI 500	Survey of Forensic Science	3
FSCI 610	Physical Evidence at Crime Scenes	3
FSCI 615	Safety/Quality Control/Quality Assurance	3
FSCI 675	Crime Lab: Structure and Operations	3
FSCI 702	Seminar in Forensic Science	3
FSCI 760	Thesis Development in Forensic Science	3
FSCI 761	Forensic Science Thesis	3
FSCI 762	Expert Witness Preparation and Practice	3
FSCI or FS Elective	Forensic Science or Forensic Studies Elective	3

FSCI Electives: FSCI 540, FSCI 630, FSCI 632, FSCI subjects not in the primary subject track.

Forensic Studies elective must be approved by the program director.

Area of Concentration in Biology:

FSCI 640	Serology and Immunology	3
FSCI 645	DNA Analysis	3
FSCI 660	Forensic DNA Computer Applications	3

Area of Concentration in Chemistry:

FSCI 617	Trace Evidence	3
FSCI 620	Drug Analysis	3
FSCI 670	Forensic Toxicology	3

Course Descriptions

See FSCI - Forensic Science (p. 69)

Forensic Studies

Description

The Master of Science in Forensic Studies program is designed to prepare professionals to conduct investigations and examine evidence for the purpose of presenting their findings in legal proceedings as experts in forensic accounting or digital forensics. The program is designed for students whose career goals overlap in two or more areas within forensics or who wish to develop general knowledge in forensic accounting, information technology, and investigations.

The Forensic Studies program is also appropriate for managerial or executive personnel who need a general understanding of a variety of forensic specialties which fall under their areas of responsibility. The broad-based knowledge obtained in the Forensic Studies program prepares students for careers in forensic accounting, digital investigation, and other areas requiring forensic expertise.

Outcomes

Upon completion of the Master of Science in Forensic Studies, graduates will be able to:

1. Evaluate the merits of an allegation and prepare an investigative plan, if warranted.
2. Conduct effective interviews and interrogations.
3. Evaluate documentary and testimonial evidence.
4. Synthesize analyses of facts and law into coherent, defensible conclusions.
5. Communicate findings, analysis, conclusions and recommendations effectively, both orally and in writing.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. Only one grade of "C" may be applied toward the GPA requirement. Degree requirements must be completed within seven years after the first course applied to the degree was completed.

Students are required to take and successfully complete FSCOR 601, Criminal Justice; FSCOR 604, Evidence; and FSCOR 606, Forensic Journal Research and Review, before enrolling in other courses.

Requirements

Required Courses

In addition to the core courses, students will choose five electives of their choice.

FSCOR 601	Foundations of Justice	3
FSCOR 603	Litigation Theory and Practice	3
FSCOR 606	Forensic Research and Writing	3
FSCOR 720	Forensic Studies Capstone	3
FSINV 600	Investigative Techniques/Interviewing	3
FSINV 605	Investigative Techniques/Physical Evidence	3
FSCI or FS Elective	Forensic Science or Forensic Studies Elective	3
	Five Forensic Electives	15

Course Descriptions

See FSCOR - Forensic Studies (p. 70)

Healthcare Management

Description

The Master of Science in Healthcare Management prepares its graduates for leadership positions in which they plan, direct, or coordinate medical and health services in hospitals, clinics, managed care, public health agencies, or similar organizations. The program has two areas of concentration: (1) Quality Management and Patient Safety and (2) Project Management. The curriculum includes integrative experiences that require students to apply real world practice and to synthesize knowledge and skills covered throughout the program. Using the case study method and other problem-solving integrative methodologies, the program provides opportunities for students to participate in team-based activities.

Stevenson's innovative accelerated M.S. in Healthcare Management is designed for working adults who want to complete their degree quickly and expand their career horizons by strengthening their credentials as healthcare managers and administrators. All of the coursework can be completed online. The Master of Science in Healthcare Management including both concentrations has now received specialized accreditation through the International Accreditation Council for Business Education (IACBE).

Quality Management and Patient Safety

This area of concentration prepares graduates to plan, organize, lead, control, and evaluate quality improvement initiatives in healthcare organizations. Course work is focused on ethical, effective, evidence-based, patient-centric theory and practices.

Project Management in Healthcare

This area of concentration prepares graduates to plan, organize, lead, control, and evaluate healthcare organization projects from start to finish. Course work is focused on ethical, effective financial management, innovative leadership, and interdisciplinary teamwork theory and practices.

Outcomes

Upon completion of the Master of Science in Healthcare Management, graduates will be able to:

1. Determine conceptual approaches and techniques to analyze the performance of a healthcare system or unit.
2. Evaluate the health status of populations served by healthcare organizations to address service gaps.
3. Assess the impact of proposed health policy on organizational operations and redesign those structures as needed.
4. Apply principles of leading and managing organizational change and promoting organizational and clinical excellence.

5. Manage information resources to assist in legal, ethical, and effective business and clinical decision-making and management.
6. Communicate effectively with external and internal stakeholders.
7. Apply principles of leading and managing health services organizations under alternative financing mechanisms.
8. Apply principles of leading and managing human resources and health professionals in diverse organizational environments.
9. Analyze statistical, qualitative, quantitative, and economic data to assist in ethical and effective business and clinical decision-making.

Quality Management and Patient Safety Concentration Outcomes

Upon completion of the program, a graduate in the quality management and patient safety concentration will be able to:

1. Formulate a plan to assess performance of quality management and patient-centric safety efforts in a healthcare system or unit.
2. Critique, synthesize and apply theories, models, and research relating to quality improvement and patient safety initiatives.
3. Deduce trends in healthcare that promote best practices in ethical and effective, evidence-based quality management and patient safety.
4. Produce techniques of operations assessment and improvement that continually improve the quality of care provided and patient safety.
5. Propose and justify methods and tools for analysis of quality management and patient-centric safety initiatives.
6. Demonstrate through written, oral, and other presentation skills, an in-depth understanding of the quality management and patient safety efforts in a healthcare system or unit.
7. Apply principles of leading and managing a quality improvement and patient safety initiative in a healthcare system or unit.
8. Analyze and interpret statistical, quantitative data and other performance indicators of quality management and patient safety initiatives.

Project Management in Healthcare Concentration Outcomes

Upon completion of the program, a graduate in the project management in leadership concentration will be able to:

1. Formulate a plan to assess performance of project management in a healthcare system or unit.
2. Critique, synthesize and apply theories, models, and research relating to project management in a healthcare system or unit.
3. Deduce trends in best practices in healthcare teamwork that promote ethical, effective, and efficient interdisciplinary project management.

4. Produce techniques of operations assessment and improvement that assess project management efficiency and effectiveness.
5. Propose and justify tools and methods of project management.
6. Demonstrate through written, oral, and other presentation skills, an in-depth understanding of project management in a healthcare system or unit.
7. Apply principles of leading and managing in a project with an interdisciplinary team in a healthcare system or unit.
8. Analyze and interpret statistical, quantitative data and other performance indicators of project management in a healthcare system or unit.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. Only one grade of "C" may be applied toward the GPA requirement. Degree requirements must be completed within seven years after the first course applied to the degree was completed.

Newly admitted students to the MS in HCM program are allowed to take only one course in the first session after their admission. Depending on the date of admission, the student must take either HCM 600 or HCM 605 as their first and only course. More than one course in their first session requires written permission from the program coordinator. Upon successful completion of their first session, students may register for more than one course.

Requirements

Students must complete all core courses, all courses for the selected track, and two electives from the approved course list.

Core Courses

HCM 557/NURS 557	Project and Resource Management	3
HCM 600/NURS 600	Managerial Epidemiology and Statistics	3
HCM 605	Healthcare Management and Administration	3
HCM 612	Healthcare Policy, Law, and Ethics	3
HCM 620	Human Resources Development in Healthcare	3
HCM 650/NURS 650	Organizational Behavior in Healthcare	3

HCM 652/NURS 652	Health Care Finance: Challenges	3
Quality Management and Patient Safety Track		
HCM 660/NURS 660	Planning for Evidence-Based Practice	3
HCM 662/NURS 662	Quality Management in Health Care	3
HCM 667/DTI 667	Customer Relationship Management (E-CRM)	3
Project Management in Healthcare Track		
HCM 635/DTI 635	Innovative Leadership & Management	3
HCM 640	Teamwork in Healthcare Settings	3
HCM 644/DTI 644	Project Management	3
Electives		
DTI 672	IT Financial Management	3
HCM 635/DTI 635	Innovative Leadership & Management	3
HCM 640	Teamwork in Healthcare Settings	3
HCM 642	Healthcare Project Planning and Management	3
HCM 644/DTI 644	Project Management	3
HCM 646	Project Management Accounting	3
HCM 665	Patient Satisfaction and Quality Improvement	3
HCM 669	Patient Advocacy for Healthcare Quality	3
HCM 700	Internship in Healthcare Management	3
FSAAC 624	Fraud: Accounting	3
FSAAC 640	Business Valuation	3
FSLAW 668	White Collar Crimes	3

Course Descriptions

See Healthcare Management Course Descriptions (p. 73)

Integrative Learning

Description

The Master of Education in Integrative Learning is designed to equip teachers, instructional leaders, and educational professionals with the knowledge, skills, and ability necessary to promote students' 21st century learning, lead curricular reform, and engage community stakeholders for student success in a dynamic and changing world.

As the 21st century unfolds, an integrative approach to teaching and learning has emerged as a necessary model for addressing the learning needs of students in a world where the jobs of tomorrow have not yet been imagined. Integrative learning fosters students' ability to think critically, make connections among concepts and

experiences, use multiple literacies to communicate, and apply learning to novel and complex issues or challenges with real-world implications. Integrative learning engages students, parents, teachers, administrators, community members, and policy makers in a shared responsibility for the lifelong learning success of students.

Degree candidates in this 36-credit program will be well-grounded in the social and emotional development of learners; the socio-political and cultural influences on students and communities; rigorous problem-based learning approaches; emerging technologies; and community engagement and leadership. Students complete 21 credits of required coursework in theory, research, and integrative learning practices. Modeling a multidisciplinary approach, students select 15 credits of elective courses from three focus areas of Engaged Learning for 21st Century Skills, Multiple Literacies, and Community Engagement and Leadership, with one area as their primary focus based on individual professional goals. All students complete an action research project and capstone experience implementing theory into practice.

Outcomes

Upon completion of the Master of Education in Integrative Learning, graduates will be able to:

1. Analyze the social and emotional development that shapes the way learners interpret information, build knowledge, and communicate.
2. Assess the socio-political and cultural influences on learners, their families, and the educational systems within their communities.
3. Design engaging and innovative learning experiences that foster critical thinking, creativity, and communication skills of learners.
4. Evaluate the purpose and application of digital tools and media to support the reading, writing, and communication skills of 21st century learners.
5. Analyze leadership theories and leader behaviors that foster change, empower others, and promote collaboration among educational and community stakeholders.
6. Integrate theory with practice through action research that seeks to advance integrative and engaged learning.
7. Reflect on one's role as an educator and leader.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. Only one grade of a "C" may be applied

toward the GPS requirement. Degree requirements must be completed within seven years after the first course applied to the degree is completed.

Requirements

Required Courses

Theory and Research Core

ED 604	Cognitive, Social, and Emotional Development of Learners	3
ED 606	Socio-political and Cultural Influences on Families, Organizations, and Communities	3
ED 608	Action Research	3

Integrative Learning Core

CBEL 612	Innovative Teaching and Learning for 21st Century Skills	3
CBEL 616	Community Engagement and Leadership	3
LTED 623	Digital Literacy and Media	3

Capstone

Students must select a capstone in their primary focus area.

CBEL 720	Community-Based Education and Leadership Capstone	3
ED 710	Professional Internship	6
LTED 701	Literacy Capstone	3

Electives

Primary Focus Area - 9 credits

Students select three elective courses from one of three focus areas below as their primary area of focus: Engaged Learning, Multiple Literacies, Community Engagement and Leadership.

Secondary Focus Areas - 6 credits

Students select two elective courses from either of the focus areas other than their primary area.

Engaged Learning for 21st Century Skills

Educators will learn pedagogies of integrative, collaborative, and experiential student-centered learning that prepares educators to be on the forefront of innovative education.

CBEL 664	Teaching & Learning for Specialized Populations	3
ED 550	Mathematical Concepts and Problem Solving for Middle School Teacher	3
ED 560	Scientific Concepts for Middle School Teachers	3
ED 605	STEM Curriculum Principles and Practices	3
ED 615	Principles of Assessment	3
ED 630	Principles of Special Education	3
ED 660	Foundations for Teaching ELL	3
ED 690	Issues in STEM Education	3

Multiple Literacies

Educators will be equipped with the theory and practice necessary to develop learners’ knowledge, skills, and abilities in interpreting and using multiple literacies such as visual, digital, media, and technological literacies

within varied social and cultural contexts that moves beyond traditional literacy.

CM 615	Nonverbal Communication	3
LTED 603	Foundations of Literacy	3
LTED 611	Literacy Assessment	3
LTED 621	Culturally Responsive Literacy	3
LTED XXX	Children’s Literature	3
ED 620	Literacy Strategies in the STEM Content Areas	3
ED 625	Advanced Literacy Strategies in the STEM Content Areas	3
ED 660	Foundations for Teaching ELL	3

LTED 603, LTED 611, and LTED 621 meet educational requirements for MSDE Reading Teacher Endorsement ED 620 and ED 625 meet MSDE Secondary Reading/Literacy in the Content Area Requirement

Community Engagement and Leadership

Students will learn the critical elements of leadership and management necessary to build transformative learning communities and foster collaborative school and community partnerships.

CBEL 610	Foundations and Frameworks of Community-Based Education	3
CBEL 614	Program Planning, Implementation, and Evaluation	3
CBEL 616	Community Engagement and Leadership	3
CBEL 662	Youth Development	3
CBEL 670	Volunteer Management	3
CBEL 672	Advocacy in Community-Based Organizations	3
CM 600	Cultures and Communication	3
CM 620	Conflict Communication and Leadership	3
CM 635	Crisis Communication	3

Nursing

Description

The Master of Science in Nursing is designed to help meet the significant national and state need for more nurses prepared at the graduate level, with a special focus on education, forensic nursing, leadership/management or population-based care coordination. Graduates will earn a Master of Science degree with a major in nursing.

Designed as a part-time, accelerated, online program, the program is offered to registered nurses who already have a bachelor’s degree in nursing.

Graduates gain the theoretical and analytical knowledge required to contribute to the nursing profession as educators, leaders/managers or population-based care coordinators. All students participate in a practicum experience, partnered with experienced nurses in their chosen specialty, to have the opportunity to learn and demonstrate new knowledge and skills.

Program Highlights

- Multiple Starting Points - Students can choose to start their program in the fall, spring, or summer

semesters. This gives students the opportunity to begin when they are ready.

- One Course at a Time - Designed for working nurses, the program allows students to focus on one course at a time, building a foundation for future coursework as they progress.
- Flexible Schedule - Students can choose the pace that works best for them, allowing a balance of work, school and life events.
- Accelerated Format - Courses are offered in accelerated 8-week formats. The only exception is the capstone course, which is offered over a full 16-week semester.

Areas of Concentration

Students will choose to focus on one of the following areas of concentration:

- Nursing Education
- Forensic Nursing
- Nursing Leadership/Management
- Population-Based Care Coordination

Nursing Education

This area of concentration is designed to help meet the tremendous need for nurse faculty – a shortage that is limiting enrollment in nursing schools nationwide. Education is practiced by all nurses in formal and informal settings. This concentration recognizes the changing practice of nursing education, whether in the academic or clinical setting. From the increasing use of simulation to online courses, nursing educators in today's healthcare environment must be able to develop, implement, and evaluate courses using multiple teaching strategies, including online course delivery.

Forensic Nursing

This area of concentration is designed to cultivate and prepare registered nurses to address the needs of victims of violent sexual and non-sexual crimes. Forensic nurses are uniquely positioned to care for patients during the post-traumatic experience. Using the nursing process and a multi-system approach to administer forensic healthcare, collect evidence, and connect the victim to community resources, the forensic nurse improves the health and wellness for these individuals.

Nursing Leadership/Management

This area of concentration recognizes that all nurses, regardless of position, can be called on to serve in leadership roles. This area also addresses the key workforce need for more nurse managers, as many existing nurse leaders in hospitals and healthcare organizations will retire in the coming years. In challenging economic times, leadership is critical to the success of healthcare institutions.

Population-Based Care Coordination

This area of concentration is designed to prepare nurses for roles that have increased in demand since the implementation of the Affordable Care Act. Nursing professionals will gain appropriate skills that enable them to make ongoing changes in the health systems they

serve, as well as acquiring the knowledge and abilities to adapt to future challenges in nursing. Graduates of this program may work in a variety of roles, such as case managers with hospital systems, nurse community liaisons with third-party organizations, nurse navigators within hospitals or community coordinators within health departments.

Outcomes

The objective of the program is to prepare registered nurses with a Master of Science degree with a major in nursing who will practice in advanced roles as nurse educators, leaders/managers, or population-based care coordinators. Master's-prepared nurses are professionals with specialized knowledge and skills that are applied within a broad range of patient populations in a variety of practice settings.

Upon completion of the Master of Science in Nursing, graduates will be able to:

1. Advance the scholarship and discipline of nursing through the acquisition and dissemination of new nursing knowledge.
2. Demonstrate advanced mastery of nursing theory, evidence-based practice, service, and research based upon a multidisciplinary theoretical foundation.
3. Analyze advanced roles in nursing as educators, leaders, and managers in a variety of settings: academic environments, health care agencies, political systems, and in the public and private sectors.
4. Advocate for the nursing profession through demonstration of personal accountability, responsibility for advanced nursing practice and professional role modeling and mentoring.
5. Synthesize knowledge of decision-making skills and change theory to promote excellence in nursing practice within a dynamic and global health care system.

Education Concentration Outcomes

Upon completion of the program, a graduate in the education concentration will be able to:

1. Analyze trends in nursing science to promote best educational practices.
2. Apply learning theories and curriculum design models in the development of learning experiences in nursing education.
3. Analyze significant issues arising between clinical nursing practice and nursing education.
4. Design curricula for a variety of educational settings using relevant theories and evidence-based teaching strategies.
5. Integrate teaching and learning theory with concepts of health protection, promotion, and maintenance to address the needs of individuals from various cultures.
6. Integrate theories and principles of teaching and learning with knowledge of pathophysiology, pharmacology, and physical assessment in the role of the nurse educator in academic and practice settings.

Forensic Nursing Concentration Outcomes

Upon completion of the program, a graduate in the forensic nursing concentration will be able to:

1. Critique concepts and theories of nursing, social justice, and health care delivery related to victims of violence.
2. Integrate social, educational, and legal theory, evidence-based practice, and research to address the complex needs of vulnerable populations and victims of violence.
3. Analyze trends in forensic nursing to develop, promote, and implement protocols, policies, and systems that best respond to the complex health needs of victims and violence.
4. Analyze the impact of role of forensic nurse in advancing the relationship between civic, legal, and health care sectors.
5. Evaluate culturally competent strategies to educate individuals in the traditional of forensic nursing and forensic wellness through the examination of inter-professional collaborative relationships, social networks, and organizational systems.

Leadership/Management Concentration Outcomes

Upon completion of the program, a graduate in the leadership/management concentration will be able to:

1. Analyze trends in healthcare and health administration and promote best business management practices that improve the health of our citizens.
2. Synthesize leadership theories and principles of human resource management to improve and promote nursing care in a variety of environments.
3. Analyze significant issues between clinical nursing practice and health care administration and provide leadership in the pragmatic resolution of conflicts.
4. Synthesize and apply theories, models, and research relating to nursing management and health systems.
5. Analyze managerial problems in healthcare and provide resource solutions.
6. Critique concepts and theories of nursing, health care delivery, financing, and regulatory issues related to health care organizations.

Population-Based Care Coordination Outcomes

Upon completion of the program, a graduate in the population-base care coordination concentration will be able to:

1. Conduct needs assessments within communities and health care systems, engaging multiple stakeholders.
2. Design a plan of care for specific populations incorporating knowledge of community resources, health care law, and regulations.
3. Evaluate quality and safety outcomes within community healthcare systems.
4. Implement care management projects based on target population need assessment and evidence-based standards of care.

5. Evaluate culturally-competent community care management strategies through the examination of inter-professional collaborative relationships, social networks, and organizational systems.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. Only one grade of "C" may be applied toward the GPA requirement. Degree requirements must be completed within seven years after the first course applied to the degree was completed.

Requirements

Core courses give all master's degree-seeking students a strong foundation in nursing research, essential for the implementation of evidence-based practice and to effectively utilize data for problem solving. Additional core courses provide advanced knowledge in the legal, ethical, political, and social forces impacting the global health care environment. The core courses, plus the courses within the areas of concentration, provide a foundation for doctoral education.

All students must successfully complete the following core courses before moving into courses in their area of concentration.

Core Courses

NURS 515	Concepts of Nursing Informatics	3
NURS 520	Quantitative Methods in Nursing Research	3
NURS 530	Qualitative Inquiry in Nursing	3
NURS 547	Global Health Care Perspectives	3
NURS 557/HCM 557	Project and Resource Management	3

Education Courses

This area of concentration includes courses in pedagogy, curriculum design, educational assessment, and a teaching practicum.

The following courses must be completed sequentially:

NURS 610	Advanced Pathophysiology and Pharmacology	3
NURS 615	Advanced Health Assessment	3
NURS 632	Curriculum Design and Innovation	3
NURS 635	Teaching and Learning Strategies/Evaluation	3
NURS 642	Instructional Media in Education	3
NURS 736	Nursing Education Practicum	3
NURS 737	Graduate Nursing Capstone	3

Forensic Nursing Courses

This area of concentration includes courses in health assessment, forensic nursing, criminal justice, forensic science, and cultural perspectives in society.

The following courses must be completed sequentially:

ED 606	Socio-political and Cultural Influences on Families, Organizations, and Communities	3
FSCOR 601	Foundations of Justice	3
FSCI 762	Expert Witness Preparation and Practice	3
NURS 615	Advanced Health Assessment	3
NURS 620	Introduction to Forensic Nursing	3
NURS 737	Graduate Nursing Capstone	3
NURS XXX	Forensic Nursing Practicum	3

Leadership/Management Courses

This area of concentration includes courses on organizational behavior, health care finance, quality management, and a leadership practicum.

The following courses must be completed sequentially:

NURS 650/HCM 650	Organizational Behavior in Healthcare	3
NURS 652/HCM 652	Health Care Finance: Challenges	3
NURS 660/HCM 660	Planning for Evidence-Based Practice	3
NURS 662/HCM 662	Quality Management in Health Care	3
NURS 750	Nursing Leadership/Management Capstone	6
Elective	Approved Health Care Management course or course from the Population-Based Care Coordination or Education Concentration	3

Elective: Approved Healthcare Management course or course from the Education or Population-Based Care Concentration

Population-Based Care Coordination Courses

This area of concentration includes courses on communication, coordination, vulnerable populations, epidemiology, and a Population-Based Care Coordination practicum.

The following courses must be completed sequentially:

NURS 600/HCM 600	Managerial Epidemiology and Statistics	3
NURS 670	Communication and Conflict Resolution	3
NURS 672	Population-Based Care: Vulnerable Populations	3
NURS 674	Professional/Legal Issues in Population-Based Care	3
NURS 760	Population-Based Care Coordination Capstone	6
Elective	Approved Health Care Management course or course from the Population-Based Care	3

Coordination or Education Concentration

Elective: Approved Healthcare Management course or course from the Education or Leadership/Management Concentration

Residency Requirements

The Master of Science in Nursing has a residency requirement at the end of the program. The residency component supports the interactive nature of the profession, which requires students to demonstrate not only knowledge, but the increased ability at the graduate level to articulate and discuss nursing issues and challenges. Further, the residency allows students to demonstrate those skills and competencies they will need in their professional positions. Students unable to come to campus for this component of the program will be able to participate through the use of synchronous online software capabilities already available at the university.

Certificate Option

Nursing Education (p. 58)
Population-Based Care Coordination (p. 58)

Course Descriptions

See NURS-Graduate Nursing Courses (p. 75)

Psychology - Doctor of Psychology in Clinical Psychology

Description

The Psy.D. program will prepare clinical psychologists to provide evidence-based and culturally competent clinical services to their communities in assessment, diagnosis, treatment and interventions, supervision, consultation, and advocacy. Students will develop skills and competencies consistent with the APA Standards of Accreditation for Health Service Psychology for a doctoral program in Clinical Psychology.

Through a combination of classroom instruction, clinical placements, and internship, students will develop the core competencies and discipline-specific knowledge required for effective clinical practice. Students will develop competency in the following areas: research, ethical and legal standards, individual and cultural diversity, communication and interpersonal skills, assessment, intervention, supervision, consultation, and interprofessional/interdisciplinary skills. Profession-wide competencies and discipline-specific knowledge acquired will encompass knowledge of the fundamental areas of psychology, including the history of psychology; affective, biological, cognitive, developmental, and social aspects of behavior; research methods; statistical analysis; and psychometrics.

Outcomes

Upon successful completion of the Doctor of Psychology in Clinical Psychology, students will be able to:

1. Apply psychological theory and scientific knowledge to an understanding of psychological function and dysfunction, maladaptation, and psychopathology.
2. Conduct evidence-based psychological assessments and diagnosis.
3. Conduct evidence-based psychological intervention, treatment, supervision, and consultation.
4. Apply research methods appropriate to the activities of the scientist-practitioner.
5. Conduct professional activities consistent with ethical, legal, and professional standards of Health Service Psychology.
6. Demonstrate appropriate communication and interpersonal skills with sensitivity to human diversity, including the ability to deliver high quality services to a diverse population.

Policies

Prerequisite Course Policies

Students must have completed undergraduate courses in research methods, statistics, psychopathology, and human development prior to beginning doctoral classes. A tests and measurements course is strongly advised.

Students with master’s degrees in psychology or other disciplines are expected to fulfill all course requirements of the Psy.D. at Stevenson University. No transfer credit will be given for master’s level courses. Up to nine credits of coursework, completed in an APA-accredited doctoral program in a health service psychology (i.e. clinical, counseling, school) field will be considered for transfer credit. In making such determinations, the academic program director will evaluate courses taken at the other institutions on a course-by-course basis after a review of transcripts, catalog descriptions, and course syllabi.

Academic Policies

- The minimum acceptable grade for all courses in the Psy.D. program is a B.
- Students earning a grade below a "B" may repeat the course only once.
- Students must maintain an overall GPA of 3.0
- Students who earn grades of C or below in two courses or twice in the same course will be dismissed from the program.
- Students who have not defended their dissertation by the end of their fifth semester may be required to register for an additional semester or semesters.
- Students enroll in PSY 902 for a full year - summer, fall, and spring OR fall, spring, summer depending on the internship start date.

Requirements

Discipline-Specific Knowledge

PSY 603	Lifespan Development	3
PSY 604	Social Psychology	3
PSY 605	Biological Bases of Behavior	3
PSY 606	Cognitive and Affective Bases of Behavior	3
PSY 610	Psychopathology	3

PSY 710	History of Psychology	3
PSY 730	Psychopharmacology	3

Profession-Wide Competencies

PSY 601	Design and Analysis I	3
PSY 602	Design and Analysis II	3
PSY 640	Introduction to Psychotherapy	
PSY 641	Theories of Psychotherapy	3
PSY 701	Cognitive Assessment	3
PSY 702	Personality Theory and Assessment	3
PSY 703	Assessment Lab	3
PSY 720	Models of Psychotherapy	3 - Course must be taken 3 semesters
PSY 740	Legal and Ethical Issues in Clinical Practice	3
PSY 750	Multicultural Competencies in Clinical Practice	3
PSY 780	Case Consultation	1.5 - Course must be taken 4 semesters
PSY 790	Consultation and Supervision in Health Services	3
PSY 810	Practicum	1.5 - Course must be taken 6 semesters
PSY 880	Advanced Consultation	1.5 - Course must be taken 4 semesters

Electives

Students must take 6 credits from the following courses.

PSY 630	Professional Practice	3
PSY 704	Special Topics in Assessment	3
PSY 725	Special Topics in Clinical Psychology	3

Dissertation - 15 credits

PSY 901	Dissertation	
---------	--------------	--

Internship - 9 credits

PSY 902	Internship	
---------	------------	--

Course Descriptions

See PSY-Graduate Psychology Courses (p. 78)

Teaching

Description

The Master of Arts in Teaching (MAT) with a STEM focus prepares candidates for initial certification in secondary education (grades 7-12) in the areas of biology, chemistry, earth/space science, physics, physical science and mathematics. The program is designed for recent graduates and career changers in the STEM fields who desired to enter the teaching profession. The program focuses on a STEM approach to teaching and learning that prepares graduates to engage learners in collaborative, innovative, and project-based learning for solving real world problems.

Stevenson's MAT program is delivered in an online cohort format that maximizes flexibility for working adults. Course content is facilitated for seasoned educational professionals through engaging online activities. Current and innovative educational technologies are embedded into course content to prepare candidates to meet the needs of the 21st century learner. Through authentic field experiences and a teaching internship, candidates gain the knowledge, skills, and disposition to engage and inspire learners.

Candidates who successfully complete the MAT program, including achieving qualifying scores on Praxis® Core (or meeting the qualifying scores on either Praxis® I, SAT, ACT, or GRE and Praxis® II,) are eligible for teaching certification in Maryland and in states with reciprocal agreements with the Maryland State Department of Education (MSDE) in the area of secondary biology, chemistry, earth/space science, physics, physical science and mathematics.

Outcomes

Consistent with the School of Education's outcomes, upon completion of the Master of Arts in Teaching in Secondary Biology, Chemistry, Earth/Space Science, Physics, Physical Science or Mathematics, teacher candidates will be able to:

1. Apply knowledge of discipline content and content-related pedagogy to design and implement effective instruction for all learners.
2. Use knowledge of diverse students to design instruction and create a culturally responsive, equitable environment to support achievement for all learners.
3. Design and implement instruction that engages students, encourages student participation, promotes higher-level thinking, and supports instructional outcomes.
4. Design and implement assessment that monitors student learning, provides purposeful feedback on progress, and furnishes evidence to inform instruction.
5. Reflect on teaching, collaborate in a professional learning community, seek professional development opportunities, engage in inquiry, persist toward goals, and exhibit integrity and professionalism.

Prerequisite Requirements

To be admitted into the MAT program, all candidates must complete the following course work and meet MSDE requirements for initial certification as identified below:

- Complete a bachelor's degree in a science or mathematics discipline from an accredited institution with 30 credit hours in the content area.
- Provide official transcripts* of all previous undergraduate-level and graduate-level college coursework.
- Attain a cumulative GPA in undergraduate coursework of 3.0 on a four-point scale.
- Provide two letters of recommendation, either professional or academic.
- Complete an interview with the Program Coordinator of SUO Graduate Education.

To be admitted into a teaching internship (ED 710), candidates must:

- Attain a qualifying score on Praxis® II Content Knowledge assessment for the area or desired certification.
- Completed prerequisite coursework with a 3.0 GPA or better.
- Complete a criminal background check.

Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a graduate program one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for graduation. Only one grade of "C" may be applied toward the GPA requirement. Degree requirements must be completed within seven years after the first course applied to the degree was completed.

Requirements

All MAT candidates must complete the following coursework and meet MDSE requirements for initial certification as identified below. Ed 550 and ED 560 are only options for middle school teachers who need to take the Praxis.

Required Courses

ED 510	Psychology and Development of Adolescents	3
ED 605	STEM Curriculum Principles and Practices	3
ED 615	Principles of Assessment	3
ED 620	Literacy Strategies in the STEM Content Areas	3
ED 625	Advanced Literacy Strategies in the STEM Content Areas	3

ED 630	Principles of Special Education	3
ED 640	Methods and Technologies of Teaching Secondary Math and Science with a STEM Focus I	3
ED 645	Methods and Technologies of Teaching Secondary Math and Science with a STEM Focus II	3
ED 550	Mathematical Concepts and Problem Solving for Middle School Teacher	3
ED 560	or Scientific Concepts for Middle School Teachers	3
ED 690	Issues in STEM Education	3
ED 710	Professional Internship	6

Residency Requirement

Stevenson's MAT program includes mandatory onsite weekend residencies twice a year. The interpersonal relationship developed as part of the cohort residencies enhance the academic learning and emotional well-being of the adult learner. The residency is an essential part of building that community. Residencies are scheduled on a Saturday at Stevenson University at the start of the fall and spring semesters. Attendance is mandatory for the full period of the residency unless with prior permission of the Program Coordinator. Students may engage in seminars, workshops, peer led discussions and presentations during residency.

MSDE requirements for initial certification:

- Successful completion of Stevenson University's Maryland Approved MAT program.
- 3.0 GPA for last completed degree **or** qualifying scores on Praxis® Core (basic skills) **and** Praxis® II content knowledge and pedagogy assessments.
- Successful completion of 100-day teaching internship in the candidate's area of certification.
- Passing scores on MSDE required Praxis tests and performance assessments.

Certificate Option

Secondary STEM Teaching and Learning (p. 59)

Course Descriptions

See ED - Teaching Secondary Mathematics and Sciences Courses (p. 67)

Certificate Options - Post-Baccalaureate

Stevenson University Online offers Post-Baccalaureate Certificates in:

- Community-Based Education and Leadership
- Crime Scene Investigation
- Digital Forensics
- Forensic Accounting
- Forensic Investigation
- Literacy Education
- Nursing Education
- Population-Based Care Coordination
- Secondary (7-12) STEM Teaching and Learning
- Quality Management and Patient Safety

Community-Based Education and Leadership

Certificate Requirements

Certificate Description

The Post-Baccalaureate Certificate in Community-Based Education and Leadership is designed for practicing professionals in non-formal and informal education settings who want to expand their knowledge and skills to become effective educators and change leaders in their organizations. Upon completion of the certificate, graduates will have the ability to meet the needs of diverse populations of learners, build transformative learning communities, and foster collaborative partnerships within the expanding non-formal educational sector. Coursework for this 15-credit hour certificate option can be completed online.

Due to the unique blend of coursework including understanding 21st century teaching and learning as well as organizational management and leadership, this certificate benefits a variety of positions, including and not limited to the following: athletic coaches, community education leaders, higher education professionals, non-profit leaders, and youth development specialists.

Information on admission requirements can be found at Post-Baccalaureate Certificates Admissions Requirements (p. 13).

Certificate Outcomes

Upon completion of the Post-Baccalaureate Certificate in Community-Based Education and Leadership, recipients will be able to:

1. Analyze formal, informal, and non-formal theories and frameworks of education.
2. Examine the developmental and cognitive characteristics of learners through the life span.
3. Explore sociological and cultural influences on communities, organizations, and groups.
4. Create, implement, and assess community-based educational programs.
5. Design engaging and innovative learning experiences that foster critical thinking, creativity, and communication skills of learners.
6. Synthesize multiple sources of evidence to make decisions.
7. Use multiple modes of communication to advocate for community-based education.
8. Create management and strategic plans for the sustainability of community-based educational organizations.
9. Foster collaboration among educational institutions, public, private and non-profit agencies, and other community stakeholders.

Certificate Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a post-baccalaureate certificate one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for completion of the certificate. Only one grade of "C" may be applied toward the GPA requirement. Certificate requirements must be completed within seven years after the first course applied to the degree was completed. (p. 34)

Required Courses

Students must complete the following 9 credits:

CBEL 610	Foundations and Frameworks of Community-Based Education	3
----------	---	---

CBEL 616	Community Engagement and Leadership	3
ED 606	Socio-political and Cultural Influences on Families, Organizations, and Communities	3

Students will select two electives from either of the following focus areas:

Management-Leadership Electives

CBEL 670	Volunteer Management	3
CBEL 672	Advocacy in Community-Based Organizations	3
CBEL 674	Legal Issues and Risk Management in Community Organizations	3

Teaching and Learning Electives

Students will select two courses from the following focus areas.

CBEL 612	Innovative Teaching and Learning for 21st Century Skills	3
CBEL 614	Program Planning, Implementation, and Evaluation	3
CBEL 662	Youth Development	3
CBEL 664	Teaching & Learning for Specialized Populations	3
ED 604	Cognitive, Social, and Emotional Development of Learners	3

Crime Scene Investigation

Certificate Requirements

Certificate Description

The Post-Baccalaureate Certificate in Crime Scene Investigation is designed to prepare students with the skills to evaluate crime scenes and select the appropriate steps to be followed in documenting, collecting, preserving, and processing evidence. This post-baccalaureate certificate trains professionals to process forensic evidence and report their findings in an ethical manner for the purpose of effectively communicating those findings in a courtroom setting. Information on admissions requirements can be found at Post-Baccalaureate Certificates Admissions Requirements (p. 13).

Certificate Outcomes

Upon completion of the Post-Baccalaureate Certificate in Crime Scene Investigation, recipients will be able to:

1. Process forensic evidence and report findings in an ethical manner.
2. Communicate those findings in both written and oral formats.
3. Apply the quality assurance, quality control and safety requirements used in accredited forensic science laboratories.
4. Evaluate crime scenes and select the appropriate steps to be followed in documenting, collective, preserving and processing evidence.

Certificate Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may

repeat one course in a post-baccalaureate certificate one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for completion of the certificate. Only one grade of "C" may be applied toward the GPA requirement. Certificate requirements must be completed within seven years after the first course applied to the degree was completed.

Certificate requirements must be completed within seven years after the first course applied to the program was completed.

Required Courses

Students must complete the following 18 credits:

FSCI 500	Survey of Forensic Science	3
FSCI 540	Crime Scene Photography	3
FSCI 610	Physical Evidence at Crime Scenes	3
FSCI 615	Safety/Quality Control/Quality Assurance	3
FSCI 630	Crime Scene Investigation	3
FSCI 632	Pattern Analysis	3

Digital Forensics

Certificate Requirements

Certificate Description

The Post-Baccalaureate Certificate program in Digital Forensics prepares students and forensic professionals to identify, acquire, restore, and analyze electronic data. Our certificate program provides students with the knowledge to design a comprehensive methodology to cover the acquisition, preservation, and analysis of various forms of digital evidence. Graduates of the certificate program will be equipped with the skills to communicate their findings, analysis, and conclusions effectively, especially as expert witnesses during trials. Coursework can be completed entirely online for this 18-credit hour program. Information on admissions requirements can be found at Post-Baccalaureate Certificates Admissions Requirements (p. 13).

Certificate Outcomes

Upon completion of the Post-Baccalaureate Certificate in Digital Forensics, recipients will be able to:

1. Collect, handle and preserve digital evidence.
2. Design a comprehensive methodology to cover the acquisition, preservation and analysis of various forms of digital evidence.
3. Analyze and interpret file system data, operating system data and application data.
4. Synthesize auditing, computer forensic and investigative analyses into coherent, defensible conclusions

Certificate Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a post-baccalaureate certificate one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for completion of the certificate. Only one grade of "C" may be applied toward the GPA requirement. Certificate requirements must be completed within seven years after the first course applied to the degree was completed.

Required Courses

Students must complete the following 18 credits:

FSCOR 601	Foundations of Justice	3
FSINV 600	Investigative Techniques/Interviewing	3
FSLAW 668	White Collar Crimes	3
FSIS 642	File Systems Forensic Analysis	3
FSIS 643/CYBF 643	Incident Response and Evidence Collection	3
FSIS 644/CYBF 644	Windows Forensic Examinations	3

Forensic Accounting**Certificate Requirements****Certificate Description**

The Post-Baccalaureate Certificate program in Forensic Accounting provides accounting students and professionals with the necessary skills in asset protection and financial reporting to prepare them for careers in both investigative accounting and fraud prevention. Courses in Stevenson University's Forensic Accounting Certificate program are taught by practicing forensic accountants and focus on synthesizing accounting, auditing, computer, and investigative analyses into coherent, defensible conclusions. Coursework can be completed entirely online for this 18-credit hour program. Information on admissions requirements can be found at Post-Baccalaureate Certificates Admissions Requirements (p. 13).

Certificate Outcomes

Upon completion of the Post-Baccalaureate Certificate in Forensic Accounting, recipients will be able to:

1. Examine financial statements for false and/or misleading statements.
2. Assess fraud risk and adequacy of internal control structures.
3. Evaluate financial evidence.
4. Synthesize accounting, auditing, computer and investigative analyses into coherent, defensible conclusions.

Certificate Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a post-baccalaureate certificate one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for completion of the certificate. Only one grade of "C" may be applied toward the GPA requirement. Certificate requirements must be completed within seven years after the first course applied to the degree was completed.

Required Courses

Students must complete the following 18 credits:

FSCOR 601	Foundations of Justice	3
FSINV 600	Investigative Techniques/Interviewing	3
FSAAC 624	Fraud: Accounting	3
FSAAC 640	Business Valuation	3
FSLAW 668	White Collar Crimes	3
FSAAC 626 OR 628	FSAAC 626 Investigation and Analysis: Auditing OR FSAAC 628 Investigation and Analysis: Tax	3 creditis

Forensic Investigation**Certificate Requirements****Certificate Description**

The Post-Baccalaureate Certificate in Forensic Investigation prepares students and law enforcement professionals to effectively conduct interviews and collect physical evidence for the purpose of synthesizing the results into factually accurate and objective reports and court testimony. Our certificate program equips students with the skills to analyze and evaluate documentary and testimonial evidence vital to criminal investigations and trials. Coursework can be completed entirely online for this 18-credit hour program. Information on admissions requirements can be found at Post-Baccalaureate Certificates Admissions Requirements (p. 13).

Certificate Outcomes

Upon completion of the Post-Baccalaureate Certificate in Forensic Investigation, recipients will be able to:

1. Evaluate the merits of an allegation and prepare an investigative plan, if warranted.
2. Conduct effective interviews and interrogations.
3. Evaluate documentary and testimonial evidence.
4. Synthesize analyses of facts and law into coherent, defensible conclusions.

Certificate Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a post-baccalaureate certificate one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for completion of the certificate. Only one grade of "C" may be applied toward the GPA requirement. FSINV 605	Investigative Techniques/Physical Evidence	3
FSLAW 662	Fraud Investigation and Analysis	3
FSLAW 668	White Collar Crimes	3
FSLAW 602	FSLAW 602 Criminology OR FSAAC	3
OR FSAAC 620	620 Forensic Information Technology	

Literacy Education

Certificate Requirements

Certificate Description

The Post-Baccalaureate Certificate in Literacy Education is designed to equip classroom teachers with the knowledge, skills, and strategies to increase student success for all learners. In the current educational landscape, classroom teachers are tasked with helping learners develop 21st century skills of critical thinking, problem-solving, and collaboration while they are simultaneously required to evolve their skills and develop new strategies for addressing the emerging issues in literacy education.

In the literacy education certificate program, teachers will explore current trends in literacy instruction, develop strategies for integrating literacy into content areas, align curricula with Common Core State Standards (CCSS) and the Every Student Succeeds Act (ESSA), and examine the impact of digital technologies and culturally responsive literacy. Certificate graduates will meet the Maryland State Department of Education (MSDE) coursework requirements for a Reading Teacher endorsement. Information on admissions requirements can be found at Post-Baccalaureate Certificates Admissions Requirements (p. 13).

Certificate Outcomes

Upon completion of the Post-Baccalaureate Certificate in Literacy Education, recipients will be able to:

1. Articulate the theoretical frameworks and research based foundations of reading, writing, and communication processes.
2. Design and implement integrated, comprehensive, and balanced curriculum to support students' literacy needs.
3. Evaluate student literacy performance using valid, reliable, and fair assessment tools to screen, diagnosis, monitor, and measure student literacy achievement to inform instruction and evaluate interventions.
4. Create and engage learners in literacy practices that develop awareness, respect, and a valuing of differences in our society.
5. Integrate digital technologies and print resources to engage learners in a literacy rich learning environment.
6. Differentiate instruction to meet the needs of all learners on the developmental continuum of language and literacy learning.

Certificate Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a post-baccalaureate certificate one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for completion of the certificate. Only one grade of "C" may be applied toward the GPA requirement. Certificate requirements must be completed within seven years after the first course applied to the degree was completed.

Required Courses

The Post-Baccalaureate Certificate in Literacy Education is an online, 15-credit hour program.

LTED 603	Foundations of Literacy	3
LTED 611	Literacy Assessment	3
LTED 621	Culturally Responsive Literacy	3
LTED 623	Digital Literacy and Media	3
LTED 701	Literacy Capstone	3

Nursing Education

Certificate Requirements

Certificate Description

The Post-Baccalaureate Certificate in Nursing Education is a 15-credit graduate certificate option designed for registered nurses prepared at least at the baccalaureate level who want to expand their knowledge and practice in the field of nursing education. This certificate will help meet the tremendous need for nurse faculty – a shortage that is limiting enrollment in nursing schools nationwide (American Association of Colleges of Nursing, 2019). Students in the certificate option will learn the

knowledge and skills necessary to contribute to the nursing profession as educators.

Certificate Outcomes

Upon completion of the Post-Baccalaureate Certificate in Nursing Education, recipients will be able to:

1. Analyze trends in nursing science to promote best educational practices.
2. Apply learning theories and curriculum design models in the development of learning experiences in nursing education.
3. Analyze significant issues arising between clinical nursing practice and nursing education.
4. Design curricula for a variety of educational settings using relevant theories and evidence-based teaching strategies.
5. Integrate teaching and learning theory with concepts of health protection, promotion, and maintenance to address the needs of individuals from various cultures.
6. Integrate theories and principles of teaching and learning with knowledge of pathophysiology, pharmacology, and physical assessment in the role of the nurse educator in academic and practice settings.

Certificate Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a post-baccalaureate certificate one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for completion of the certificate. Only one grade of "C" may be applied toward the GPA requirement. Certificate requirements must be completed within seven years after the first course applied to the degree was completed.

Electives

Students must complete one elective from the list below:

NURS 557/HCM 557	Project and Resource Management	3
NURS 610	Advanced Pathophysiology and Pharmacology	3
NURS 615	Advanced Health Assessment	3

Required Courses

Students must complete the following 12 credits:

NURS 632	Curriculum Design and Innovation	3
NURS 635	Teaching and Learning Strategies/Evaluation	3
NURS 642	Instructional Media in Education	3
NURS 736	Nursing Education Practicum	3

Population-Based Care Coordination

Certificate Requirements

Certificate Description

The Post-Baccalaureate Certificate in Population-Based Care Coordination is a 15-credit graduate certificate option designed for registered nurses prepared at least at the baccalaureate level who want to expand their knowledge and practice in the growing fields of population health and care coordination. The development of this certificate was based, in part, on the changes in the U.S. healthcare delivery system, which present multiple challenges for healthcare providers. Important among these changes is the need for expert care coordination by knowledgeable providers who are well acquainted with the complexities of healthcare delivery systems, insurance policies, and the varied needs of clients. Students in the certificate option will learn the knowledge and skills necessary to provide care coordination services for diverse populations.

Certificate Outcomes

Upon completion of the Post-Baccalaureate Certificate in Population-Based Care Coordination, recipients will be able to:

1. Conduct needs assessments within communities and healthcare systems, engaging multiple stakeholders.
2. Design a plan of care for specific populations incorporating knowledge of community resources, healthcare law, and regulations.
3. Evaluate quality and safety outcomes within community healthcare systems.
4. Evaluate culturally-competent community care management strategies through the examination of inter-professional collaborative relationships, social networks, and organizational systems.

Certificate Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a post-baccalaureate certificate one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for completion of the certificate. Only one grade of "C" may be applied toward the GPA requirement. Certificate requirements must be completed within seven years after the first course applied to the degree was completed.

Required Courses

Students must complete the following 15 credits:

NURS 547	Global Health Care Perspectives	3
NURS 610	Advanced Pathophysiology and Pharmacology	3

NURS 670	Communication and Conflict Resolution	3
NURS 672	Population-Based Care: Vulnerable Populations	3
NURS 674	Professional/Legal Issues in Population-Based Care	3

Quality Management and Patient Safety

Certificate Requirements

Certificate Description

The Post-Baccalaureate Certificate in Quality Management and Patient Safety is designed for healthcare professionals who want to learn how to plan, organize, and lead efforts to improve the effectiveness of patient treatment in healthcare organizations. Stevenson's Quality Management and Patient Safety certificate program provides healthcare professionals the knowledge and skills necessary to evaluate the health status of populations served by healthcare organizations to address service gaps. Coursework can be completed entirely online for this 15-credit hour certificate program. Information on admissions requirements can be found at Post-Baccalaureate Certificates Admissions Requirements (p. 13).

Certificate Outcomes

Upon completion of the Post-Baccalaureate Certificate in Quality Management and Patient Safety, recipients will be able to:

1. Formulate a plan to assess performance of quality management and patient-centric safety efforts in a healthcare system or unit.
2. Critique, synthesize and apply theories, models, and research relating to quality improvement and patient safety initiatives.
3. Deduce trends in healthcare that promote best practices in ethical and effective, evidence-based quality management and patient safety.
4. Produce techniques of operations assessment and improvement that continually improve the quality of care provided and patient safety.
5. Propose and justify methods and tools for analysis of quality management and patient-centric safety initiatives.
6. Demonstrate through written, oral, and other presentation skills, an in-depth understanding of the quality management and patient safety efforts in a healthcare system or unit.
7. Apply principles of leading and managing a quality improvement and patient safety initiative in a healthcare system or unit.
8. Analyze and interpret statistical, quantitative data and other performance indicators of quality management and patient safety initiatives.

Certificate Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a post-baccalaureate certificate one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for completion of the certificate. Only one grade of "C" may be applied toward the GPA requirement. Certificate requirements must be completed within seven years after the first course applied to the degree was completed.

Required Courses

Quality Management and Patient Safety Certificate		
HCM 660/NURS 660	Planning for Evidence-Based Practice	3
HCM 662/NURS 662	Quality Management in Health Care	3
HCM 665	Patient Satisfaction and Quality Improvement	3
HCM 667/DTI 667	Customer Relationship Management (E-CRM)	3
HCM 669	Patient Advocacy for Healthcare Quality	3

Secondary STEM Teaching and Learning

Certificate Requirements

Certificate Description

The Post-Baccalaureate Certificate in Secondary (7-12) STEM Teaching and Learning is an 18 credit graduate certificate program designed for middle or high school math and science teachers who want to expand their knowledge and practice of inquiry-based collaborative teaching and learning. Students in the certificate program will develop the tools necessary to design and deliver learning experiences for students that are inquiry, project, and problem-based. The program gives students the opportunity to collaborate with a cohort of math and science teachers to plan and implement integrated, multi-disciplinary lessons that align with NSTA Next Generation Science Standards, NCTM Principles to Action, and Common Core State Standards. Graduates of the certificate program can become STEM leaders and resources for their schools. Information on admissions requirements can be found at Post-Baccalaureate Certificates Admissions Requirements (p. 13).

Certificate Outcomes

Upon completion of the Post-Baccalaureate Certificate in Secondary STEM Teaching and Learning, recipients will be able to:

1. Relate relevant theories, concepts, and issues in STEM education to the planning, teaching, and learning process.
2. Design and implement a variety of literacy strategies to support student motivation and independence in STEM content learning.
3. Create and implement student-centered and integrated learning experiences that make the major concepts and processes of inquiry in the STEM disciplines accessible, meaningful and differentiated for all learners.
4. Design and analyze pre-assessments, and formative and summative assessments of and for STEM learning.
5. Integrate instructional technology into STEM curriculum and instruction to enhance and extend learning to address real world and global issues.
6. Engage in collaborative inquiry, critical analysis, and reflection to lead STEM pedagogy and practice.
7. Analyze and address current trends, pedagogical viewpoints, and issues that emerge in practice in Secondary STEM education.
8. Evaluate STEM education as a transdisciplinary approach and attitude toward teaching and learning.

Certificate Policies

The grade of "C" is the lowest acceptable grade, and only one can be awarded during the program. A student may repeat one course in a post-baccalaureate certificate one time. Once a student has repeated a course, the student will not be permitted to repeat any other courses. If a student repeats a course, only the latter grade is used in computing the grade point average. However, all courses taken become a part of the student's academic record. Further, a student may withdraw from each graduate course one time only. A minimum cumulative 3.00 grade point average on all graduate work attempted is required for completion of the certificate. Only one grade of "C" may be applied toward the GPA requirement. Certificate requirements must be completed within seven years after the first course applied to the degree was completed.

Required Courses

Students must complete the following 18 credits:

ED 605	STEM Curriculum Principles and Practices	3
ED 620	Literacy Strategies in the STEM Content Areas	3
ED 625	Advanced Literacy Strategies in the STEM Content Areas	3
ED 640	Methods and Technologies of Teaching Secondary Math and Science with a STEM Focus I	3
ED 645	Methods and Technologies of Teaching Secondary Math and Science with a STEM Focus II	3
ED 690	Issues in STEM Education	3

Graduate Courses

CM - Communication Studies

CM 505 - Communication Theory and Applications (3 credits)

Examines major theories related to the areas of interpersonal, group, public, mass, and cultural communication. Students will use these theories as frameworks for investigating contemporary issues in human communication processes and as they apply theory to case studies and problem-solving examples.

Prerequisite: None.

CM 510 - Research Writing and Methods (3 credits)

Introduces students to methodological approaches for the purpose of exploring communication phenomena.

Prerequisite: None.

CM 600 - Cultures and Communication (3 credits)

Applies the theories and concepts of cultural communication to various personal, social, and professional contexts. Students will conduct research in the area of intercultural communication as well as analyze the effectiveness of their intercultural communication competence.

Prerequisite: CM 505 and CM 510.

CM 605 - Communication Ethics in the Public Sphere (3 credits)

Investigates ethical standards and behaviors in relation to, and application in, interpersonal, organizational, intercultural, and health communication. Students will examine case studies, narrative structures, and institutional missions to understand and explain how communication ethics affects decision-making in the personal and business spheres.

Prerequisite: CM 505 and CM 510.

CM 610 - Interpersonal Communication (3 credits)

Analyzes the concepts and practices of interpersonal communication through evaluation of related theories and research. Students will interrogate concepts and issues that deal with the relationship between the self and others on personal, professional, and social levels.

Prerequisite: CM 505 and CM 510.

CM 615 - Nonverbal Communication (3 credits)

Examines theories and research surrounding nonverbal aspects of human communication. Students will investigate critically nonverbal communication in relation to a myriad of cultural groups and diverse contexts.

Prerequisite: CM 505 and CM 510.

CM 620 - Conflict Communication and Leadership (3 credits)

Evaluates one's own and others' conflict styles in various contexts. Students will determine appropriate conflict resolution methods as leaders and learn how to manage conflict from the perspective of one in charge.

Prerequisite: CM 505 and CM 510.

CM 625 - Media Literacy (3 credits)

Evaluates ways in which technology, media, and influence intersect in the field of communication. Students will learn, assess, and evaluate how messages influence audiences and are influenced by media and technology.

Prerequisite: CM 505 and CM 510.

CM 630 - Communication, Technology and Society (3 credits)

Applies the theories and concepts of the field to various institutions and organizations through case studies and other activities. Students will analyze the effectiveness of various types of communication in the attainment of institutional and company goals through class, gender, cultural, racial, national, and global lenses.

Prerequisite: CM 505 and CM 510.

CM 635 - Crisis Communication (3 credits)

Analyzes the scope of various crisis situations in diverse contexts. Students will examine theories and research related to crisis communication in order to comprehend the ways in which strategists have addressed these issues.

Prerequisite: CM 505 and CM 510.

CM 720 - Communication Capstone (6 credits)

Provides guidance for students as they design and construct their final project or conduct an original research investigation (thesis). Students will create a final project or thesis based on their knowledge and personal experiences, and produce an original research or creative project applying and connecting theory and practice. Students will present the results of their work to members of the department and/or program.

Prerequisite: Completion of 30 credits in Communication Studies Program.

Community-Based Education and Leadership

CBEL 610 - Foundations and Frameworks of Community-Based Education (3 credit)

Examines the foundational theories, educational frameworks, and interrelationships of formal, informal, and non-formal modes of education. Emphasis is placed on evidence-based educational practices that foster community engagement. Students explore the emergence of community-based education as a means for individual and societal change among differing age, gender, ethnic, racial, and socio-economic groups.

Prerequisite: None.

CBEL 612 - Innovative Teaching and Learning for 21st Century Skills (3 credits)

Introduces a conceptual framework and methods for teaching and assessing essential skills through integrated problem-based and project-based learning. Topics include analysis and application of instructional strategies to engage and motivate learners of all ages and backgrounds. The course includes demonstration, development, and assessment of standards-based real-world problem solving experiences.

Prerequisite: None.

CBEL 614 - Program Planning, Implementation, and Evaluation (3 credits)

Introduces the theoretical frameworks and core competencies for planning, implementing, and evaluating community-based programs. Students develop a grant-fundable program proposal that includes needs assessment, program design, implementation and evaluation plans. The course examines strategies for promoting collaboration among and inclusion of community stakeholders in the program planning process.

Prerequisite: CBEL 610.

CBEL 616 - Community Engagement and Leadership (3 credits)

Explores leaders as change agents who build, broker, and leverage community assets to empower others and grow capacity in community-based organizations. Students examine major theories of organizational development, community engagement, and communication with an emphasis on leading in non-profit organizations. The course will focus on the impact of strategic planning, goal setting, resource management, and partnership building on organizational sustainability, as well as the connection between social and economic policy and community engagement and advocacy.

Prerequisite: None.

CBEL 662 - Youth Development (3 credits)

Introduces the principles and practices of youth development as a framework for building quality programs that promote prosocial interaction. The course explores historical and cultural perspectives from which

youth development emerged as a profession and the core competencies necessary for all youth workers.

Prerequisite: ED 604 and CBEL 610.

CBEL 664 - Teaching & Learning for Specialized Populations (3 credits)

Investigates the power and potential of learning across various non-formal and informal community educational settings such as community schools, libraries, churches, museums, athletics, recreation centers, and parks.

Students select a specialized learning environment from their professional practice to explore in depth. Students research the mission, structure, and organization of their learning environments with special emphasis on evidence-based teaching and learning practices best suited for their setting. Through peer collaboration, students gain insight into myriad learning environments.

Prerequisite: CBEL 610.

CBEL 670 - Volunteer Management (3 credits)

Provides a comprehensive introduction to the theory and practice of volunteer management with an emphasis on the role of volunteers in building organizational capacity. Students explore the design, structure, and implementation of volunteer programs and how to effectively recruit, select, train, manage, engage, and retain volunteers. Using a case study approach, students apply concepts in professional practice.

Prerequisite: CBEL 610.

CBEL 672 - Advocacy in Community-Based Organizations (3 credits)

Provides an introduction to advocacy in community-based organizations. This course examines the role of community-based organizations as agents of social, political, and policy change. Students explore an issue of concern to a community-based organization and create an advocacy campaign for influencing change and mobilizing community stakeholders.

Prerequisite: CBEL 616.

CBEL 674 - Legal Issues and Risk Management in Community Organizations (3 credits)

This course is under development.

CBEL 720 - Capstone (3 credits)

Provides opportunities for students to integrate theory and practice in a community-based organization. Students implement action research, conduct analysis of evidence, and present findings to advance social change initiatives, and develop reflective practice with an aim of improving community organizations. Students create a portfolio documenting achievement of program outcomes and competencies of community-based educators and leaders.

Prerequisite: ED 608.

CBEL 720 - Community-Based Education and Leadership Capstone (3 credits)

Provides opportunities for students to integrate theory and practice in a community-based organization. Students implement action research, conduct analysis of evidence, and present findings to advance social change initiatives, and develop reflective practice with an aim of improving community organizations. Students create a portfolio documenting achievement of program outcomes and competencies of community-based educators and leaders.
Prerequisite: ED 608.

CYBF - Cyber Forensics

CYBF 643 - Incident Response and Evidence Collection (3 credits)

Examines relevant laws regarding the search and seizure of digital evidence, the tools available to create a "best evidence" image of the digital evidence, and how to properly document the seizure, validate the image set, and establish a proper chain of custody for all evidence seized.
Prerequisite: FSCOR 601 and FSCOR 606 or admission to the Cybersecurity and Digital Forensics Program. Cross-Listed as: FSIS 643.

CYBF 644 - Windows Forensic Examinations (3 credits)

Provides information essential to the performance of a forensic examination on a computer running the Microsoft Windows Operating System. Exercises focus on disk level forensic tools and techniques. This course focuses on the underlying operation of automated forensic tools, identifying the most appropriate forensic tool to be used in specific circumstances, and defending the selection of forensic tools in the courtroom under cross examination. The course will use leading edge tools from X-Ways, Helix, and EnCase.
Prerequisite: Admission to the Cybersecurity and Digital Forensics program. Cross-Listed as: FSIS 644.

CYBF 650 - Intrusion Detection Systems (IDS), Firewalls, Auditing (3 credits)

Explores the network forensic components that detect, block and track network intrusions. Students learn how to configure IDS, firewalls and network analysis tools to protect network resources. Steps in recovering digital forensic evidence from these devices are examined. The various categories of IDS, firewall and network analysis products are compared and evaluated.
Prerequisite: Approval of the Program Coordinator. Cross-Listed as: FSIS 650.

CYBF 661 - Cybersecurity Risk Mitigation Techniques (3 credits)

Explores the current software and hardware products available to protect enterprise assets. Covered in this course are the methods used to ensure both secure and

authenticated transmissions of proprietary corporate information across vulnerable networks. Topics will include public-key-infrastructure (PKI), digital signatures, certificate authorities, and encryption standards such as SSL, IPSEC, SET, DES, S/MIME, SHTTP. In addition, students examine techniques and software used for intrusion detection, password attacks, denial of service, spoofing, and their respective countermeasures.
Prerequisite: None. Cross-Listed as: DTI 661.

CYBF 662 - Network Penetration Testing (3 credits)

Explores the need for conducting ethical network penetration testing as a means to better secure existing networks and to identify artifacts that appear from attacks. Students will develop network penetration testing plans in accordance with approved industry standards. Tests, which include active and passive reconnaissance, footprinting, vulnerability identification, and exploitation, will be conducted on multiple targets. Students will generate results, including recommendations for improving the security posture of the network.
Prerequisite: CYBF 644/FSIS 644, or permission from the Cybersecurity and Digital Forensics Program Coordinator. Cross-Listed as: FSIS 662.

CYBF 663 - Network and Cloud Forensics (3 credits)

Explores performing forensic examination of a shared pool of configurable computing cloud resources, such as networks, servers, storage applications, and services. This course will provide a practical approach to obtaining forensic data from always-on, cloud-based resources. Examinations will involve the correlation of information from different network sources. Students will distinguish live analysis from live response and perform both on a network-based resource. Students will produce a report detailing the results of a network/cloud-based forensic examination.
Prerequisite: None. Cross-Listed as: FSIS 663.

CYBF 664 - Mobile Device Forensics (3 credits)

Explores the growing field of cellular technologies from both network architecture and hand-held device perspectives. This course will provide details regarding the type and manner of data that can be forensically obtained from mobile devices, including call logs, text messages, address books, photos, videos, and Internet history. Exercises focus on using accepted forensic procedures to acquire and analyze data from a variety of mobile devices. Students will generate analytical reports and cross reference results with data from network service providers. The course will use leading-edge tools from Paraben Corporation and Cellebrite Mobile Synchronization. The course is offered online, but it is mandatory for the student to attend one 8-hour on-site class.
Prerequisite: Admission to the Cybersecurity and Digital Forensics Program. Cross-Listed as: FSIS 664.

CYBF 670 - Cyber Warfare and Cyber Terrorism (3 credits)

Explores the rapidly changing face of cyber warfare and cyber terrorism. Students will identify and characterize the fundamental aspects of cyber terrorism and the role of computers and the Internet in terrorist acts on information systems and critical infrastructure components. Students will analyze cyber warfare techniques, such as Denial of Service attacks on critical infrastructure, man-in-the-middle attacks, sabotage, and espionage. Students will evaluate the various cybercrimes that are being used to finance terrorism and cyber-criminal activities.

Prerequisite: None.

CYBF 671 - Cyber Hunting (3 credits)

Examines all types of asymmetric threat agents, their tactics, techniques and artifacts that may present during the first phases of a compromise before an intrusion occurs. Topics include models and phases of intrusion, including models of reconnaissance, identification of key sources of threat intelligence including sourcing and deployment of open source tool commonly used in network intrusions and malicious attack activities, network architecture, detection of pre-attack indicators and malicious intrusions.

Prerequisite: None.

CYBF 675 - Live Response and Live Acquisition (3 credits)

Explores the fundamental differences between classical media analysis in dead box forensics and live responses and live acquisition. Students will perform both a live response to an information system that has been hacked and a live acquisition of media and memory on a running system that has been compromised. Students will then analyze the results for evidence of attack and compromised data. Finally, students will create detailed reports with findings from live responses and acquisitions.

Prerequisite: None.

CYBF 680 - Legal Compliance and Ethics (3 credits)

Introduces students to key statutes, regulations and standards relating to the security of information, including the Federal Information Security Management Act (FISMA), the Health Insurance Portability and Accountability Act (HIPAA), the Privacy ACT of 1972, National Institute of Standards and Technology (NIST) Special Publication 800-37, and the Computer Fraud and Abuse Act. Students will analyze best practices with respect to both security and ethics to identify conflicts that may arise between the implementation of current laws and real-life responses to breaches of information systems.

Prerequisite: None.

CYBF 685 - Malware Detection, Analysis, and Prevention (3 credits)

Explores malware, such as Trojans, droppers, and rootkits, used to gain access to computer systems and examines the infiltration methods and resultant artifacts that appear as a result of malware infections. Students will examine the role and behavior of bot networks and analyze carrier files, such as malicious PDFs, scripts, and executables. Students will isolate and analyze malware from behavioral and static approaches.

Prerequisite: None.

CYBF 710 - Mock Intrusion and Response (3 credits)

Applies the concepts learned throughout the cybersecurity and digital forensics program to a real-life scenario. Students will identify and analyze a compromised multi-component information system; preserve, collect, and analyze data from multiple sources to identify attack vectors and compromised data; and produce a detailed report describing the methodology used to analyze the systems and the subsequent results. Finally, students will provide an oral defense of their reports.

Prerequisite: 33 graduate credits in cyber forensics.

DTI- Digital Transformation and Innovation**DTI 618 - Network Technologies (3 credits)**

Covers the Open Systems Interconnection Reference Model (OSI/RM) and each of its constituent layers. OSI/RM is used as a basis for understanding network functions in a multi-vendor environment and for comparing protocol standards common to the local area network. As a continued theme, evolving open standards for networking are explored over the semester through student assignments and in-class discussions. Students will implement a multi-domain enterprise network environment.

Prerequisite: None.

DTI 634 - Enterprise Data Management (3 credits)

Prepares students for the development of large-scale, enterprise-wide systems that manage, store, and distribute an organization's data. From a database viewpoint, students learn about types of databases, relational database theory and modeling, database design processes, database schema and normalization, transaction processing, data-base locking and tuning, two-phase commits, replication, and distributed databases. Included are overviews of text data processing, data warehousing, data mining, Very Large Databases, Object-Oriented Databases, and Geo-graphic Information Systems. From a hardware viewpoint, students learn about processor types and architectures, disk arrays, and special hardware for text processing. Finally, from a data distribution viewpoint, students learn about Web servers, middleware, ODBC/JDBC, and Transaction Processing Monitors, and learn how these are incorporated into the enterprise information structure.

Prerequisite: None.

DTI 640 - Operating Environments: Architecture and Infrastructure (3 credits)

Explores the role of operating environments as the foundation for integrating divergent hardware and software systems into the enterprise information architecture. Students examine the configuration and design of the computer platforms required to perform key tasks such as: connecting computers and peripheral devices to a network, creating and managing internet and intranet access, executing application software, and installing and upgrading hardware. Students learn strategic operating systems options and evaluate how to make the best technical choices for the organization.

Prerequisite: None.

DTI 642 - Enterprise Application Process Analysis (3 credits)

Discusses the nature and impact of Enterprise Solutions software on the selection, development, and distribution of information systems through the enterprise. Students learn and apply the appropriate hardware, software, and communications standards required for evaluating when and how to implement Enterprise Solutions instead of more traditional techniques to solve business problems.

Prerequisite: None.

DTI 643 - Electronic Commerce (3 credits)

Discusses the evolution of key infrastructure technologies from electronic data interchange (EDI) to the Internet and how these technologies are creating the corporation of the 21st century. Students learn how organizations are converting traditional mainframe and client/server applications to Internet-based applications that allow worldwide access to an organization's products and services. The course covers the technologies that support these new extended corporations as well as the underlying managerial processes that are required for their successful implementation.

Prerequisite: None.

DTI 644 - Project Management (3 credits)

Provides students with the genesis of project management and its importance to improving the success of information technology projects. Topics addressed include the triple constraint of project management, project management knowledge areas and process groups, the project life cycle, project selection methods, work breakdown structures, network diagrams and critical path analysis, cost estimates, earned value analysis, risk analysis, motivation theory, and team building. Project management soft-ware will be utilized to plan and manage information technology projects.

Prerequisite: None. Cross-Listed as: HCM 644.

DTI 645 - Supply Chain Management (3 credits)

Studies the supply chain from end to end and traces the flow of products, services, and information from suppliers to the final customer. Students gain an understanding of the interrelationship of revenues, costs, and asset

utilization, and how coordinated activities across the supply chain can bring about efficiencies in one or more of these areas and lead to added value for customers. In a Business-to-Business environment, enterprise-wide technology systems are increasingly being implemented to integrate companies with their up-chain suppliers and down-chain customers. Students study the effect of E-commerce transactions across the supply chain and how Electronic Data Interchange (EDI) systems are bringing about lower transaction costs, faster order-handling, and more efficient inventory management.

Prerequisite: None.

DTI 646 - Disaster Recovery & Business Continuity (3 credits)

Provides students with the ability to identify vulnerabilities, and to create and implement appropriate countermeasures to address them or, at a minimum, mitigate disruption of service to the organization's constituents. Natural disasters and intrusions can cripple an organization, suspending mission-critical processes and disrupting service to customers. To that end, this course will focus on techniques for creating a business continuity plan (BCP) and the methodology for building an infrastructure that supports the effective implementation of such a plan.

Prerequisite: None.

DTI 661 - Cybersecurity Risk Mitigation Techniques (3 credits)

Explores the current software and hardware products available to protect enterprise assets. Covered in this course are the methods used to ensure both secure and authenticated transmissions of proprietary corporate information across vulnerable networks. Topics will include public-key-infrastructure (PKI), digital signatures, certificate authorities, and encryption standards such as SSL, IPSEC, SET, DES, S/MIME, SHTTP. In addition, students examine techniques and software used for intrusion detection, password attacks, denial of service, spoofing, and their respective countermeasures.

Prerequisite: None. Cross-Listed as: CYBF 661.

DTI 662 - Business to Business Applications (3 credits)

Explores the latest business-to-business technologies including Supply Chain Management (SCM), Enterprise Resource Planning (ERP), Customer Relationship Management (CRM), Electronic Data Interchange (EDI), and Online Financial Services.

Prerequisite: None.

DTI 663 - Cyberlaw: Legal and Regulatory Issues (3 credits)

Outlines the legal requirements of businesses to preserve electronic data, ensure privacy, protect intellectual property and ensure that electronic information is accessible to people with disabilities. A survey of the legislation and the systems used to carry out the letter of the law is covered. Relevant sections of the Federal and State rules are examined to discover the impact on

procedures and policies in the enterprise. Current pertinent federal legislation is discussed including but not limited to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Digital Millennium Copyright Act (DMCA), Section 508 (29 U.S.C. '794d), Accessibility Act; Sarbanes-Oxley Act; and the USA Patriot Act - Section 326 (HR 3162).

Prerequisite: None.

DTI 667 - Competitive Edge with CRM Platforms (3 credits)

Understands the importance of CRM in safeguarding the firm's customer base and future revenue growth, especially in those industries characterized by high levels of competition. In accessing and analyzing customer data, businesses are better able to provide products and services more closely tailored to customers' needs and thereby strengthen relationships. Students evaluate the various methods of extracting customer data, particularly from web sites, and learn how the data is analyzed, segmented and scored in the production of meaningful management reports and marketing campaigns.

Prerequisite: None. Cross-Listed as: HCM 667.

DTI 670 - Competitive Theory (3 credits)

Examines the formulation and implementation of strategies for businesses, particularly those competitive strategies applicable to new products, services or processes. Students examine how managerial action can reinvent competition within existing industries and how the creation and implementation of strategy drives the success of business. Topics include strategic management, leadership, and analysis.

Prerequisite: DTI 601.

DTI 671 - Fostering Innovation in the Digital Era (3 credits)

Explores the central problems and solutions in the management of innovation and technology. The course analyzes how a large organization develops and maintains a culture of innovation; successfully manages innovative technology projects; and maintains the balance between task performance and cost containment. The course will also address the human, process, structural, and strategic factors involved in managing technological innovation.

Prerequisite: DTI 601.

DTI 672 - IT Financial Management (3 credits)

Reviews application of financial theories, focusing on the principles and practices used by IT financial management for planning, controlling, pricing, evaluating and decision making. Topics include activity based cost management, asset management, benchmarking, chargeback, controllership, expense management, performance management, and telecommunications. Students will develop managerial financial problem solving and decision-making skills with a strategic orientation.

Prerequisite: DTI 601.

DTI 601 - Innovation and Organizational Evolution (3 credits)

Provides an overview of the changing nature of organizations as they evolve to meet the demands of the new digital economy, the techniques for increasing competitiveness, and a survey of technologies and standards available to support and facilitate organization goals. The course also introduces the basic tenets of object-oriented design.

Prerequisite: None.

DTI 604 - Cognitive Science for Requirements Analysis (3 credits)

Studies the elements of cognition as they relate to decision-making, problem solving, information analysis, and system development and use, and understand the structure of cognition and its associated limitations and biases.

Prerequisite: None.

DTI 606 - Creativity in Information Systems (3 credits)

Explores the creative problem-solving models and their use in the systems development process, in order to support the organization in solving ill-structured problems in a changing environment. Application of past solutions to current problems often has not been successful. Research shows that creative solutions can arise from a careful, methodological process and this process can be learned.

Prerequisite: None.

DTI 635 - Innovative Leadership & Management (3 credits)

Examines all aspects of leadership, including characteristics of leaders, leadership behaviors and styles, leadership ethics and social responsibility, teamwork, communication and conflict, and creativity and innovation. Students will develop skills, research findings, and evaluate cases relating to leadership theory and practice.

Prerequisite: None. Cross-Listed as: HCM 635.

DTI 701 - Digital Transformation Strategies (3 credits)

Provides students with techniques for evaluating organizations and their environments with a view towards development of an information architecture to support organizational goals. Students design and implement a start-up business infrastructure and integrate technologies researched to support organization goals.

Prerequisite: 24 credits earned.

DTI 702 - Master's Project (3 credits)

Offers students the opportunity to perform in-depth applied technology research in support of a business environment. Students pursue project research topics chosen from a wide range of technologies and through hands-on implementation perform comparative analysis testing on performance, reliability, stability, feature sets,

and functionality. Students formally present their research findings to the Information Systems faculty.

Prerequisite: DTI 701.

ED - Teaching Secondary Mathematics and Sciences

ED 510 - Psychology and Development of Adolescents (3 credits)

Explores current theories and practices in the teaching/learning process from the perspective of adolescent development. The course will cover the dynamics of learning, environmental and cultural influences in the classroom, learning theory, cognitive mechanisms, and classroom dynamics. Focus is given to the physical, cognitive, and social/personality areas of growth. This course includes a required two day face to face residency.

Prerequisite: None.

ED 550 - Mathematical Concepts and Problem Solving for Middle School Teacher (3 credits)

Provides students with the concepts and problem solving skills for teaching middle school math. Topics include numbers and their operations; algebraic expressions, equations, and formulas; functions and their graphs; geometry and measurement; and probability, statistics, and discrete math.

Prerequisite: None.

ED 560 - Scientific Concepts for Middle School Teachers (3 credits)

Provides students with the concepts and design thinking skills for teaching middle school science. Topics include major concepts in physical science, earth and space science, and life sciences.

Prerequisite: None.

ED 604 - Cognitive, Social, and Emotional Development of Learners (3 credits)

Explores current theory and research on cognitive, social, and emotional development from childhood through adulthood with emphasis on the dynamics of teaching and learning. Students examine cultural and environmental factors that influence learner development and conditions that foster positive self-identity, resiliency, and self-efficacy.

Prerequisite: None.

ED 605 - STEM Curriculum Principles and Practices (3 credits)

Provides a theoretical framework for understanding the teaching-learning process and the art and science of teaching secondary math and science with an integrated STEM approach. Candidates develop a professional knowledge base and build a repertoire of instructional strategies and techniques.

Prerequisite: None.

ED 606 - Socio-political and Cultural Influences on Families, Organizations, and Communities (3 credits)

Examines the socio-political and historical contexts of families, organizations, and communities in contemporary society through various cultural perspectives including values, norms, symbols, rituals, and expressions. Students will explore the structure and dynamics of these groups in relation to formal and non-formal systems of education and the role of culturally relevant teaching.

Prerequisite: None.

ED 608 - Action Research (3 credits)

Provides organizational leaders and educational practitioners a foundation in research methodology with a focus on action research. Action research is explored as a reflective and participatory form of inquiry that engages community stakeholders toward the aim of achieving social change. Students prepare an action research proposal that includes an introduction, literature review, research methods, limitations and ethical considerations.

Prerequisite: None.

ED 615 - Principles of Assessment (3 credits)

Examines principles and practices of educational assessment. Teacher candidates examine current issues in measurement, analyze multiple assessment methods, and interpret standardized assessment results. Action research is explored as strategy for creating performance-based assessments to meet individual learning needs.

Prerequisite: ED 605.

ED 620 - Literacy Strategies in the STEM Content Areas (3 credits)

Focuses on the reading process in the STEM content areas, including comprehending, analyzing and extending meaning from texts. Candidates examine the factors that affect reading performance and review the strategies and materials appropriate for each of the purposes of reading. Candidates study the frameworks for planning instruction which prepare students for the reading task, assist in monitoring while reading, and plan to engage students in appropriate follow-up activities.

Prerequisite: ED 605.

ED 625 - Advanced Literacy Strategies in the STEM Content Areas (3 credits)

Focuses on the design and implementation of a literacy program for adolescents that meets the needs of various learners and supports content area learning. Teacher candidates use a variety of strategies to promote student independence in content area reading. Candidates incorporate methods in the content areas to address the diverse backgrounds of their students, including culture, language (dialect and ESOL), disabilities, and giftedness. Candidates explore multiple literacies and disciplinary literacy in the STEM content areas as well as ways to assess student literacy.

Prerequisite: ED 620.

ED 630 - Principles of Special Education (3 credits)

Provides background in special education principles for the classroom teacher. This course includes information on the requirements of specific disabilities, and how to adapt the curriculum and environment to meet the needs of children with special needs.

Prerequisite: ED 605 (may be taken concurrently).

ED 640 - Methods and Technologies of Teaching Secondary Math and Science with a STEM Focus I (3 credits)

Includes an in-depth study of the philosophy, resources, curriculum, instructional strategies and assessment practices necessary to design a learning environment focused on the developmental characteristics of adolescents. The course emphasizes state and national science and mathematics standards, process skills and the major concepts of the disciplines. Candidates engage in constructivist teaching methods including: collaboration, 5 E cycle, investigation, inquiry, discovery and project-based learning. The importance of creating and maintaining a safe and supportive classroom is addressed. Appropriate use of technology and instrumentation to enhance learning is identified and explored. Assessment of processes and content lead candidates to explore a variety of assessment strategies appropriate to the diverse needs of adolescent learners. This course includes teaching internship days toward the required 100-day internship.

Prerequisite: ED 605 (may be taken concurrently).

ED 645 - Methods and Technologies of Teaching Secondary Math and Science with a STEM Focus II (3 credits)

Continues the study of the philosophy, resources, curriculum, instructional strategies and assessment practices necessary to design a learning environment focused on the developmental characteristics of adolescents. The course emphasizes state and national science and mathematics standards, process skills and major concepts of the disciplines. The course continues an exploration of strategies for creating a safe and supportive classroom and the adaptation of technology to enhance learning. Candidates engage in design, implementation, and assessment of constructivist-based STEM instructional strategies. This course includes classroom field experiences. This course includes teaching internship days toward the required 100-day internship.

Prerequisite: ED 640.

ED 660 - Foundations for Teaching ELL (3 credits)

Introduces students to foundational and practical knowledge to effectively serve those who are learning English as a second language. Candidates develop habits of mind, skills, and pedagogical practices for teaching English language learners in a variety of settings. (Pending review by the Academic Affairs Committee.)

Prerequisite: Under development.

ED 690 - Issues in STEM Education (3 credits)

Introduces candidates to the political, economic, social, and/or pedagogical issues shaping secondary and STEM education policy and practice. Candidates explore current issues through research and discussion, identify issues that emerge in practice, and engage stakeholders in problem solving.

Prerequisite: ED 645. Corequisite: ED 710.

ED 710 - Professional Internship (6 credits)

Provides opportunities for teacher candidates to integrate theory and practice. Candidates proceed from introductory participation to full professional teaching responsibilities including planning and implementation of curriculum and assessment of student learning. Candidates conduct action research with the goals of gaining insights, developing reflective practice, making a positive contribution to the school environment, and achieving student learning outcomes. Candidates complete their minimum 100-day internship in a secondary classroom and complete a professional development portfolio.

Prerequisite: ED 645, MSDE Qualifying Score on Praxis II Content Area Assessment. Corequisite: ED 690.

FSAAC - Forensic Accounting**FSAAC 620 - Forensic Information Technology (3 credits)**

Introduces forensic computer science, including techniques used to investigate computer crime scenes as well as computer hardware and software used to solve computer crimes. Students study the history of computer crimes and the important legal and social issues related to them.

Prerequisite: FSCOR 601, FSCOR 606.

FSAAC 624 - Fraud: Accounting (3 credits)

Covers fraud detection, warning signs, technology tools, investigation techniques, financial statement screening, fraud risk in e-commerce, and proactive fraud risk. The proper manner in which allegations of fraud should be investigated to meet the requirements of civil/criminal court procedure will be addressed. This course must be completed prior to taking Mock Trial. Restricted to Accounting Track students only.

Prerequisite: FSCOR 601, FSCOR 606.

FSAAC 626 - Investigation and Analysis: Auditing (3 credits)

Emphasizes financial statement fraud and how an auditor can find such fraud. The proper manner in which allegations of fraud should be investigated to meet the requirements of civil/criminal court procedure is addressed. Case studies of the SEC Enforcement Division's releases for false and misleading financial statements. Restricted to Accounting Track students only.

Prerequisite: FSAAC 624.

FSAAC 628 - Investigation and Analysis: Tax (3 credits)

Focuses on tax fraud perpetrated by individuals and businesses. Emphasis is placed on common types of tax fraud and how such fraud can be detected. The proper manner in which allegations of fraud should be investigated to meet the requirements of civil/criminal court procedure is addressed. Restricted to Accounting Track students only.

Prerequisite: FSCOR 601, FSCOR 606.

FSAAC 640 - Business Valuation (3 credits)

Explores the range of valuation methods that can be used to derive the worth of a private business, including asset, income, and market based methods. Students will analyze various fact patterns and determine which method(s) should be used to prepare a complete business valuation. Issues addressed will include the valuation of intangible assets, relevant adjustment factors, and potential valuation errors.

Prerequisite: FSCOR 601, FSCOR 606.

FSCI - Forensic Science

FSCI 500 - Survey of Forensic Science (3 credits)

Analyzes the two primary arenas of forensic science; i.e., laboratory analysis and testifying. Topics covered include forensic chemistry, pattern analysis, forensic biology, forensic microscopy, expert testimony, physical evidence, and crime scene analysis. Topics related to employability as a forensic scientist and workplace demands will also be introduced.

Prerequisite: None.

FSCI 540 - Crime Scene Photography (3 credits)

Explores the basic skills of forensic photography, including the use and operation of digital cameras, the fundamentals of proper lighting, picture composition, processing, and printing. Students will learn how to photograph mock crime scenes generally, as well as with respect to specific items of evidence such as fingerprints, blood spatter, firearms, arson evidence, victims, and tire tracks.

Prerequisite: None.

FSCI 610 - Physical Evidence at Crime Scenes (3 credits)

Evaluates how to identify physical evidence and recognize its value as it relates to the solution of crime. The concepts of identification, individuation, and association will be discussed. Categories of physical evidence that will be studied include fingerprints, drugs, documents, soil, arson evidence, gunshot residue, hair, fiber, blood, saliva, and semen. The value of DNA evidence will also be discussed.

Prerequisite: FSCI 500.

FSCI 615 - Safety/Quality Control/Quality Assurance (3 credits)

Prepares students to be knowledgeable in the stringent safety and quality assurance procedures routinely used within an accredited forensic laboratory. Students will learn about the quality criteria that govern the work product of an accredited forensic lab. The course will emphasize the practices that protect the work product through good QC/QA with emphasis on current accreditation criteria, and those policies that protect the most important aspect of the lab—the employee.

Prerequisite: FSCI 500.

FSCI 617 - Trace Evidence (3 credits)

Prepares students to evaluate physical evidence through the use of microscopic, chemical, and instrumental means. The course emphasizes the scientific procedures used to identify evidence, analyze data generated during the identification phase, and engage in the inductive reasoning process.

Prerequisite: FSCI 500.

FSCI 620 - Drug Analysis (3 credits)

Introduces students to the "analytical approach" to drug analysis in a forensic laboratory. Students will be taught how to define the problem, take a representative sample, isolate, identify, and quantitate various classifications of controlled dangerous substances. Students will learn how to put the findings into proper report format. Laboratory course.

Prerequisite: FSCI 500.

FSCI 630 - Crime Scene Investigation (3 credits)

Develops the skills necessary to process a crime scene. Students will learn how to photograph, sketch, and document a crime scene; develop, lift, and preserve latent prints; create plaster casts of impressions; package and preserve biological evidence; and perform preliminary tests for certain categories of evidence. Labs for this course are online.

Prerequisite: FSCI 500 and FSCI 540.

FSCI 632 - Pattern Analysis (3 credits)

Examines forensic pattern analysis, including the examination of latent prints, firearms, tool marks, bloodstain patterns, and questioned documents. The course focuses on how items of evidentiary value can be associated through the examination, correlation and interpretation of innate patterns. Students differentiate between objective and subjective opinions and examine the implications of governmental policy and guidelines on pattern analysis fields in forensic science.

Prerequisite: FSCI 500.

FSCI 640 - Serology and Immunology (3 credits)

Evaluates the structure and function of the immune system with an emphasis on antigen-antibody reactions. Students learn how to perform a variety of tests in the screening of biological materials such as blood, semen, and saliva. Identification of the source material and

feasibility of DNA analysis will also be explored. Labs for this course are online.

Prerequisite: FSCI 500.

FSCI 645 - DNA Analysis (3 credits)

Explores DNA analysis for forensic science applications and analytical methods used in crime laboratories to obtain DNA results. Students evaluate various techniques and procedures used in DNA analysis. Concepts explored include DNA structure, genetic transference, and types of DNA. Students will use the national DNA database (CODIS) and explore ethical implications.

Prerequisite: FSCI 500.

FSCI 660 - Forensic DNA Computer Applications (3 credits)

Employs computer applications commonly encountered within the forensic DNA field. The course includes use of both analytical and database applications, such as analysis of quality assurance databases, sample tracking databases, comparative databases, and population databases.

Prerequisite: FSCI 500.

FSCI 670 - Forensic Toxicology (3 credits)

Studies the mechanisms of action (absorption, distribution, metabolism, and excretion) by which xenobiotics (drugs and environmental chemicals) enter the body and cause an effect. The course will also discuss the forensic analytical application of detection and interpretation of the toxicological findings.

Prerequisite: FSCI 500.

FSCI 675 - Crime Lab: Structure and Operations (3 credits)

Explores the forensic science disciplines at a crime laboratory. Students will gain knowledge of the workings of the various forensic units found in a working crime laboratory. Students will explore the role of different units depending on jurisdiction.

Prerequisite: Must be enrolled in the FSCI or CSI graduate program.

FSCI 702 - Seminar in Forensic Science (3 credits)

Evaluates a number of topics within the forensic science disciplines. Over the course of the semester, students will create presentations based on papers from peer-reviewed scientific journals and present them to their peers for discussion and critique. Forensic scientists will instruct students regarding new techniques, topics, and research in forensics. Topics emphasized will include standards for ethical behavior, workplace demands, and professionalism.

Prerequisite: FSCI 500.

FSCI 760 - Thesis Development in Forensic Science (3 credits)

Begins the process of developing a master's thesis. This course is the first half of a two-course sequence that concludes with FSCI 761. Students will develop their

master's thesis by proposing a possible innovation in Forensic Science. Requirements of this course include preparing the literature review section, completing drafts of the research and statistical approach sections, and communicating the thesis plans orally and in written form.

Prerequisite: Must have completed 18 graduate credits prior to taking this course.

FSCI 761 - Forensic Science Thesis (3 credits)

Completes the research, analysis and writing of the master's thesis. This course is the second half of a two-course sequence. Students will complete the forensic science research project proposed in FSCI 760, Thesis Development in Forensic Science. Additional course requirements include communicating and defending the master's thesis in both oral and written formats.

Prerequisite: FSCI 760.

FSCI 762 - Expert Witness Preparation and Practice (3 credits)

Prepares students to critically analyze forensic evidence and present testimony as an expert witness in legal proceedings. The course emphasizes the use of exhibits and reports as aids to oral testimony and the application of relevant rules of evidence.

Prerequisite: FSCI 760. Corequisite: FSCI 761.

FSCOR - Forensic Studies

FSCOR 601 - Foundations of Justice (3 credits)

Provides students with the opportunity to examine the history, philosophy, and social development of investigations, courts, and correctional institutions in a democratic society. Local, state and federal agencies involved in administration of criminal justice, as well as the court and trial process are examined.

Prerequisite: None.

FSCOR 603 - Litigation Theory and Practice (3 credits)

Examines civil and criminal trial practice. Students will study all phases of pre-trial and trial work. Topics include court jurisdiction, pleadings and pre-trial motions, fact gathering, discovery, rules of evidence and procedure, plea bargains, settlements, voir dire of jury panel, opening statements, presentation of evidence, witness testimony, and closing arguments

Prerequisite: None.

FSCOR 606 - Forensic Research and Writing (3 credits)

Provides the opportunity for students to research, write, and edit on topics that are relevant to forensic professionals. Students will work with peer editors throughout the research and writing process.

Prerequisite: None.

FSCOR 720 - Forensic Studies Capstone (3 credits)

Provides students the opportunity to schematize theories, measure relevancy of evidence in legal proceedings, defend legal principles and construct program specific reports. Students will examine and analyze latent investigative strategies and complete individualized reflective portfolios to demonstrate mastery of concepts. Prerequisite: All courses in the program.

FSEL - Forensic

FSEL 610 - Advanced Electronic Discovery (3 credits)

Examines the principles and methodologies involved in the e-discovery process and the use of digital evidence in litigation. Topics include: legal issues surrounding the identification, preservation, and collection of relevant electronic evidence, including the Federal Rules of Evidence and the Federal Rules of Civil Procedure; methods for culling datasets to the most relevant; electronically-assisted document review; proper methodology for preservation of metadata; spoliation considerations; and the interplay of each of the foregoing with computer forensic investigations. Prerequisite: FSAAC 620.

FSEL 630 - Online Investigation: Strategy & Techniques (3 credits)

Prepares students for conducting effective and efficient investigative work online. Students develop strategies and techniques to gather, analyze, preserve, and report on publicly available information for investigative purposes in a lawful and ethical manner. This course will cover social media and networking platforms and technical assessment of websites. Students will examine various types of data available online; the type of evidence used in law enforcement; and how it is collected, preserved, and reported. Prerequisite: None.

FSEL 655 - Special Topics (3 credits)

Examines in-depth a special topic in forensic studies, such as the comparison of forensic studies in the United States with that of a foreign country or a current issue in forensic studies, such as healthcare or mortgage fraud. Using primary sources, students will research and analyze the relevant topic and produce a scholarly and substantial article. Prerequisite: FSCOR 601, FSCOR 606.

FSINV - Forensic Investigation

FSINV 600 - Investigative Techniques/Interviewing (3 credits)

Examines how to gather testimonial evidence by interviewing persons of interest, as well as how to prepare reports of investigation and oral presentations. Students will learn the importance of planning

thoroughly before conducting interviews by carrying out preliminary research into the interviewee's personal history and background. Students engage in background research that includes employment, education, financial, and criminal records. Legal issues regarding gathering, maintaining and disclosing information obtained during the investigation is presented, as well as the law governing self-incrimination and providing warnings during interviews. Students learn to differentiate among various types of interviewing, including interviewing neutral witnesses, hostile witnesses, and subjects of investigations. Students prepare reports using analytical techniques that allow them to reach coherent, defensible conclusions.

Prerequisite: FSCOR 601, FSCOR 606.

FSINV 605 - Investigative Techniques/Physical Evidence (3 credits)

Examines how to gather physical and documentary evidence, such as accounting documents and digital records, from persons of interest and to prepare reports of investigation and oral presentations. Students learn the importance of planning thoroughly before gathering evidence, by conducting preliminary research into the record system to be examined. Legal issues regarding gathering, maintaining and disclosing information, as well as the law controlling privacy and search and seizure are presented. Students learn how to properly record evidence and maintain a chain of custody. Students prepare reports using analytical techniques that allow them to reach coherent, defensible conclusions.

Prerequisite: FSCOR 601, FSCOR 606.

FSIS - Forensic Information Systems

FSIS 642 - File Systems Forensic Analysis (3 credits)

Prepares students with a thorough knowledge of file system structures and the ability to analyze digital evidence found in the various implementations of FAT, NTFS, EXT3 file systems, and other disk allocation structures. This knowledge and associated skill is essential for a complete understanding of evidence imaging and the analysis required to provide testimony in court as an expert in the field of computer forensics.

Prerequisite: FSCOR 601, FSCOR 606.

FSIS 643 - Incident Response and Evidence Collection (3 credits)

Examines relevant laws regarding the search and seizure of digital evidence, the tools available to create a "best evidence" image of the digital evidence, and how to properly document the seizure, validate the image set, and establish a proper chain of custody for all evidence seized.

Prerequisite: FSCOR 601, FSCOR 603 or FSCOR 606, or admission to the Cybersecurity and Digital Forensics Program. Cross-Listed as: CYBF 643.

FSIS 644 - Windows Forensic Examinations (3 credits)

Provides information essential to the performance of a forensic examination on a computer running the Microsoft Windows operating system. Exercises focus on disk level forensic tools and techniques. This course focuses on the underlying operation of automated forensic tools, identifying the most appropriate forensic tool to be used in specific circumstances, and defending the selection of forensic tools in the courtroom under cross examination. The course will use leading edge tools from X-Ways, Helix, and EnCase.

Prerequisite: FSIS 642, FSIS 643, or CYBF 643. Cross-Listed as: CYBF 644.

FSIS 646 - Windows Intrusion Forensic Investigations (3 credits)

Describes how operating system intrusions occur and what can be learned from the artifacts left behind. This course covers the categories of intrusions, targeting vulnerabilities in the Microsoft Windows environment. Students examine intrusion evidence to determine a time line of events, and collect evidence of the intrusion source.

Prerequisite: FSCOR 601, FSCOR 603, or FSCOR 606, and FSIS 644/CYBF 644.

FSIS 650 - Intrusion Detection Systems (IDS), Firewalls, Auditing (3 credits)

Explores the network forensic components that detect, block and track network intrusions. Students learn how to configure IDS, firewalls and network analysis tools to protect network resources. Steps in recovering digital forensic evidence from these devices are examined. The various categories of IDS, firewall and network analysis products are compared and evaluated.

Prerequisite: FSCOR 601, FSCOR 603 or FSCOR 606. Cross-Listed as: CYBF 650.

FSIS 662 - Network Penetration Testing (3 credits)

Explores the need for conducting ethical network penetration testing as a means to better secure existing networks and to identify artifacts that appear from attacks. Students will develop network penetration testing plans in accordance with approved industry standards. Tests, which include active and passive reconnaissance, footprinting, vulnerability identification, and exploitation, will be conducted on multiple targets. Students will generate results, including recommendations for improving the security posture of the network.

Prerequisite: FSCOR 601, FSCOR 603, or FSCOR 606, and FSIS 644/CYBF 644 or permission from the FSIS Academic Program Administrator. Cross-Listed as: CYBF 662.

FSIS 663 - Network and Cloud Forensics (3 credits)

Explores performing forensic examination of a shared pool of configurable computing cloud resources, such as networks, servers, storage applications, and services. This

course will provide a practical approach to obtaining forensic data from always-on, cloud-based resources. Examinations will involve the correlation of information from different network sources. Students will distinguish live analysis from live response and perform both on a network-based resource. Students will produce a report detailing the results of a network/cloud-based forensic examination.

Prerequisite: FSIS 644/CYBF 644. Cross-Listed as: CYBF 663.

FSIS 664 - Mobile Device Forensics (3 credits)

Explores the growing field of cellular technologies from both network architecture and hand-held device perspectives. This course will provide details regarding the type and manner of data that can be forensically obtained from mobile devices, including call logs, text messages, address books, photos, videos, and Internet history. Exercises focus on using accepted forensic procedures to acquire and analyze data from a variety of mobile devices. Students will generate analytical reports and cross reference results with data from network service providers. The course will use leading-edge tools from Paraben Corporation and Cellebrite Mobile Synchronization. The course is offered online, but students are required to attend an 8-hour on-site class.

Prerequisite: FSCOR 601, FSCOR 606, or admission to the Cybersecurity and Digital Forensics Program. Cross-Listed as: CYBF 664.

FSLAW - Forensic Law

FSLAW 602 - Criminology (3 credits)

Provides students with the opportunity to examine crime, criminals, the law, criminal behavior, and other social processes involved in crime causation. Emphasis is placed on the role of crime as a social phenomenon, the nature of criminal law, and related matters of crime in modern society. Students will examine criminological theories and their impact on policy formation in the criminal justice arena as well as examine scholarly criminological research for use in supportive analysis of theory and policy in the criminal justice arena.

Prerequisite: FSCOR 601, FSCOR 606.

FSLAW 662 - Fraud Investigation and Analysis (3 credits)

Deals with all phases of fraud investigations, including fact-gathering and interviewing witnesses and targets. Issues considered include constitutional criminal procedure relating to the Fourth Amendment (search and seizure), Fifth Amendment (custodial interrogations), and Sixth Amendment (interrogation and identification). The course also covers the rules governing subpoenas for testimony, exemplars and documents, grand jury operation and secrecy, the rights and obligations of grand jury witnesses, and the responsibilities of a defense attorney when they discover evidence that tends to incriminate the defendant.

Prerequisite: FSCOR 601, FSCOR 606.

FSLAW 668 - White Collar Crimes (3 credits)

Includes a review and analysis of the general principles of white collar criminal prosecution and defense, including jurisdiction of various federal criminal law enforcement and prosecutorial agencies; corporate and other business crimes; fraud and political corruption crimes (mail fraud, bank fraud, and crimes involving bribery of public officials); conspiracy; financial and securities fraud; tax fraud; RICO; currency reporting crime and money laundering; regulatory crimes in the health and environmental areas; crimes involving the protection of federal rights and functions (perjury statutes, obstruction of justice, and witness tampering); and sanctions, including the Federal Sentencing Guidelines and the use of minimum mandatory sentences.

Prerequisite: FSCOR 601, FSCOR 606.

GRAD - Stevenson University Online

GRAD 500 - Thinking, Researching, Writing for Success (0 credits)

Focuses on developing students' confidence and competence in critical thinking, researching, and writing at the master's degree level. The habits of mind and intellectual skills necessary for academic and professional success are introduced, recognizing that proficiency will not be achieved until students complete their degree programs. The course integrates technology tools into assignments to provide familiarity with the online learning environment.

Offered: Fall, Winterim, Spring, and Summer.

HCM - Healthcare Management

HCM 557 - Project and Resource Management (3 credits)

Provides students with the essential principles and tools of project management and an understanding of the human, organizational, and fiscal factors involved. Students will study issues and acquire skills related to personnel selection, managing an increasingly diverse workforce, project definition, budgeting, quality, and outcomes. The role of strategic planning in healthcare organizations will be explored.

Prerequisite: HCM 600 or HCM 605. Cross-Listed as: NURS 557.

HCM 600 - Managerial Epidemiology and Statistics (3 credits)

Examines epidemiology concepts and tools as they are used in developing models for health, health service utilization, and health policy. Students will learn to distinguish among the types of epidemiological research (descriptive, analytical, and experimental) and will analyze epidemiological literature and discuss the pros and cons of different research methods. Analysis of epidemiological data using appropriate methods and statistical measures utilized in epidemiological studies are required to design and conduct a needs assessment for a given population, identifying healthcare gaps and

disparities. Case studies and real world examples will be used to reinforce need for population-based approach to design and delivery of healthcare services.

Prerequisite: None. Cross-Listed as: NURS 600.

HCM 605 - Healthcare Management and Administration (3 credits)

Examines theories and practices of management in healthcare organization. Students will learn about internal and external forces influencing healthcare system or unit performance and clinical excellence. Current environmental forces influencing human resources management will be assessed for impact on job design and recruitment and retention of healthcare professionals. Analysis of teamwork, leadership, power, politics, change, quality management, and strategic planning as they impact the role of the healthcare manager will be incorporated into critiques of healthcare management case studies and application of theory to real world experiences.

Prerequisite: None.

HCM 612 - Healthcare Policy, Law, and Ethics (3 credits)

Examines the impact of governmental agencies, non-governmental organizations, and other stakeholders on the history of health care policy development in the US. This course challenges students to analyze historical health care laws and any opposition to those laws and policies with respect to the impact on access, cost, quality of care, and ethical issues from the perspectives of different stakeholders. Students design a health care law, delineate the ethical implications of the law and propose an implementation strategy and plan. Implications of healthcare policy, laws, and ethics will be examined through case studies and analyses of real world examples.

Prerequisite: HCM 600 or HCM 605.

HCM 620 - Human Resources Development in Healthcare (3 credits)

Examines human resources management (HRM) from a strategic and administrative perspective. Students conduct analyses of the impact of environmental forces, including state and federal legislation, on HRM. Emphasis is placed on the key role of employees as drivers of organizational performance, workforce planning/recruitment, and employee retention. Current issues in HRM are examined through case studies and analyses of real world examples.

Prerequisite: HCM 600 and HCM 605.

HCM 635 - Innovative Leadership & Management (3 credits)

Examines all aspects of leadership, including characteristics of leaders, leadership behaviors and styles, leadership ethics and social responsibility, teamwork, communication and conflict, and creativity and innovation. Students will develop skills, research findings, and evaluate cases relating to leadership theory and practice.

Prerequisite: HCM 600, HCM 605, HCM 612, HCM 620, HCM 557, HCM 650, and HCM 652. Cross-Listed as: DTI 635.

HCM 640 - Teamwork in Healthcare Settings (3 credits)

Examines teamwork and the unique challenges of collaborating across disciplines. This course focuses on overcoming barriers to teamwork in healthcare settings and developing conflict management and team building skills using case studies and real-world examples.

Prerequisite: HCM 600, HCM 605, HCM 612, HCM 620, HCM 557, HCM 650 and HCM 652.

HCM 642 - Healthcare Project Planning and Management (3 credits)

Introduces a step-by-step approach to developing, implementing, and evaluating a project plan in healthcare settings. This course examines community needs assessments, project and program planning, organizing, leading, controlling and monitoring using pre- and post-test data, quantitative and qualitative data to assess program quality, fidelity and outcomes. Students will review relevant evidence to support a best practice intervention, and outline process dynamics, including outcomes management and evaluation strategies.

Prerequisite: HCM 600, HCM 605, HCM 612, HCM 620, HCM 557, HCM 650, and HCM 652.

HCM 644 - Project Management (3 credits)

Provides students with the genesis of project management and its importance to improving the success of information technology projects. Topics addressed include the triple constraint of project management, project management knowledge areas and process groups, the project life cycle, project selection methods, work breakdown structures, network diagrams and critical path analysis, cost estimates, earned value analysis, risk analysis, motivation theory, and team building. Project management soft-ware will be utilized to plan and manage information technology projects.

Prerequisite: HCM 600, HCM 605, HCM 612, HCM 620, HCM 557, HCM 650 and HCM 652. Cross-Listed as: DTI 644.

HCM 646 - Project Management Accounting (3 credits)

Integrates material from previous coursework with a systematic approach to healthcare project management accounting, utilizing case studies and professional applications. This course examines project planning, organizing, leading, controlling and monitoring from a financial perspective.

Prerequisite: HCM 600, HCM 605, HCM 612, HCM 620, HCM 557, HCM 650 and HCM 652.

HCM 650 - Organizational Behavior in Healthcare (3 credits)

Explores organizational theories, motivation, and leadership behaviors in healthcare settings. Students will learn about effective decision making in groups,

influencing others, and the importance of organizational values and diversity. Student activities will include developing effective organizational strategies in addressing organizational issues.

Prerequisite: HCM 600 and HCM 605. Cross-Listed as: NURS 650.

HCM 652 - Health Care Finance: Challenges (3 credits)

Explores the economics of health care from both the health system perspective and the point of care. Budget management, cost-benefit analyses, cost containment strategies, and management of fiscal and human resources will be explored.

Prerequisite: HCM 600 and HCM 605. Cross-Listed as: NURS 652.

HCM 660 - Planning for Evidence-Based Practice (3 credits)

Enables students to make a case for nursing practice decisions based on research studies and data. Students will learn to evaluate and apply evidence-based practice to health care as it relates to leadership and management functions. Evidence-based practice is defined as a problem-solving approach to decision-making that involves the conscientious use of the best available evidence, along with one's own expertise, to improve outcomes for individuals, group, communities, and systems.

Prerequisite: HCM 600, HCM 605, HCM 612, HCM 620, HCM 557, HCM 650 and HCM 652. Cross-Listed as: NURS 660.

HCM 662 - Quality Management in Health Care (3 credits)

Focuses on health care systems improvement to enhance quality of patient outcomes, create a patient-centered culture of safety, and reduce risk. This course emphasizes statistical process control methods, regulatory and accreditation standards, and barriers to and strategies for quality improvement.

Prerequisite: HCM 600, HCM 605, HCM 612, HCM 620, HCM 557, HCM 650, HCM 652 and HCM 660. Cross-Listed as: NURS 662.

HCM 665 - Patient Satisfaction and Quality Improvement (3 credits)

Examines the techniques for determining customer needs and for developing the criteria to evaluate the quality of strategies used to enhance customer service. The course presents current methods for obtaining customer satisfaction, including the use of complaint data to explore opportunities for improvement. The course emphasizes data gathering and interpretation, including interviewing techniques and complaint resolution management. The course uses real-world examples and case studies.

Prerequisite: HCM 557, HCM 600, HCM 605, HCM 612, HCM 620, HCM 650, HCM 652 and HCM 660.

HCM 667 - Customer Relationship Management (E-CRM) (3 credits)

Understands the importance of CRM in safeguarding the firm's customer base and future revenue growth, especially in those industries characterized by high levels of competition. In accessing and analyzing customer data, businesses are better able to provide products and services more closely tailored to customers' needs and thereby strengthen relationships. Students evaluate the various methods of extracting customer data, particularly from web sites, and learn how the data is analyzed, segmented and scored in the production of meaningful management reports and marketing campaigns.

Prerequisite: HCM 600, HCM 605, HCM 612, HCM 620, HCM 557, HCM 650, HCM 652 and HCM 660. Cross-Listed as: DTI 667.

HCM 669 - Patient Advocacy for Healthcare Quality (3 credits)

Explores the origins of patient advocacy in the US healthcare system and the interconnected roles of patients, physicians, nurses, administrators, policy makers, and lawyers. Using an ecological approach, the course emphasizes the findings from the patient safety movement and the importance of effective communication, accountability and respectful teamwork. The course uses real world examples and case studies.

Prerequisite: HCM 600, HCM 605, HCM 612, HCM 620, HCM 557, HCM 650, HCM 652 and HCM 660.

HCM 700 - Internship in Healthcare Management (3 credits)

Integrates and applies healthcare leadership competencies to professional experiences in healthcare organizations. Students participate in creation of unique products, services, or processes. Students must demonstrate effective teamwork, written, verbal, and interpersonal proficiencies.

Prerequisite: A grade of B or better in HCM 600 and HCM 605 and by permission of the MS in Healthcare Management Program Coordinator.

LTED- Literacy Education

LTED 603 - Foundations of Literacy (3 credits)

Examines the foundational theories and evidence-based practices of reading, writing and communication processes with emphasis on the development of holistic and integrated 21st century classroom literacy programs. This course considers the developmental progression of learners as readers, writers, and communicators of knowledge. Students connect and integrate reading, writing, and communication instructional strategies to meet the needs and interests of K-12 literacy learners across disciplines.

Prerequisite: None.

LTED 611 - Literacy Assessment (3 credits)

Focuses on principles and practices of formal and informal literacy assessment to evaluate learners' literacy

performance and match instruction to developmental strengths and needs. Students develop methods for effectively and professionally communicating assessment results and corresponding instructional plans to relevant stakeholders.

Prerequisite: LTED 603.

LTED 621 - Culturally Responsive Literacy (3 credits)

Explores research and relevant concepts of diversity and equity and the impact of cultural factors on literacy learning and teaching. Addresses best practices for teaching culturally and linguistically diverse students specific to second language acquisition and usage. Identifies environmental and personal factors that can result in learner resistance, avoidance, and maladaptive reading strategies and behaviors. Course includes strategies for creating inclusive and affirming classrooms through use of culturally responsive literacy instruction and a variety of literacy tools and technologies.

Prerequisite: LTED 603.

LTED 623 - Digital Literacy and Media (3 credits)

Examines the literacy skills required of literacy learners as a result of emerging technologies. Students design and apply instructional practices that integrate digital tools to support literacy instruction across the curriculum. Students examine and critically evaluate media in our society and develop instructional strategies that bolster learners' ability to access, analyze, evaluate and create information in a variety of media formats.

Prerequisite: None.

LTED XXX - Children's Literature (3 credits)

Explores literature for children and young adults through the lens of global political, economic and social factors influencing cultural patterns and values. Emphasizes the development of reading interests for real-world, life-long learning, professional evaluation, educational uses, and readers' advisory. (Pending review by the Academic Affairs Committee.)

Prerequisite: Under development.

LTED 701 - Literacy Capstone (3 credits)

Provides opportunities for students to integrate theory and practice in a school setting. Students conduct action research with the goal of gaining insights for advancing literacy practice, developing reflective practice, and making a positive contribution to the school environment. Students create a portfolio documenting their competency literacy standards and growth as literacy leaders.

Prerequisite: LTED 603, LTED 611, LTED 621, LTED 623.

NURS-Graduate Nursing

NURS 515 - Concepts of Nursing Informatics (3 credits)

Draws from computer science, information science, cognitive and decision sciences, and nursing science. This

course provides students with an overview of informatics and the theoretical foundation for information management within the health care setting.

Prerequisite: None.

NURS 520 - Quantitative Methods in Nursing Research (3 credits)

Focuses on the application of quantitative research designs. Practice and management questions are discussed and quantitative research strategies are developed to produce data and to examine the results of nursing research.

Prerequisite: NURS 515.

NURS 530 - Qualitative Inquiry in Nursing (3 credits)

Examines the conceptual issues of qualitative inquiry and introduces the student to grounded theory, phenomenology, ethnography, and historical research. Connections between current issues in practice and management and qualitative research strategies will be explored. Students will conduct interviews and write narratives that reflect their understanding of nursing knowledge.

Prerequisite: NURS 515.

NURS 547 - Global Health Care Perspectives (3 credits)

Provides an intensive overview of global health issues. This course focuses on global determinates of health, global health policies, global health research methods, effects of economics on global healthcare, complementary and alternative medicine, and organizations working in the field of global health. Students will consider the impact of global health issues such as infectious diseases, chronic diseases, cancer, violence, nutrition, mental health and environmental health. Topics covered include the special issues of reproduction, infants, and children.

Prerequisite: NURS 520 and NURS 530.

NURS 557 - Project and Resource Management (3 credits)

Provides students with the essential principles and tools of project management and an understanding of the human, organizational, and fiscal factors involved. Students will study issues and acquire skills related to personnel selection, managing an increasingly diverse workforce, project definition, budgeting, quality, and outcomes. The role of strategic planning in healthcare organizations will be explored.

Prerequisite: NURS 520 and NURS 530. Cross-Listed as: HCM 557.

NURS 600 - Managerial Epidemiology and Statistics (3 credits)

Examines epidemiology concepts and tools as they are used in developing models for health, health service utilization, and health policy. Students will learn to distinguish among the types of epidemiological research

(descriptive, analytical, and experimental) and will analyze epidemiological literature and discuss the pros and cons of different research methods. Analysis of epidemiological data using appropriate methods and statistical measures utilized in epidemiological studies are required to design and conduct a needs assessment for a given population, identifying healthcare gaps and disparities. Case studies and real world examples will be used to reinforce need for population-based approach to design and delivery of healthcare services.

Prerequisite: None. Cross-Listed as: HCM 600.

NURS 610 - Advanced Pathophysiology and Pharmacology (3 credits)

Provides students with advanced content on pathophysiology and pharmacology necessary for evidence-based practice in a hospital, academic, or community setting. Structural and functional changes in cells, tissues, and organ systems associated with selected diseases will be analyzed. Pharmacology treatment, patient implications, and nursing considerations will be incorporated with each system. Pathogenesis of disease will be related to principles of health promotions, disease prevention and pharmacology.

Prerequisite: NURS 547 and NURS 557.

NURS 615 - Advanced Health Assessment (3 credits)

Provides advanced content in the area of health assessment across the lifespan required for evidence-based practice in hospital, academic, or community settings. This course will build on previously learned skills and knowledge from baccalaureate education and nursing practice experience. The students will develop the advanced skills needed to obtain, conduct, and teach others how to complete a comprehensive health history and physical assessment. This course includes a hands-on experience to assess application of course content.

Prerequisite: NURS 610.

NURS 620 - Introduction to Forensic Nursing (3 credits)

Provides introduction to the definitions and principles of medico-legal care of the individual experiencing trauma, abuse, neglect, rape, and death. This course provides students with an overview of the judicial system and the skills and knowledge essential to forensic nursing, including identification of intentional and unintentional wounds, collection of evidence (DNA, photographic, written), creation of a judicial system summary, and differentiating the resources available to victims of intimate crime. The role of the forensic nurse as a community leader, supporting diverse populations through collaboration with civic and legal entities, will be explored.

Prerequisite: NURS 547 and NURS 557.

NURS 632 - Curriculum Design and Innovation (3 credits)

Applies various perspectives and theories on educational design. Curriculum design and implementation will be

emphasized for staff development education, as well as associate and baccalaureate levels of education. This course discusses the influence of accreditation and regulatory standards on curriculum and the implementation of innovation in nursing education.

Prerequisite: NURS 635.

NURS 635 - Teaching and Learning Strategies/Evaluation (3 credits)

Focuses on teaching methods and strategies along with assessment techniques for classroom and clinical settings. The student will apply principles of adult learning and new developments in nursing education. Participation in the construction of grading criteria, examinations, and clinical experience allow the student to integrate teaching methods and assessment/evaluation skills.

Prerequisite: NURS 615.

NURS 642 - Instructional Media in Education (3 credits)

Analyzes the selection and implementation of a variety of instructional media and new developments in the field of nursing education. This course focuses on the use of simulations, online delivery, and other innovations to promote learning of theory and clinical content in nursing education settings.

Prerequisite: NURS 615.

NURS 650 - Organizational Behavior in Healthcare (3 credits)

Explores organizational theories, motivation, and leadership behaviors in healthcare settings. Students will learn about effective decision making in groups, influencing others, and the importance of organizational values and diversity. Student activities will include developing effective organizational strategies in addressing organizational issues.

Prerequisite: NURS 547 and NURS 557. Cross-Listed as: HCM 650.

NURS 652 - Health Care Finance: Challenges (3 credits)

Explores the economics of health care from both the health system perspective and the point of care. Budget management, cost-benefit analyses, cost containment strategies, and management of fiscal and human resources will be explored.

Prerequisite: NURS 547 and NURS 557. Cross-Listed as: HCM 652.

NURS 660 - Planning for Evidence-Based Practice (3 credits)

Enables students to make a case for nursing practice decisions based on research studies and data. Students will learn to evaluate and apply evidence-based practice to health care as it relates to leadership and management functions. Evidence-based practice is defined as a problem-solving approach to decision-making that involves the conscientious use of the best available evidence, along with one's own expertise, to

improve outcomes for individuals, group, communities, and systems.

Prerequisite: NURS 650 and NURS 652. Cross-Listed as: HCM 660.

NURS 662 - Quality Management in Health Care (3 credits)

Focuses on health care systems improvement to enhance quality of patient outcomes, create a patient-centered culture of safety, and reduce risk. The course will emphasize statistical process control methods, regulatory and accreditation standards, and barriers to and strategies for quality improvement.

Prerequisite: NURS 650 and NURS 652. Cross-Listed as: HCM 662.

NURS 670 - Communication and Conflict Resolution (3 credits)

Explores therapeutic communication, cultural competence, and conflict resolution as integral to the multiple relationships within population-based care management roles. Theoretical models and assessment tools, including health literacy, will be utilized to examine the diversity of cultural beliefs, values, and practices that impact the health of individuals, families, and communities. Students will learn collaborative communication strategies focused on inter-professional negotiation within agencies, communities, and systems. Clinical, legal, and ethical concerns related to health care disparities will be discussed.

Prerequisite: NURS 547 and NURS 557.

NURS 672 - Population-Based Care: Vulnerable Populations (3 credits)

Examines coordination of care for vulnerable populations including risk reduction and infection control, health education, nutrition, population health, environmental concerns, emergency management/preparedness, and chronic disease and disability, both psychosocial and physical. Quality, safety, and the economic impact of providing cost-effective care will be discussed using decision science and predictive analysis.

Prerequisite: NURS 670.

NURS 674 - Professional/Legal Issues in Population-Based Care (3 credits)

Explores the legal and economic aspects of coordination of care. This course focuses on reimbursement and financing of health care, and insurance requirements. Content also includes analysis of the American Nurses Association (ANA) standards and scope of practice for relevant disciplines (such as school nurses and case managers), the ANA Code of Ethics, and federal and state laws governing child abuse and neglect, minor consent for health services, and communicable disease reporting.

Prerequisite: None.

NURS 736 - Nursing Education Practicum (3 credits)

Provides an opportunity for students in the education concentration to apply education concepts in a selected higher education or health care delivery environment during a 135-hour practicum experience. Students will complete a project relevant to the role of the nurse educator.

Prerequisite: NURS 632, NURS 635, and NURS 642.

NURS 737 - Graduate Nursing Capstone (3 credits)

Emphasizes analysis and evaluation of concepts of teaching and learning; demonstration of competencies needed to deliver content effectively; assessment and evaluation of student and program outcomes; participation in curriculum planning and development; and analysis of regulatory, ethical, legal and accreditation issues. Students will develop a professional portfolio and a scholarly paper and presentation. The course includes an on-campus residency requirement.

Prerequisite: NURS 632, NURS 635, and NURS 642.

NURS 750 - Nursing Leadership/Management Capstone (6 credits)

Designed to provide an opportunity for students in the leadership/management concentration to apply leadership/management concepts in a selected health care delivery environment during a 135 hour practicum experience. Students will complete a capstone project relevant to the role of the nurse leader/manager and develop a professional portfolio. This course emphasizes: analysis and evaluation of concepts of organizational culture; demonstration of competencies needed to effect change in organizations; evaluation of organizational outcomes; participation in strategic planning and goal setting; analysis of allocation of human and financial resources; and analysis of regulatory, ethical, and legal issues in the practice setting. The course includes an on campus residency requirement.

Prerequisite: All other required core and concentration courses.

NURS 760 - Population-Based Care Coordination Capstone (6 credits)

Provides an opportunity for students in the Population-Based Care Coordination concentration to apply population health and care coordination concepts in a selected health care delivery environment during a 135 hour practicum experience. Students will complete a capstone project relevant to the role of the nurse working in a population-based care coordination position. This course emphasizes: analyzing concepts of population health and care coordination; demonstrating competencies needed to coordinate care in healthcare settings effectively; evaluating patient-focused and organizational outcomes; and examining the impact of regulatory, ethical, and legal issues in the practice setting. The course includes an on-campus residency requirement.

Prerequisite: All other required core and concentration courses.

NURS XXX - Introduction to Forensic Nursing (3 credits)

Introduction to the definitions and principles of medico-legal care of the individual experiencing trauma, abuse, neglect, rape, and death. This course provides students with an overview of judicial system and the skills and knowledge essential to forensic nursing; including identification of intentional and unintentional wounds, collection of evidence (DNA, photographic, written), creation of a judicial system summary, and resources available to victims of intimate crime. The role of the forensic nurse as a community leader, supporting diverse populations through collaboration with civic and legal entities will be explored. (Pending review by the Academic Affairs Committee.)

Prerequisite: Under development.

NURS XXX - Forensic Nursing Practicum (3 credits)

This course is designed to provide an opportunity for students in the forensic nursing concentration to apply concepts of forensic nursing in a selected civic, legal, or health care delivery environments during a 135-hour practicum experience. Students will have the opportunity to focus on a specific area of forensic nursing (e.g. Forensic Nurse Examiner, Correctional Nursing, Coroner/Death investigation, Disaster preparedness, Legal Nurse Consulting, Forensic Mental Health Nursing). Students will complete a project relevant to the role of the forensic nurse in the specific setting. (Pending review by the Academic Affairs Committee.)

Prerequisite: Under development.

PSY - Doctorate of Psychology**PSY 601 - Design and Analysis I (3 credits)**

Focuses on qualitative and quantitative research models, methods, and data analysis techniques commonly used in the field of psychology. Scientific reasoning and descriptive and inferential data analysis techniques will be reviewed. Conducting, critically analyzing, and applying research in the context of psychological practice will be emphasized. Ethical principles and diversity considerations in psychological research will be examined. This course is the first in a two-course sequence.

Prerequisite: None. Offered: Fall.

PSY 602 - Design and Analysis II (3 credits)

Focuses on modeling theories and techniques and advanced multivariate statistical tests, including MANOVA, factor analysis, discriminant analysis, and regression techniques. Parametric and non-parametric techniques and statistical assumptions will be reviewed. Effective methods of presenting/communicating research findings will be reviewed. This course is the second in a two-course sequence.

Prerequisite: PSY 601. Offered: Spring.

PSY 603 - Lifespan Development (3 credits)

Focuses on the changes observed across the human lifecycle. Developmental theory and research will be used to show the patterns of behavior across domains and systematic changes that accompany aging. Ways of using this information to inform clinical practice will be examined through topics such as attachment, temperament, intercultural influences, risk factors, social justice, race, ethnicity, and gender.

Prerequisite: None. Offered: Fall.

PSY 604 - Social Psychology (3 credits)

Explores the ways in which interpersonal interactions and social stimuli affect human behavior. Major topics in social psychology, including social cognition, affiliation, conformity and obedience, aggression and violence, prejudice and stereotyping, and attitude and opinion formation, will be discussed. The role of diversity factors, including gender, gender identity, race, ethnicity, social class, and age, will be examined. Application of social psychological research to clinical practice will be emphasized.

Prerequisite: None. Offered: Spring.

PSY 605 - Biological Bases of Behavior (3 credits)

Introduces the structure and organization of the nervous system and other topics related to neuroanatomy, neurophysiology, and brain-behavior relationships. Topics addressed will prepare students to identify and understand the function of major neuroanatomical structures and neurophysiological mechanisms that impact cognition, behavior, emotion, and sensorimotor functioning. Application of these concepts in clinical case conceptualization will be reviewed. The course will provide basic knowledge required for later study of cognitive and affective bases of behavior and psychopharmacology.

Prerequisite: None. Offered: Spring.

PSY 606 - Cognitive and Affective Bases of Behavior (3 credits)

Reviews the current status of theory and research in the study of cognition and emotion. Processes underlying learning, memory, perception and sensation, reasoning, emotional responses and regulation, stress, and motivation will be reviewed. Practice applications to assessment, diagnosis, and treatment will be emphasized. (Pending review by the Academic Affairs Committee)

Prerequisite: PSY 605. Offered: Fall.

PSY 610 - Psychopathology (3 credits)

Familiarizes students with the different diagnoses, etiologies, and treatments of major forms of psychopathology as characterized by the DSM approach. Content will include the etiology and epidemiological description of various disorders with particular attention to the role of current research findings, diversity, and sociocultural influences. Potential ethical issues in diagnosis and use of the DSM will be highlighted.

Prerequisite: None. Offered: Fall.

PSY 630 - Professional Practice (3 credits)

Covers a range of topics related to professional practice and the challenges health services professionals may face in professional settings. Topics may include the history of professional psychology, involvement in state and national professional organizations, the path to becoming licensed and board certified, the appropriate use of social media in professional and personal life, and the management of business. Special attention will be given to self-care and the issues of ethical professional practice. This course may be used to fulfill elective requirements. (Pending review by the Academic Affairs Committee)

Prerequisite: None. Offered: Varies.

PSY 640 - Introduction to Psychotherapy ()

Introduces students to the skills and strategies necessary for effective counseling and clinical interviewing, with a focus on the development and maintenance of the therapeutic relationship. Includes an experiential learning component where students will conduct mock sessions allowing them to hone their technique and begin to develop their own personal orientation or framework for conducting therapy.

Prerequisite: None. Offered: Fall.

PSY 641 - Theories of Psychotherapy (3 credits)

Introduces students to the theory and practice of prominent approaches to psychotherapy for individual adult clients with a specific focus on evidence-based practice. Several theories are reviewed allowing students to conceptualize client problems from multiple theoretical perspectives. Reviews the literature on psychotherapy effectiveness to include the therapeutic relationship, cultural and ethical considerations, and current issues and trends. Critically examines the relationship between psychotherapy and practice and helps students to begin to develop their own personal framework for therapy.

Prerequisite: PSY 640. Offered: Spring.

PSY 701 - Cognitive Assessment (3 credits)

Prepares students to select, administer, score, interpret, and report the results of cognitive assessment batteries. Theoretical frameworks for, and clinical applications of, cognitive testing will be introduced. Ethical, diversity, and psychometric considerations in cognitive assessment will be emphasized. History-taking, behavioral observation, and other norm- and criterion-referenced assessment measures and techniques commonly used in conjunction with cognitive testing will be discussed.

Prerequisite: None. Offered: Fall.

PSY 702 - Personality Theory and Assessment (3 credits)

Introduces students to a range of objective and projective personality assessment measures. The course focuses on the theoretical foundations of personality assessment; administration, scoring, interpretation, and report writing; and consideration of ethics and diversity as they relate to assessment.

Prerequisite: None. Offered: Spring.

PSY 703 - Assessment Lab (3 credits)

Provides an opportunity to practice cognitive and personality assessment skills by administering a comprehensive battery of assessments, completing a thorough clinical history, and writing reports that integrate assessment results and make appropriate recommendations.

Prerequisite: PSY 701. Corequisite: PSY 702. Offered: Spring.

PSY 704 - Special Topics in Assessment (3 credits)

Topics will include review of specialized assessment instruments and techniques appropriate for use with specific referral concerns and in specific clinical constructs. Assessment domains reviewed may include neuropsychological, psychoeducational, and personality assessment. Administration, scoring, interpretation, reporting, and techniques for sharing findings with clients and other professionals will be discussed. This course may be used to fulfill elective requirements. This course may be repeated for credit. (Pending review by the Academic Affairs Committee)

Prerequisite: PSY 703. Offered: Varies.

PSY 710 - History of Psychology (3 credits)

Elucidates the philosophical and historical roots of psychology; historical conceptualizations of mental illness and psychological treatment; the evolution of psychology training models and professional identities of psychologists; and contemporary practice issues. (Pending review by the Academic Affairs Committee)

Prerequisite: None. Offered: Fall.

PSY 720 - Models of Psychotherapy (3 credits - Course must be taken 3 semesters)

Provides an in-depth examination of theory and practice of a specific model of psychotherapy (e.g., cognitive-behavioral, interpersonal, psychodynamic, humanistic). Students must complete the course three times, each covering a different therapeutic model/orientation, to develop competence with various practice orientations.

Prerequisite: PSY 641. Offered: Fall and Spring.

PSY 725 - Special Topics in Clinical Psychology (3 credits)

Provides an in-depth examination of theory- and evidence-based practice with special populations or specific clinical concerns. This course may be used to fulfill elective requirements. This course may be repeated for credit. (Pending review by the Academic Affairs Committee)

Prerequisite: None. Offered: Varies.

PSY 730 - Psychopharmacology (3 credits)

Introduces the principles of psychopharmacology, including a description of mechanisms of action, indications for selection of common psychoactive agents, and a review of side effects. Ethical and cultural

implications for medication use will be discussed. Collaboration between non-prescribing psychologists and prescribers and the current status of efforts to gain prescription privileges for psychologists (RxP) will also be addressed. (Pending review by the Academic Affairs Committee)

Prerequisite: PSY 605. Offered: Spring.

PSY 740 - Legal and Ethical Issues in Clinical Practice (3 credits)

Focuses on the legal and ethical issues faced by clinical psychologists. The APA Ethics Code and state regulations relevant to professional psychology practice and ethical decision-making processes and models form the core of this consideration. Content will include ethical and legal obligations and aspirations of the psychologist in practice; the consideration of the intersection and divergence of ethical and legal obligations; mandated reporting; homicidality and suicidality; considerations for participating in legal proceedings; and ethics-based advocacy.

Prerequisite: None. Offered: Fall.

PSY 750 - Multicultural Competencies in Clinical Practice (3 credits)

Considers the wide range of cultural factors that practitioners need to be prepared to encounter. Topics will address race, ethnicity, gender identity and expression, sexual orientation, age, power and privilege, socioeconomic status, ability status, and religion and spirituality. The ethical responsibility of psychologists in working with diverse populations will be included.

Prerequisite: None. Offered: Spring.

PSY 780 - Case Consultation (1.5 credits - Course must be taken 4 semesters)

In this seminar course, students will participate in case conference presentations, within- and across-cohort peer consultation, and discusses research and practice issues. In addition to case conferences, class discussions and readings will focus on the following topics: ethical and legal issues, diversity considerations, best practices in assessment and intervention, technological tools and applications, and other topics relevant to professional practice in psychology.

Prerequisite: None. Offered: Fall and Spring.

PSY 790 - Consultation and Supervision in Health Services (3 credits)

Prepares students to serve as a consultant to other professionals in a clinical setting and to serve as advocates for clients in challenging settings. The role of the psychologist in supervision of other professionals will be considered. Ethical and diversity considerations will be discussed. (Pending review by the Academic Affairs Committee)

Prerequisite: None. Offered: Fall.

PSY 810 - Practicum (1.5 credits - Course must be taken 6 semesters)

Provides students with clinical experience through a series of placements in clinical settings. The exact nature of each practicum is determined in conjunction with the placement setting, but will include assessment, therapeutic intervention, and other professional activities appropriate to the student's level of training. On-site supervision is provided by the practicum setting. All students enrolled in PSY 810 will be concurrently enrolled in PSY 780/880. (Pending review by the Academic Affairs Committee)

Prerequisite: To be determined.

PSY 880 - Advanced Consultation (1.5 credits - Course must be taken 4 semesters)

Provides an opportunity for advanced students to engage in small group and student/faculty discussion of and reflection upon current clinical placement and professional development. This course is taken four semesters. (Pending review by the Academic Affairs Committee)

Prerequisite: 2 semesters of PSY 780.

PSY 901 - Dissertation ()

Provides students the opportunity to conduct a rigorous scholarly inquiry. Students will utilize qualitative and/or quantitative methods of research to examine a topic relevant to the practice of clinical psychology. (Pending review by the Academic Affairs Committee)

Prerequisite: Successful completion of at least 70 credits of graduate coursework. Offered: Fall, Spring, and Summer.

PSY 902 - Internship ()

Provides students with advanced supervised clinical experiences and training that synthesize knowledge and skills acquired through coursework and practica and that prepare them to assume the role of the psychologist upon licensure. Internships are full-time clinical placements and must be completed at APA-accredited internship sites unless permission to take an internship at an alternate site is given by the program. Psy.D. students must register in each of the four semesters in which the internship is pursued. (Pending review by the Academic Affairs Committee)

Prerequisite: Successful completion of all coursework except for PSY 901, Dissertation.. Offered: Fall, Spring, and Summer.

M.S.F.S., M.B.A., Johns Hopkins University
MHEA., George Mason University

Chanel M. Anderson, PA, MLS(ASCP) (2014)
Adjunct Instructor, Medical Laboratory Science
A.A.S., B.S., Stevenson University
M.S., University of Maryland, Baltimore

Darrell Anderson (2021)
Adjunct Instructor, Information Systems
B.S., Morgan State University
M.S., Stevenson University

Gary Anderson (2019)
Adjunct Instructor, Business Administration
B.S., Towson University
M.S., Loyola University Maryland

Tiffany Anderson (2019)
Adjunct Professor, Psychology
B.A., Texas Southern University
M.S., Drexel University;
Ph.D., Loyola University Maryland

Brian L. Andrews (1989)
Adjunct Instructor, Political Science
B.A., Eastern Nazarene College
M.A., American University

Lea Alexa Andrus (2010)
Adjunct Instructor, Management
B.A., Hollins University
M.A., Washington College

Nic Anstett (2021)
Adjunct Professor, English
B.A., Washington College
M.F.A., University of Oregon

Cynthia Appleby (2014)
Adjunct Instructor, Education
B.A., University of North Carolina - Asheville
M.Ed., University of North Carolina - Chapel Hill

Trina G. Armstrong (2012)
Adjunct Professor, Healthcare Management
B.B.A., M.B.A., Loyola University, New Orleans
D.H.A., Phoenix University

Wynne Aroom, RN (2010)
Adjunct Instructor, Nursing
B.S.N., Northeastern University
M.S., University of Maryland

Mark Arvais (2011)

Adjunct Professor, Management
 B.S., Ithaca College;
 MBA, Rochester Institute of Technology
 Ph.D., George Washington University

Susan Jeanne Avillio-Scherr

Associate Professor, Graduate Nursing
 B.S., University of Delaware
 M.S., University of Maryland,, Baltimore
 DRNP., University of Maryland, Baltimore

Lawrence Baird (2008)

Adjunct Professor, Business Administration
 B.A., Loyola University Maryland
 M.B.A., Walden University

Candace Baker (2014)

Human Services Supervisor
 B.S., Stevenson University
 M.S., University of Maryland, Baltimore

Cary B. Barker (2006)

Adjunct Instructor, Digital Transformation and Innovation
 B.A., Shippensburg University
 M.S., Capitol College

Robert Bauserman (2011)

Adjunct Professor, Psychology
 B.A., University of Pennsylvania
 M.A., Ph.D., Syracuse University

Jesse Baxter (2018)

Adjunct Professor, Theatre
 B.A., Messiah College
 M.F.A., Towson University

Jennifer Baxter-Roshek (2011)

Adjunct Professor, Biological Sciences
 B.S., University of Pittsburgh at Johnstown
 Ph.D., University of Maryland, College Park

Laura Bearsch (2021)

Adjunct Professor, Legal Studies
 B.S., Towson University
 J.D., University of Maryland, Baltimore

Joyce K. Becker (1995)

Adjunct Professor, Forensic Studies
 B.A., Notre Dame of Maryland University
 J.D., University of Maryland, Baltimore

Joan P. Beemer (1983)

Adjunct Professor, Mathematics
 B.S., Towson University
 M.S., Johns Hopkins University

Carmela Bell (2006)

Adjunct Professor, Law
 A.A., Stevenson University
 B.A., J.D., University of Baltimore

Leeanne M. Bell McManus (2007)

Professor, Business Communication
 B.A., University of Pittsburgh
 M.A., West Virginia University
 Ph.D., Duquesne University

Colleen Berry (2021)

Adjunct Instructor, Biology
 B.S., Loyola University, Maryland

M.S., University of Maryland

Lara Biagiotti, MLS(ASCP) (1981)

Adjunct Professor, Medical Laboratory Science
 B.S., University of Maryland, Baltimore
 M.S., The Johns Hopkins University

Christopher Biddle (2014)

Adjunct Professor, Criminal Justice
 B.A., Western Connecticut State University
 M.A., John Jay College of Criminal Justice
 Ph.D., Northcentral University

Misty Biggs (2021)

Adjunct Instructor, Medical Laboratory Science
 B.S., Texas Tech University

Christopher Blackwood (2020)

Adjunct Professor, Biology
 B.S., Clark Atlanta University
 Ph.D., Cornell University

Sarah Grace Cotter Blanset (2015)

Associate Professor, Mathematics
 B.A., Amherst College
 M.S., Ph.D., University of Notre Dame

Christopher Blocker (2021)

Adjunct Instructor, Philosophy
 B.A., St. Mary's College
 M.A., George Washington University

Richard E. Boardman (2013)

Adjunct Professor, Film and Moving Image
 B.A., University of South Carolina
 M.A., University of Kansas

Noni L. Bodkin, RN (2005)

Adjunct Professor, Nursing
 B.S., Indiana University
 M.S., University of Illinois, Chicago
 Ph.D., University of Michigan, Ann Arbor

Margaret Bodley (2019)

Adjunct Instructor, Business Communication
 B.A., McDaniel College
 J.D., University of Baltimore

Fred Bolt (2007)

Adjunct Instructor, Religion
 A.A., Anderson College
 B.A., Southern Wesleyan University
 M.A., Southern Baptist Theological Seminary

Betsy Book (2020)

Adjunct Instructor, Education
 B.S., Towson University
 M.Ed., Towson University

James Borrelli (2021)

Assistant Professor, Biomedical Engineering
 B.S., M.S., Ph.D., University of Maryland

Stephen Bossom (2019)

Adjunct Professor, Graphic Design
 B.F.A., Sheppard University
 M.F.A., University of Baltimore

Mark A. Branson (2013)

Professor, Mathematics
 B.A., B.S., University of Oklahoma
 M.Phil., Ph.D., Columbia University

Elizabeth M. Brogran Tore (2022)
Adjunct Instructor, Business Communication
B.A., University of Cincinnati
M.Ed., Tiffin University

Darlene Anne Brothers-Gray (2019)
Adjunct Instructor, Forensic Science
MSPH., M.F.S., University of Florida

Jakie Brown, Jr. (1997)
Assistant Professor, Information Systems
A.A., Community College of Baltimore County
B.A., Arlington Bible College
M.A.B.L., M.Div., Faith Theological Seminary

Michael Brown (2018)
Adjunct Instructor, French
B.A., SUNY College at Fredonia
M.A., West Virginia University

Monica Brown, MLS(ASCP) (2017)
Adjunct Instructor, Medical Laboratory Science
B.S., Stevenson University

Nathanael Adam Brown (2016)
Adjunct Professor, English
B.A., Cornell University
MFA, University of Wisconsin-Madison

Jeffrey Browne (2022)
Visiting Senior Lecturer, Communication
B.A., University of Nebraska
M.E.D., University of Florida

Brittney Bryant (2021)
Adjunct Instructor, Forensic Science
B.S., M.S., Stevenson University

Sharon Buchbinder (2011)
Professor, Healthcare Management
A.A.S., Maria College;
B.A., University of Connecticut
M.A., University of Hartford
Ph.D., University of Illinois

Thomas Buck (2021)
Adjunct Instructor, English
B.A., Washington University in St. Louis
M.S., Johns Hopkins University

Brandon L. Buckingham (2022)
Adjunct Professor, Graduate Nursing

Charles E. Buehrle (2017)
Adjunct Professor, Mathematics
B.S., LaSalle University
M.S., Ph.D., Lehigh University

Lynn Marie Bullock (2013)
Adjunct Professor, Graduate Nursing, RNBS Nursing
B.S., Syracuse University
M.S., Towson University
DNP., Johns Hopkins University

Justin Buonomo (2019)
Adjunct Instructor, Healthcare Management
B.S., M.S., Stevenson University

Jeremy Russell Burkett (2015)

Professor, Chemistry
B.S., Huntington University
Ph.D., Purdue University

Damon L. Burman (2007)
Adjunct Professor, Forensic Sciences
B.S., West Virginia Wesleyan College
M.F.S., George Washington University

Andrew Burns (2020)
Adjunct Professor, Psychology
B.S., M.S., American University
Ph.D., Illinois Institute of Technology

Katherine A. Buvoltz (2017)
Adjunct Professor, General Education
B.S., Houghton College
M.B.A., Regis University
Ph.D., Regent University

Beverly Bye, RN (2011)
Adjunct Professor, Nursing
B.S., Ed.D., Towson University
M.Ed., Loyola University Maryland
M.S., University of Maryland, Baltimore

Ronald Bynion (2020)
Adjunct Instructor, Business Administration
B.S., University of Baltimore
MBA., College of William & Mary

Walter Calahan (2010)
Adjunct Instructor, Art
B.S., Syracuse University
M.A., McDaniel College

Collin Campbell (2020)
Adjunct Professor, Business Communication
B.A., Hofstra University
M.S., Columbia University
MBA., University of Phoenix
Ph.D., Howard University

Diane Campbell (2010)
Adjunct Instructor, Nursing
A.A., Harford Community College
B.S., M.S., Notre Dame of Maryland University

Joseph Carr (2015)
Adjunct Instructor, Education
B.A., University of Maryland, Baltimore County
M.A., McDaniel College

Angela Carroll (2017)
Adjunct Professor, Film and Moving Image
B.A., University of Maryland Baltimore County
MFA., University of California, Santa Cruz

Patrick M. Carroll, Jr. (2005)
Adjunct Instructor, Information Systems
B.S., University of Maryland University College
M.S., George Washington University

Corinna Carter (2019)
Lecturer, Chemistry
B.S., M.S., Stevenson University

Jamie Carter, DNP, RN (2021)
Associate Professor, Nursing

B.S., High Point University
M.S., D.N.P., University of Maryland, Baltimore

Robert W. Carter (2015)
Adjunct Instructor, Forensic Studies
B.S., Stevenson University
M.S., University of Baltimore

Elizabeth Caruso (2019)
Adjunct Instructor, English
B.A., University of Georgia
M.A.T., Loyola University Maryland

Louise M. Carwell (2009)
Adjunct Professor, Law
B.A., University of Rochester
J.D., Case Western Reserve University

Alexander Cavallo (2019)
Adjunct Professor, Forensic Studies
B.A., M.S., Towson University

Aaron D. Chandler (2010)
Associate Professor, English
B.A., Roanoke College
M.A., Hollins University
Ph.D., University of North Carolina, Greensboro

Pamela R. Chaney (2006)
Adjunct Professor, Law
B.S., Virginia Commonwealth University
J.D., University of Maryland, Baltimore

Shaunta Chapple (2022)
Assistant Professor, Nursing
B.S., Coppin State University
M.S., Stevenson University
D.N.P., University of Maryland

Courtney Chase (2021)
Adjunct Professor, Graphic Design
B.F.A., Towson University
M.F.A., Maryland Institute College of Art

Samuel Cheney (2021)
Adjunct Professor, English
B.A., Pomona College
M.F.A., Johns Hopkins University

Jason Cherubini (2021)
Lecturer, Business Administration
B.S., M.S., M.S., Tulane University

Min Cheung (2015)
Adjunct Instructor, Fashion Design
B.S., Philadelphia University

Mark Chmielewski (2021)
Adjunct Instructor, Medical Laboratory Science
B.S., Stevenson University
M.B.A., West Chester University of Pennsylvania

Thomas L. Christianson (2012)
Adjunct Professor, Philosophy and Religion
M.A., Regent University

Sandra Clabough (2021)
Lecturer, Biology
B.S., Louisiana State University
M.S., Towson University

Ryan Clark (2015)

Associate Professor, Theatre
B.S., Towson University
M.F.A., Florida State University

Stacey Coffey-Moreau (2018)
Adjunct Professor, Psychology
B.S., James Madison University
M.A., Ph.D., University of Virginia

Darlene Cohen (2004)
Adjunct Professor, Information Systems
A.B., University of Chicago
M.S., Villa Julie College
J.D., University of Maryland School of Law
L.L.M., S.J.D., National Law Center, George Washington University

Jeffrey Comen (2001)
Adjunct Professor, Law
B.A., Johns Hopkins University
J.D., University of Baltimore

James L. Condron (2008)
Adjunct Professor, Art
B.A., Colby College
MFA, Maryland Institute College of Art

Farrah Connelly (2020)
Adjunct Instructor, Education
B.S., M.Ed., Towson University

Thomas D. Coogan (1988)
Adjunct Professor, Forensic Studies
B.A., Hamilton College
M.A., Antioch College
J.D., Antioch School of Law

Amber Cook (2021)
Adjunct Instructor, Education
B.S., Stevenson University
M.Ed., Goucher College

Dean E. Cook (1984)
Adjunct Professor, Information Systems
B.A., Loch Haven State College
M.A., Indiana State University
M.A.S., Johns Hopkins University
Ph.D., University of Missouri

Linda Cook, RN (2008)
Adjunct Professor, Nursing
A.S., Monroe Community College
B.S.N., Alfred University
M.S., Ph.D., University of Maryland, Baltimore

Michael B. Cooney (2015)
Adjunct Instructor, Education
B.S., Stevenson University
M.S., Johns Hopkins University

Sienna Cordoba (2021)
Adjunct Instructor, History
B.A., New York University
M.A., University of California, Santa Barbara

Ian Coyle (2014)
Adjunct Instructor, Political Science
B.A., Saint Bonaventure University
M.P.A., State University of New York, Albany

Victoria Cozad, RN (2018)
Lecturer, Nursing

Women's Hospital Foundation Distinguished Professor

B.A., Valparaiso University
M.A., University of Maryland, Baltimore County

Rachel Craig (2021)

Adjunct Professor, Biology
B.S., Mount St. Mary's University
D.P.T., University of Maryland, Baltimore

Christina Cramer (2018)

Adjunct Professor, Psychology
B.A., St. Mary's College of Maryland
M.S., Loyola University Maryland
Ph.D., Brigham Young University

Naomi Cross (2021)

Adjunct Instructor, Nursing
B.S.N., M.S., Notre Dame of Maryland University

Christopher T. Crostic (2009)

Associate Professor, Theatre
B.S., Frostburg State University
M.F.A., Indiana University

Alexander Crowley (2012)

Adjunct Instructor, Marching Band

Laura Culbertson, RN (2010)

Adjunct Instructor, Nursing
B.S.N., M.S., University of Maryland, Baltimore

Karen M. Cunigan (2022)

Adjunct Instructor, Information Systems
M.S., Central Michigan University

Suzanne Curtis (2021)

Adjunct Professor, Criminal Justice
B.S. University of Maryland
J.D., Tulane University

Michelle A. D'Alessandro, RN (2013)

Adjunct Professor, Nursing
B.S.N., Villanova University
M.S.N., Johns Hopkins University
D.N.P., University of Maryland, Baltimore

Christopher Michael Daley (2015)

Adjunct Instructor, Business Communication
B.S., Towson University
M.S., Stevenson University

Carolyn Danna (2014)

Senior Lecturer, Biological Sciences
B.S., Wheaton College
Ph.D., University of Maryland, Baltimore

David Davis (2021)

Adjunct Professor, Graphic Design
B.S., Southern Connecticut State University
M.F.A., Rochester Institute of Technology

Emmet Davitt (2005)

Adjunct Professor, Forensic Studies
B.A., University of Virginia
J.D., University of Maryland, College Park

Rana DellaRocco (2019)

Adjunct Instructor, Forensic Science
B.S., University of Maryland, Baltimore County
M.S., University of Florida

David Deluliis (2021)

Adjunct Professor, Business Communication

B.A., M.A., Pennsylvania State University
Ph.D., Duquesne University

Stuart Denrich (2019)

Lecturer, Cybersecurity & Digital Forensics
B.A., University of Maryland, Baltimore County
M.S., University of Maryland, Global University

Justin DePrima (2021)

Adjunct Instructor, English
B.A., McDaniel College
M.S., Towson University

Rebecca A. Diaz, RN (2002)

Adjunct Professor, Nursing
B.S., Villa Julie College
M.S.N., Drexel University

Rachel Celia Didovicher (2015)

Adjunct Professor, English
B.A., M.A., Case Western Reserve University
M.F.A., University of Baltimore

Emily Dillon (2021)

Adjunct Professor, English
B.S., M.Ed., University of Maryland
M.F.A., Fairfield University

Victoria J. Doby, CPA (1995)

Professor, Accounting
B.A., M.B.A., Loyola College in Maryland
D.B.A., George Washington University

Ian Dombrowski (2021)

Adjunct Professor, Criminal Justice
B.A., College of the Holy Cross
J.D., University of Baltimore

Patrick Donohue (2016)

Adjunct Instructor, Religion
B.S., Lancaster Bible College
M.A., Reformed Theological Seminary

Daniel Dregier, Jr. (2010)

Adjunct Professor, Business Administration and Law
B.A., Loyola University Maryland
J.D., University of Baltimore, School of Law

David C. Drewer (1996)

Adjunct Professor, Physics
B.A., M.A., Ph.D., Johns Hopkins University

Ira S. Dubey (2022)

Adjunct Professor, Forensic Science

Jeffrey F. Dudley (2005)

Adjunct Instructor, Marketing
B.S., Towson University
M.S., McDaniel College

Rebecca Dufendach (2021)

Adjunct Professor, History
B.A., M.A., Northeastern University
Ph.D., University of California, Los Angeles

Hilda Dunkwu (2014)

Adjunct Professor, Legal Studies
L.L.B., University of Benin, Nigeria
L.L.M., University of San Diego
Ph.D., Nova Southeastern University

Meredith C. Durmowicz (2002)

Professor, Biological Sciences

B.S., Marquette University
Ph.D., Johns Hopkins University

Timothy M. Dwyer (2006)
Professor, Chemistry
B.S., Regis College
Ph.D., Dartmouth College

Bermesola Dyer (2018)
Assistant Professor, Nursing
B.A., University of California, Berkeley
M.S., University of Baltimore
M.S., Bowie State University
B.A., D.N.P., Johns Hopkins University

Shannon Dyson (2014)
Adjunct Instructor, Graphic Design
B.S., Stevenson University
M.A., University of Baltimore

Helaina Ebling (2011)
Adjunct Professor, Counseling & Human Services and Supervisor II
A.A., Villa Julie College
B.A., Towson University
M.S., University of Maryland Baltimore County

Candice Edwards (2015)
Adjunct Instructor, Human Services
B.S., Stevenson University
M.P.A., University of Baltimore

Jeffrey D. Elliott (2001)
Professor, Psychology
B.A., M.A., Salisbury State University
Ph.D., University of Maryland, Baltimore County

Robert A. Ellis (2006)
Adjunct Professor, Business Communication
B.A., Towson University
M.A., University of Baltimore

Steven R. Engorn (1989)
Assistant Professor, Information Systems
A.A., Catonsville Community College
B.S., American University
M.B.A., Loyola College in Maryland

Roxanne Epps (2011)
Adjunct Professor, Counseling & Human Services
B.A., Morgan State University
M.S.W., Howard University

Christopher William Ernst (2015)
Associate Professor, Film and Moving Image
B.A., Hampshire College
M.F.A., University at Buffalo

Ali Eskandarian (2020)
Professor, Physics
B.S., Ph.D., George Washington University

Joy Arit Emmanuela Etukudo (2022)
Adjunct Professor, Film and Moving Image
B.A., University of Maryland, Baltimore County
M.F.A., Nottingham Trent University

Shannon Familetti (2014)
Adjunct Instructor, Chemistry
B.A., College of the Holy Cross
M.A., University of Virginia

Steven Falk
Adjunct Instructor, Biomedical Engineering
B.S.E., University of Pennsylvania
M.E.S., Catholic University of America

Laura Farkas
Adjunct Instructor, History
B.A., M.S., North Carolina State University

Judith A. Feustle, RN (1991)
Professor Emerita, Nursing
B.S.N., M.S., University of Maryland, Baltimore
M.Ed., Sc.D., Johns Hopkins University

Eva Feldman (2020)
Adjunct Instructor, Nursing, RNBS Nursing
A.A., Catonsville Community College
B.S., M.S., Stevenson University

Dina Fiasconaro (2010)
Professor, Film and Moving Image
B.S., Syracuse University
M.F.A., Columbia University

Elizabeth Fields (2016)
Librarian, Research & Instruction
B.A., Goucher College
M.L.S., University of Pittsburgh

Maya August P. Finkenberg (2005)
Professor, Human Services
B.A., Syracuse University
M.S.W., University of Maryland, Baltimore
Ed.D., Nova Southeastern University

Brian Fitzsimmons (2021)
Adjunct Instructor, Business Administration
B.S., Towson University
M.B.A., Hood College

Arlene K. Fleischmann (2010)
Adjunct Professor, English
B.A., University of Maryland, College Park
M.Ed., McDaniel College

William E. Folsom (2006)
Adjunct Instructor, Forensic Studies
A.A.S., Community College of the Air Force
B.S., M.S., University of Maryland University College

Fluerette F. Forbes (2022)
Adjunct Instructor, Counseling
B.S., Morgan State University
M.S.W., University of Maryland, Baltimore

Nick Franck (2018)
Adjunct Instructor, Marching Band
B.S., Towson University

Janel Frazier (2019)
Adjunct Instructor, Education
B.S., Stevenson University
M.A., National University

Jennifer Fritzges (2021)
Adjunct Professor, Graduate Nursing
B.S., Mercer University
M.S., Benedictine University
D.N.P., Duquesne University

Kristina Fuller (2009)
Adjunct Instructor, Biology
 B.S., Stevenson University
 M.S., Pennsylvania State University- World Campus

Elise Gallagher (2018)
Adjunct Professor, English
 B.S., Washington College
 M.F.A., University of Baltimore

Philip J.B. Gallagher (2007)
Visiting Lecturer, Mathematics
 B.A., M.A., Christ's College, University of Cambridge

Beverly J. Gandolfo (2017)
Adjunct Instructor, Music
 B.A., McDaniel College

Stacie Gentzler (2018)
Adjunct Instructor, Film and Moving Image
 B.A., Pennsylvania State University

Marry Gessel (2020)
Adjunct Instructor, Biology
 B.S., Arizona State University
 M.S., University of Minnesota
 M.N.A.S., Idaho State University

James H. Gibson (2006)
Adjunct Professor, Information Systems
 B.S., Valley Forge Christian College
 M.S., Towson University

Megan Gitterman (2019)
Adjunct Instructor, Master's in Teaching
 B.B.A., Hofstra University
 M.A., University of Maryland, Baltimore County

Rivka L. Glaser (2006)
Professor, Biological Sciences
 B.A., Goucher College
 Ph.D., Johns Hopkins University

Sara Godbee (2008)
*Librarian, Instruction & Learning Services
 and Adjunct Instructor, Information Systems*
 B.S., University of South Carolina
 B.A., College of Charleston
 M.L.S., University of Maryland, College Park

Elizabeth A. Goodier (2022)
Adjunct Instructor, Business Administration
 B.B.A., Roanoke College
 M.B.A., Loyola University

Marco Goicochea (2022)
Assistant Professor, Biology
 B.S., Washington Lee University
 Ph.D., University of Maryland, Baltimore

Michael Gordon (2011)
Adjunct Professor, Criminal Justice
 B.S., Northeastern University
 M.S., Shippensburg University
 D.P.A., University of Baltimore

Susan Gordan (2018)
Adjunct Professor, Counseling and Human Services
 B.S., Wake Forest University
 M.S., Johns Hopkins University

M.S., American University
Susan T. Gorman (1991)
Professor, Biological Sciences
 B.A., Kenyon College
 Ph.D., Johns Hopkins University

Katherine Greco (2011)
Adjunct Instructor, Marching Band

Morris Greenberg (2010)
Adjunct Instructor, Criminal Justice
 B.S., M.S., Johns Hopkins University

Deric M. Greene (2004)
Professor, Business Communication
 B.S., James Madison University
 M.A., Norfolk State University
 Ph.D., Howard University

Vivi-Anne Griffey, MLS(ASCP) (1981)
Adjunct Professor, Medical Laboratory Science
 B.S., University of Maryland, Baltimore
 M.S., Thomas Jefferson University

John Grimes (2013)
Adjunct Professor, Forensic Studies
 A.A., Essex Community College
 B.A., Notre Dame of Maryland University
 M.S., Stevenson University

Paul Grimm (2012)
Adjunct Professor, Biological Sciences
 B.S., Ph.D., University of Nebraska Medical Center

David Grow (2019)
Adjunct Professor, Psychology
 B.S., University of Maryland Global Campus
 Ph.D., Argosy University

Judith Grunwald (2022)
Adjunct Professor, Business Communication
 B.A., Queens College
 M.S., Towson University
 Ph.D., University of Maryland

Lynn Habicht (2021)
Adjunct Instructor, Mathematics
 B.A., M.S., McDaniel College

Kathryn E. Hall (2008)
Adjunct Instructor, History
 B.S., Frostburg State University
 M.A., James Madison University

Soncheray Hall (2019)
Adjunct Instructor, Counseling & Human Services
 B.A., Eastern Connecticut State University
 M.S.W., Morgan State University

Erika Harden (2011)
Adjunct Instructor, Forensic Science
 B.S., M.S., Stevenson University

Ethan Harden (2022)
Adjunct Instructor, Political Science
 B.A., M.S., McDaniel College

William Harrell (2015)
Associate Professor, Chemistry
 B.S., Virginia Tech Center for Teacher Education
 M.S., Ph.D., University of Maryland, College Park

Benjamin Harris (2009)
Adjunct Professor, Criminal Justice and Legal Studies
 B.A., Johns Hopkins University
 J.D., Yeshiva University

Heather E. Harris (2003)
Professor, Business Communication
 B.A., Concordia University
 M.A., Ph.D., Howard University

Starr I. Harris (2017)
Adjunct Professor, Film & Moving Image
 B.A., St. Augustine's College
 M.F.A., Howard University

Morgan Hassler (2012)
Adjunct Instructor, Criminal Justice
 A.A., Catonsville Community College
 B.S., University of Phoenix
 M.S., Johns Hopkins University

Lynne Heighton (2022)
Adjunct Professor, Chemistry
 B.S., James Madison University
 M.S., Ph.D., University of Maryland College Park

George Hermina (2015)
Adjunct Professor, Law
 A.A., Hudson Valley Community College
 B.S., M.B.A., Russell Sage College
 J.D., University of Baltimore

Rodney E. Hill (2007)
Adjunct Professor, Law
 B.S., University of Maryland, College Park
 J.D., University of Baltimore

Christina Hipsley (2000)
Librarian, Collections Development and Electronic Resources
 B.A., University of Maryland, Baltimore County

Elliot Hirshman (2017)
Professor, Psychology
 B.A., Yale University;
 M.A., Ph.D., University of California, Los Angeles

Stacey Hittle, RN (2016)
Senior Lecturer, Nursing
 B.S., M.S., Stevenson University

Patricia Hodge (2021)
Adjunct Instructor, Mathematics
 B.S., University of the Virgin Islands
 M.S., Johns Hopkins University

Nancy Hoffman (2009)
Adjunct Professor, Interdisciplinary Studies, Criminal Justice
 B.A., University of Maryland, College Park
 M.S., Loyola University Maryland
 Ph.D., University of Maryland, College Park

Timothy R. Holland (2002)
Senior Lecturer, Economics
 B.A., Wake Forest University
 M.S., Stevenson University
 M.B.A., Washington University in St. Louis

Alexander E. Hooke (1978)
Professor, Philosophy

B.S., Towson University
 M.A., West Chester State College
 Ph.D., University of Missouri

Esther D. Horrocks (1983)
Professor, Sociology and Anthropology
 B.A., University of Minnesota
 M.A., M.A., Ph.D., Ohio State University

Dean Horvath (2009)
Adjunct Professor, Business Administration
 B.S., State University of New York
 M.S., University of Maryland
 M.S., Towson University

Amanda Gingery Hostalka (1998)
Professor, Design
 B.F.A., Maryland Institute College of Art
 M.A., MFA, University of Baltimore

Dixie Hoyle (2021)
Adjunct Instructor, Biology
 B.S., Stevenson University
 M.S., Johns Hopkins University

Richard Huberfeld (2011)
Adjunct Professor, Criminal Justice
 B.A., M.A., Brooklyn College

Matthew Hudson (2022)
Assistant Professor, Chemistry
 B.A., SUNY Potsdam
 Ph.D., M.Phil., Syracuse University

Sasha Hudson (2019)
Adjunct Instructor, Accounting
 B.S., Morgan State University
 M.S., MBA, University of Maryland, Global Campus

Sughra Husain (2021)
Adjunct Professor, Psychology
 B.A., University of Lucknow
 B.S., Ed., M.Phil., Ph.D., Aligarh Muslim University

Christopher Hutchinson (2021)
Adjunct Professor, Art
 B.A., University of Alabama, Huntsville
 M.F.A., Savannah College of Art and Design

Theresa Iacarino (2022)
Adjunct Instructor, Music
 B.S., M.S., Towson University
 M.Ed., Goucher College

Virginia N. Iannone (2002)
Professor, Psychology
 B.S., University of Scranton
 M.A., Ph.D., Catholic University of America

Ikenna Ikpeama (2019)
Adjunct Instructor, Forensic Science
 B.S., Delaware State University
 M.F.S., Stevenson University

Paul Insley (2010)
Adjunct Instructor, Information Systems
 B.S., M.S., Stevenson University

Michelle Ivey (2013)
Professor, Chemistry
 B.S., Harvey Mudd College
 M.S., Ph.D., University of California, Irvine

Asad Jabbar (2021)

Adjunct Instructor, Business Administration
B.A. Loyola University Maryland
M.S., Georgetown University
MBA, University of Maryland

Robert A. Jackson (2017)

Adjunct Instructor, Graduate Education
B.S. and M.S., Stevenson University

D'Andrea Jacobs (2014)

Adjunct Professor, Graduate Education
B.A., University of California, Los Angeles
M.A., Ph.D., Michigan State University

Helena Jenkins, RN (2019)

Assistant Professor, Nursing
B.S., Hunter College
M.S., University of Maryland, Baltimore County
DNP., University of Maryland, Baltimore

Carolyn H. Johnson, Esq. (1998)

Professor, Forensic Studies
B.A., Dickinson College
J.D., University of Maryland, Baltimore

Edwin Johnson (2021)

Adjunct Professor, History
B.A., M.A., Ph.D., Morgan State University

Jody Johnson (2016)

Adjunct Professor, Physics
B.A., Dickinson College
M.S., University of Maryland
Ph.D., University of Maryland, Baltimore

Kabrina Johnson (2021)

Adjunct Professor, Graduate Nursing
B.S., M.S., York College of Pennsylvania
M.S., Morgan State
D.N.P., University of Maryland, Baltimore

Keith Johnson (2012)

Professor, Biological Sciences
B.S., Central College
Ph.D., Texas A & M University

Mirma Johnson-Majors (2019)

Adjunct Professor, History
B.S., Howard University
M.S., Bank Street College of Education
Ed.D, Morgan State University

Suzzane Johnson (2020)

Adjunct Professor, Chemistry
B.S., Bradley University
M.S., Ph.D., Northwestern University

Craig Johnston (2010)

Adjunct Professor, Film and Moving Image
B.S., Stevenson University
MFA, Maryland Institute College of Art

Glenn Johnston (2007)

Assistant Professor, History
B.A., St. Lawrence University
M.A., State University of New York, Buffalo
M.Ed., Niagara University
Ph.D., University of North Texas

Darrin Jones (2020)

Adjunct Instructor,, Criminal Justice
B.S., University of Maryland
M.A., Arizona State University

Heather Jones (2020)

Adjunct Instructor, Criminal Justice
B.A., Sacred Heart University
M.A., John Jay College of Criminal Justice

Christopher Justice (2019)

Adjunct Professor, Business Communication
A.A., Middlesex County College
B.A., Rutgers University New Brunswick
M.A., Loyola University Maryland
Ph.D., University of Maryland, Baltimore County

Geetha Kada, RN (2013)

Adjunct Professor, Nursing
B.S., M.S.N., Omayal Achi College of Nursing
M.A., University of Chennai, India
Ph.D., Capella University

Jonah Kappraff (2022)

Adjunct Instructor, Music
B.M., Oberlin Conservatory
M.M., Boston University

Alexandra Katzoff (2013)

Adjunct Instructor, Marching Band
B.A., University of Maryland, College Park

Anna B. Kayes (2006)

Professor, Management
B.A., Catawba College
M.A., Ed.D., George Washington University

Steven Kcenich (2022)

Adjunct Instructor, Math
B.S., M.S., Penn State University State College

Lee Kennedy (2021)

Adjunct Instructor, History
B.S., Washington & Lee University
M.A., Loyola University Maryland

Gregory T. Keplinger (2006)

Professor, Film and Moving Image
A.A., Montgomery College
B.S., Towson University
MFA, American University

Pamela Kessler (2005)

Adjunct Professor, Legal Studies
B.A., University of Maryland, College Park
J.D., University of Baltimore

Ernest C. Kiehne (2017)

Adjunct Instructor, English
B.A., Vassar College
M.A., City College of New York

Diane Kilcoyne (2018)

Adjunct Professor, Law
B.A., University of Virginia
J.D., University of California, Davis

Wendy L. Kimber-Louis (2005)

Professor, Biological Sciences
B.S., Wolverhampton Polytechnic

Ph.D., Edinburgh University

Deborah E. King, RN (2009)

Adjunct Professor, Nursing

B.S.N., City University of New York

M.S., M.A., Ph.D., University of Maryland

Ashley Anne Kniss (2015)

Assistant Professor, English

B.A., Eastern Mennonite University

M.A., Ph.D., Catholic University of America

Jason Knowles (2021)

Adjunct Instructor, English

B.A., University of Maryland Baltimore County

M.A., University of Arizona

Courtney Koerber (2019)

Adjunct Instructor, Education

B.S., Stevenson University

M.S., McDaniel College

Beth M. Kobett (1998)

Professor, Education

B.S., University of Missouri

M.S., Johns Hopkins University

Ed.D., Johns Hopkins University

Jason Kolowski (2012)

Adjunct Professor, Forensic Sciences

B.A., Cornell College

M.S., John Jay College of Criminal Justice

M.P.H., Ph.D., City University of New York

William Branson Hay Kommalan (2018)

Adjunct Instructor, Fashion Design and Merchandising

B.A., Rhode Island School of Design

Don Koonce, Sr. (2012)

Adjunct Instructor, Information Systems

B.F.A., Temple University

M.B.A., Strayer University, Washington

Caleb Kortokrax (2014)

Adjunct Professor, Art

B.F.A., Valparaiso University

M.F.A., Maryland Institute College of Art

Lee Krähenbühl (2018)

Associate Professor, Communication

B.A., Linfield College

M.A., Pacific School of Religion

Ph.D., University of Oregon

Stephanie Kratzen, RN (2015)

Adjunct Professor, Nursing

B.S.N., Towson University

M.S., D.N.P., University of Maryland, Baltimore

James Kucher (2014)

Adjunct Professor, Business Administration

B.A.; Keen University

M.B.A., D.P.A.; University of Baltimore

Jennifer S. Landon (2006)

Adjunct Instructor, English

B.A., Coppin State University

M.A., University of Maryland, College Park

Romas Laskauskas (2001)

Adjunct Professor, Management

B.S., Mount Saint Mary's College

M.B.A., Virginia Commonwealth University

Mary Laurents (2014)

Adjunct Instructor, History

B.S., M.A., University of Maryland, Baltimore County

George E. Lauterbach (2003)

Adjunct Professor, Chemistry

B.S., University of Maryland, College Park

M.A., Johns Hopkins University

D.D.S., University of Maryland, Baltimore

Sonya A. Lawyer (2017)

Associate Professor, Design

B.S., Howard University

M.F.A., University of Florida

George Leary (2014)

Adjunct Professor, Psychology

A.A., Community College of Baltimore County

B.S., George Washington University

M.S., Pennsylvania State University

Ph.D., University of Maryland, Baltimore County

Deborah J. Leather (2009)

Adjunct Professor, Management

A.B., College of St. Elizabeth

M.L.S., University of Hawaii

MBA, Marymount College of Virginia

D.B.A., George Washington University

Sean Leavy (2018)

Adjunct Instructor, Mathematics

B.S., University of Maryland, Baltimore County

M.A.T., University of Maryland, Baltimore County

Soonhee Lee (2022)

Associate Professor, Psychology

B.A., M.A., Seoul National University

M.A., Ph.D., University of Rochester

Diane Lehmann (2019)

Assistant Professor, Nursing

B.S.N., Notre Dame Maryland University

M.S.N., Wilmington University

Anne Lefter (2016)

Adjunct Professor, Theatre

B.A., University of Minnesota

M.A., Ph.D., Cornell University

Michele Lenhart (2019)

Adjunct Instructor, SUO

B.S., M.S.E., State University of New York Geneseo

M.S., Buffalo State College

Thomas Lentz, Jr. (2008)

Adjunct Professor, Information Systems

B.S., M.S., Stevenson University

M.B.A., University of Baltimore

Holly Lentz-Schiller (2012)

Professor, Marketing

B.A., M.A., University of North Carolina at Wilmington

Ph.D., University of North Carolina at Greensboro

Ryan Lessans (2021)

Adjunct Instructor, Business Administration

B.S., Ohio State University

MBA, Purdue University

Loryn S. Lesser (2004)

Adjunct Professor, Counseling & Human Services and Psychology
 B.A., College of Staten Island, City University of New York
 M.A., Montclair State University
 M.S., Towson University
 Ph.D., Walden University

Martin Lev (2019)
Adjunct Professor, Business Administration
 B.S., Towson University
 MBA, University of Baltimore
 D.B.A., Argosy University

Barry Levine (2012)
Adjunct Professor, Forensic Sciences
 B.S., Loyola University Maryland
 Ph.D., Virginia Commonwealth University

Kenneth Levine (2011)
Adjunct Professor, Mathematics
 B.A., University of Maryland, Baltimore County
 M.Ed., Johns Hopkins University

Jane Lewty (2017)
Adjunct Professor, English
 B.A., Ph.D., University of Glasgow
 MFA, University of Iowa

Sigmund Libowitz (2017)
Adjunct Professor, Film and Moving Image
 B.F.A., University of Richmond
 M.S., College of William & Mary

Jerome D. Lindauer (2005)
Adjunct Instructor, Business Administration
 B.S., Virginia Polytechnic Institute and State University
 MBA, Loyola College in Maryland

Joshua L. Littlefield (2022)
Adjunct Professor, Art
 B.F.A., Savannah College of Art Design
 M.F.A., Maryland Institute College of Art

Irvin B. Litofsky (2005)
Adjunct Professor, Forensic Sciences
 B.A., Johns Hopkins University
 M.S.F.S., George Washington University

Elizabeth Long (2022)
Adjunct Professor, Community Based Education and Leadership
 B.A., University of Richmond
 M.S., College of William & Mary

Lisa Lorden, RN (2010)
Assistant Professor, Nursing
 B.S., Stevenson University
 M.S., ACNP, University of Maryland, Baltimore

Mark Lortz (2011)
Associate Professor, Music
 B.A., M.M., M.M., Peabody Conservatory of Music, Johns Hopkins University
 Ph.D., Temple University

Sandra Lucci, RN (2008)
Adjunct Professor, Nursing
 B.S., Rutgers-Newark State University
 M.S., University of Maryland, Baltimore
 Ph.D., Capella University

Barbara Lutz (2012)
Adjunct Instructor, Education
 B.S., Bowie State University
 M.S., McDaniel College

Robyn Lyles (2011)
Adjunct Professor, Criminal Justice
 B.S., University of Missouri, St. Louis
 M.S., University of Baltimore

Kimberly Lynne (2021)
Adjunct Professor, English
 B.A., Loyola University Maryland
 MFA, University of Baltimore

Michael A. MacFee (2017)
Adjunct Instructor, Business Communication
 B.S., M.S., Stevenson University

Shradha Maheshwari (2013)
Lecturer, Mathematics
 B.Com., Shri Shikshayatan College
 B.S., MBA, Wilmington College

Stephen Malan (2018)
Adjunct Instructor, Biology
 B.S., M.S., University of Maryland

Jennifer Male (2018)
Adjunct Professor, Theatre
 B.A., University of Mississippi
 MFA, Virginia Commonwealth University

Barry Malin, CPA (1983)
Adjunct Professor, Accounting
 B.A., Ner Israel Rabbinical College
 B.A., Loyola University Maryland

John Mancini (2021)
Adjunct Professor, English
 B.F.A., Rhode Island School of Design
 M.A., University of Southern Mississippi
 MFA, San Francisco State University

James Marmer (2019)
Adjunct Instructor, Business Administration
 B.A., California State University of Los Angeles
 M.P.A., University of Southern California

Nicholas Marrocco (2004)
Adjunct Instructor, Forensic Studies
 B.A., M.S., Loyola University Maryland

Olivia Leigh Martin (2019)
Adjunct Professor, Art
 B.A., Dartmouth College;
 MFA, Southern Methodist University

Meggen Marx (2009)
Associate Professor, Art
 B.F.A., University of Wisconsin, Eau Claire
 MFA, University of Maryland, Baltimore County

Tracey M. Mason (2008)
Professor, Chemistry
 B.S., Longwood College
 Ph.D., Virginia Commonwealth University

Joseph "Joe" C. Matanoski (2006)
Professor, Biological Sciences
 B.S., University of Maryland, Baltimore County
 Ph.D., University of Maryland, College Park

Leah Matthews (2014)

Adjunct Professor, Art

B.A., Elon University

M.F.A., University of Baltimore

Colin May (2010)

Adjunct Professor, Criminal Justice, Forensic Science, and Forensic Studies

B.S., Siena College

M.S., Stevenson University

Jeremiah Maytum (2022)

Adjunct Instructor, Music

B.M., M.M., Colorado State University

Selena Maytum (2014)

Adjunct Professor, Art

B.M.; Furman University

M.M.; Indiana University

D.M.A., University of Colorado

Deirdre C. McAllister (2017)

Adjunct Professor, Theatre

B.A., Suffolk University

M.F.A., Towson University

Theodore McCadden (2019)

Adjunct Professor, Counseling & Human Services

B.A., M.A., Towson University

Ed.D., Pennsylvania State University, Harrisburg

Clint McCallum (2018)

Adjunct Professor, English

B.M., Oberlin College

M.A., Ph.D., University of California, San Diego

Gian McCann (2018)

Adjunct Instructor, English

B.A., M.A., University of Maryland, Baltimore County

Christina McComb (2021)

Adjunct Instructor, English

B.A., George Washington University

M.A., St. John's College of Maryland

Ja'Ara McCoy (2021)

Adjunct Instructor, Counseling & Human Services

B.S., Stevenson University

M.A., University of Baltimore

Patrick McDowell (2011)

Adjunct Instructor, Criminal Justice

B.S., M.S., Johns Hopkins University

Melanie McEntee (2012)

Adjunct Professor, Psychology

B.A., M.A., Ph.D., Loyola University Maryland

Marie Christine McGrath (2020)

Professor, Psychology

B.A., Villanova

M.Ed., Ph.D., Temple University

Joseph G. McGraw, Jr. (1998)

Adjunct Professor, History

B.A., M.A., University of Virginia

J.D., University of Baltimore

Ronald McGuire (2013)

Adjunct Instructor, Cyber Forensics

B.S., Western Carolina University

M.S., University of Maryland Global Campus

Cornelia H. McKenna (2015)

Adjunct Professor, Mathematics

B.A., Bryn Mawr College

M.B.A., University of Baltimore

Celeste McNulty (2012)

Adjunct Professor, Nursing

B.S., M.S., Stevenson University

Rebecca McPherson (2019)

Adjunct Professor, Biology

B.S., Kansas State University

M.S., Texas Tech University

Ph.D., University of the Sciences in Philadelphia

John McQuitty (2016)

Adjunct Professor, Religion

B.A., Oklahoma Baptist University

M.A., M.Div., Southwestern Baptist Theological Seminary

M.A., Syracuse University

Ph.D., Golden Gate Baptist Theological Seminary

Susan Medghalchi (2011)

Adjunct Professor, Biological Sciences

B.S., State University of New York, Buffalo

Ph.D., Johns Hopkins University

Jason Medinger (2011)

Adjunct Professor, Forensic Studies and Legal Studies

B.A., University of Notre Dame

J.D., Emory University

Christopher James Metzger (2015)

Associate Professor, Art and Graphic Design

B.A., Lafayette College

M.F.A., M.A., Maryland Institute College of Art

Richard Metzger (2013)

Adjunct Professor, Psychology

B.S., Muskingum University

M.S., Ph.D., University of North Dakota

Hillary J. Michaud (2004)

Chair, Law and Justice Studies and Professor, Law

B.S., Miami University of Ohio

J.D., University of North Carolina Chapel Hill

Doshelle Miller (2019)

Adjunct Instructor, Forensic Science

B.S., Virginia State University

M.S., George Mason University

Kari-Ann Miller (2018)

Adjunct Instructor, Art

B.F.A., Baylor University

Kendra Miller (2021)

Adjunct Instructor, Arts

B.A., Northwestern University

M.A., School of the Art Institute of Chicago

Neal Miller (2013)

Professor, Physics

A.B., Princeton University

M.S., University of Pennsylvania

M.S., Ph.D., New Mexico State University

Rose Miller, RN (2007)

Adjunct Professor, Nursing

A.A., George C. Wallace State Community College;

B.S., Troy State University

M.P.A., Auburn University

M.S.N., University of Alabama

Victoria Miller (2021)

Associate Professor, Business

B.A., Iowa State University

M.B.A., Morgan State University

Ph.D., Georgia State University

Pamula Mills (2021)

Adjunct Professor, Psychology

B.S., M.S., Barry University

William Mills (2019)

Adjunct Instructor, Chemistry

B.S., University of Virginia

Phyllis Evelyn Mills-Greene (2015)

Adjunct Instructor, Criminal Justice

A.A., Community College of Baltimore County

B.S., M.S., University of Baltimore

Mindy Milstein (2016)

Adjunct Professor, Psychology, Human Services

B.A., Ph.D., University of Maryland Baltimore County

M.A., Towson University

Deborah Mims (2018)

Adjunct Instructor, Forensic Studies

B.S., M.S., Stevenson University

James Von Minor (2000)

Adjunct Professor, Art

B.F.A., Colorado State University

M.F.A., Pennsylvania State University, University Park

Christine A. Mister-Ward, RN (2017)

Adjunct Instructor, Nursing

B.S., Coppin State University

M.S., Morgan State University

Meghan E. Mitchell (2017)

Adjunct Instructor, Biological Sciences

B.S., Cornell University

M.P.H., Columbia University in the City

Diana Molavi (2014)

Adjunct Professor, Medical Laboratory Science

B.S., Pennsylvania State University

M.D., Washington University

Ph.D., Johns Hopkins University

Anthony Moll (2010)

Adjunct Professor, Communication and English

B.A., University of Maryland Global Campus

M.F.A., University of Baltimore

Anthony Montcalmo (2010)

Adjunct Professor, Business Administration

B.A., University of Delaware

M.B.A., University of Maryland, College Park

Laurel Moody, RN (2012)

Assistant Professor, Nursing

B.S.N., University of Maryland

M.S., Stevenson University

M.S., University of Maryland University College

George M. Moore (2006)

Professor, Art & Graphic Design

B.A., Hampshire College

M.F.A., Maryland Institute College of Art

Mary Moorhouse, MLS, SBB(ASCP) (2013)

Adjunct Instructor, Medical Laboratory Science

B.S., Stevenson University

M.S. Rush University

Jeannine Morber (2016)

Lecturer, Marketing

A.A., Carroll Community College

B.S., M.B.A., Hood College

Stacey Moreau (2018)

Adjunct Professor, Psychology

B.S., James Madison University

M.A., Ph.D., University of Virginia

Amber Moser, MLS(ASCP) (2018)

Adjunct Instructor, Medical Laboratory Science

B.S., Stevenson University

Lisa A. Moyer (2017)

Assistant Professor, Education

A.A., Germanna Community College

B.A. and M.Ed., University of Mary Washington

Ph.D., Virginia Polytechnic Institute and State University

Steven Mrozinski (2009)

Adjunct Professor, Biological Sciences

B.S., M.S., Stevenson University

Sam Mullinix (2021)

Adjunct Instructor, Information Systems

B.S., M.S., Stevenson University

Sorsah-Maria Tiglao Mulroe (2022)

Adjunct Instructor, Education

B.S., University of Maryland, College Park

M.Ed., Johns Hopkins University

David Murphy (2019)

Adjunct Professor, Business Administration

A.A.S., Community College of the Air Force

B.A., University of Maryland Global Campus

M.L.A., Johns Hopkins University

Ph.D., Northcentral University

Kathryn Mychailyszyn (2014)

Adjunct Professor, Graphic Design

B.A., Loyola University Maryland

M.F.A., University of Baltimore

Brandon Myers (2019)

Adjunct Instructor, Mathematics

B.S., Grand Canyon University

M.S., Towson University

Abdallah Naanaa (2013)

Adjunct Instructor, Forensic Science

B.S., M.S., Stevenson University

Michelle Natale (2021)

Adjunct Instructor, Political Science

B.A., La Salle University

M.A., Villanova University

Kellie Natrin (2007)

Adjunct Instructor, Legal Studies

B.S., M.S., Stevenson University

Elizabeth Nelson (2021)

Adjunct Instructor, Literacy Education

B.A., Elon University
M.Ed., Vanderbilt University

Ashley Nelson-Raut (2021)

Adjunct Professor, Law
B.S., Stevenson University
J.D., University of Baltimore

David W. Nicholson (2006)

Professor, Education
B.A., James Madison University
M.A., M.Ed., Ohio University
Ph.D., University of Virginia

Lea Nolan (2012)

Adjunct Instructor, Healthcare Management
A.B., Georgetown University
M.A., George Washington University

Mark Norris (2013)

Professor, Biological Sciences
B.S., Allegheny College
M.S., Kansas State University
Ph.D., University of Minnesota, Twin Cities

Randi Norris (2018)

Adjunct Instructor, Community-Based Education and Leadership

B.A., York College Pennsylvania
M.A.T., Johns Hopkins University

Meagan Nyland (2010)

Senior Lecturer, English
B.S., B.A., Southern Illinois University
M.F.A., University of Baltimore

Samuel Obae (2013)

Associate Professor, Biological Sciences
B.S., University of Nairobi, Kenya
M.S., Frostburg State University
Ph.D., West Virginia University

Sandra O'Connor (1986)

Adjunct Professor, Law
B.S., J.D., Indiana State University

Timothy O'Donald (2018)

Adjunct Instructor, Business Administration
B.S., Kennesaw State University
M.A., Luther Rice University Seminary

Steven O'Dell (2014)

Adjunct Professor, Forensic Sciences
M.S., University of Alabama at Birmingham
M.B.A., University of Phoenix

John J. O'Neill (1976)

Adjunct Professor, Information Systems
B.S., M.B.A., Loyola College in Maryland
M.S., Villa Julie College

Stephen W. Oliner (2004)

Adjunct Instructor, Forensic Studies
B.S., University of Maryland, College Park

Don Osborn (2016)

Librarian, Public Service
B.S., Frostburg State University
M.S., Drexel University

Jeffrey Ostrow (2022)

Adjunct Instructor, Business Administration
M.E.T., Towson University
Jessica Ostendarp (2019)
Adjunct Instructor, Nursing
B.S.N., James Madison University
M.S., Stevenson University

Samuel Page (2021)

Affiliate Instructor, Education
B.S., Towson University
M.A., Notre Dame of Maryland University
M.Ed., University of Massachusetts, Boston

Alexandra Palmer (2018)

Adjunct Instructor, Marching Band
B.S., University of Maryland, College Park

Lisa Paris, RN (2013)

Adjunct Professor, Nursing
B.S.N., University of Maryland, Baltimore County
M.A., Hood College
D.N.P., Johns Hopkins University

Tamara Parisi, MLS(ASCP) (2014)

Adjunct Instructor, Medical Laboratory Science
B.S., Salisbury University

Harlan Parker (2017)

Adjunct Professor, Music
B.A., Emporia State University
M.A., Ph.D., University of Kansas

Amy Parlette (2017)

Adjunct Professor, Graduate Education
B.S., University of Maryland
M.S., Johns Hopkins University
Ph.D., Capella University

David E. Patrick (2004)

Adjunct Instructor, Information Systems
B.S.E., Loyola College in Maryland
M.S., Towson University

Sheila S. Pearlman (2010)

Adjunct Professor, Mathematics
B.S., Temple University
M.A., CAGS, University of Pennsylvania
Ph.D., University of Rochester

Robert P. Pelton (2000)

Professor, Education
B.S., M.S., State University of New York, Cortland
Ed.D., Nova Southeastern University

Bernard Penner (2009)

Adjunct Professor, Law
B.A., University of Maryland, Baltimore County
M.A., Towson University
J.D., University of Maryland School of Law

Darren Peyton (2019)

Adjunct Instructor, Business Administration
B.S., Towson University
M.S., Aalborg University

Ricardo M. Phipps (2022)

Associate Professor
B.A., Rice University
M.Div., Notre Dame Seminary

M.S., Jackson State University
Ph.D., University of Mississippi

Monika Piccardi (2021)
Adjunct Instructor, Healthcare Management
B.S., University of Maryland, Baltimore
M.S., Stevenson University

Lucy Pierre (2019)
Adjunct Professor, Biology and Medical Laboratory Science
B.S., York College of New York
M.B.A., Florida Institute of Technology
D.H.S., Nova Southeastern University

Adam Pincus (2021)
Adjunct Professor, Legal Studies
B.A., University of Pittsburgh
J.D., Nova Southeastern University

Rebecca Pisano (2015)
Adjunct Professor, Community-Based Education and Leadership
B.A., Miami University, Oxford
M.A., George Washington University
Ph.D., University California Los Angeles

Dixie Poe, RN (2008)
Adjunct Professor, Nursing
B.S.N., Medical College of Georgia
M.S.N., Bowie State University
M.G.A., University of Maryland University College

Morris A. Pondfield (2001)
Adjunct Professor, Information Systems
B.A., University of Maryland, College Park
M.I.M., American Graduate School of International Management
M.S., University of Maryland University College

Laura M. Pope (2008)
Adjunct Professor, English
B.A., Goucher College
M.A., St. Mary's University

Gary Popoli (2010)
Adjunct Professor, Psychology
B.A., M.A., Loyola University Maryland
Ph.D., University of Maryland, College Park

Larry Poston (2018)
Adjunct Professor, Religion
B.A., Grace University
M.A., Trinity Evangelical Divinity School
M.A., Ph.D., Northwestern University

Veronica Powell (2011)
Adjunct Professor, Psychology and Sociology
B.S., University of Central Texas
M.A., University of Maryland, College Park
Ph.D., Capella University

Colleen A. Pullis (2007)
Adjunct Professor, English
B.A., Colgate University
M.A., Binghamton University
Ph.D., University of Georgia

Shelley Pumphrey (2012)
Senior Lecturer, Business Administration
B.A., University of Maryland

M.A.S., Johns Hopkins University
Ph.D., North Central University

Sue Pugh (2018)
Adjunct Instructor, Nursing
B.S., University South Florida
M.S.N., University Cincinnati

Kelly Purtell (2020)
Adjunct Instructor, English
B.A., University of Maryland Baltimore County
M.A., George Mason University

Nicholas Ramsel (2011)
Adjunct Professor, Digital Transformation and Innovation
B.A., West Virginia University
B.S., M.S., Stevenson University

Tonia M. Ramsel (2010)
Adjunct Instructor, Information Systems
B.S., M.S., Stevenson University

Christopher Llewellyn Reed (2006)
Professor, Film and Moving Image
B.A., Harvard University
M.A., Yale University
M.F.A., Tisch School of the Arts, New York University

David Reed (2019)
Adjunct Instructor, Information Systems
B.S., B.S., B.S., High Point University
M.B.A., Kent State University

Milland Reed (2015)
Adjunct Instructor, Criminal Justice
B.S., University of Maryland, University College, Asia
M.S., Johns Hopkins University

Christin Reuter, M.S., MB, MLS (ASCP) (2018)
Adjunct Instructor, Medical Laboratory Science
B.S., Stevenson University
M.S. Rutgers University

Laura Riley (2018)
Adjunct Professor, Biology
D.V.M., Virginia Polytechnic Institute State University

Joseph Ritsch (2018)
Adjunct Professor, Theatre
B.A., University of Maine
M.F.A., Towson University

Kelsie Rites (2019)
Adjunct Instructor, Education
B.S., Stevenson University
M.S., Towson University

Samantha Roche (2021)
Adjunct Instructor, Psychology
A.A., Community College of Baltimore County
B.S., Towson University
M.S., Lynn University

Maureen Roecker, RN (2015)
Adjunct Instructor, Nursing
B.A., B.S.N., Notre Dame of Maryland University
M.S., Stevenson University

Mark Rohde (2022)

Adjunct Instructor, Music
B.M., Ithaca College
M.M., New England Conservatory

Brittney Rollinson (2010)
Adjunct Instructor, Forensic Science
B.S., M.S., Stevenson University

Joseph Rosalski (2011)
Adjunct Instructor, History
B.A., University of Baltimore
M.A., University of Maryland, Baltimore County

Cynthia Rosenberg (2015)
Adjunct Professor, Legal Studies
A.A., Community College of Baltimore
B.A., M.A., J.D., University of Baltimore

John Rosicky (2012)
Professor, Human Services
B.S., Brown University
Ph.D., University of Oregon

Ellen M. Roskes (1996)
Professor, Chemistry
B.A., M.A., Ph.D., Johns Hopkins University

Neil Rothman (2019)
Professor, Biomedical Engineering
B.S., M.S., Rensselaer Polytechnic Institute
Ph.D., Johns Hopkins University

Timothy Rualo (2021)
Adjunct Instructor, Master's in Teaching
B.S., Loyola University Maryland
M.S., Johns Hopkins University

Lori L. Rubeling (1997)
Professor, Art and Graphic Design
B.F.A., Corcoran School of Art
M.A., St. John's College

Laurie Rubin (2013)
Adjunct Professor, Forensic Studies
B.S., Towson University
M.S., Stevenson University

A.A.; Iowa Western Community College
B.A., Northwest Missouri State University
M.A., M.S., Central Michigan University
Ph.D., Regent University

James Sanford (2011)
Adjunct Instructor, Digital Transformation and Innovation
A.A.S., York College

B.S., Albright College
M.S., Stevenson University

Nick Sbrockey (2018)
Adjunct Instructor, Chemistry
B.S., University of Cincinnati
Ph.D., Northwestern University

Lisa Scarbath (2009)
Adjunct Professor, Law
B.A., University of Delaware
J.D., University of Baltimore

Rachel Schaaf (2021)
Adjunct Instructor, Business Administration
B.S., Towson University
M.S., Stevenson University

James Schaeffer (2022)
Assistant Professor, Psychology
B.S., Ferris State University
M.A., New Mexico State University
Ph.D., University of Texas

Howard Schindler (2012)
Adjunct Professor, Forensic Science
A.A.S., State University of New York - Cortland
B.S., State University of New York - Cortland
M.S., Johns Hopkins University

Inex Alwida Scholler-Jaquish (2007)
Adjunct Professor, Graduate Nursing
B.S.N., Arizona State University
M.A., University of California Los Angeles
M.S., Loyola University Maryland
Ph.D., University of Maryland, College Park

Carol Schmidhauser (1997)
Senior Lecturer, Biological Sciences
B.S., University of Rochester
M.S., Clemson University

Jennifer Schneider (2011)
Adjunct Instructor, Forensic Studies
B.S., M.S., Stevenson University

Karl Schroeder (1999)
Adjunct Instructor, Information Systems
B.S., M.S., Virginia Polytechnic Institute and State University

Ryan Schurtz (2011)
Professor, Psychology
B.S., M.A., Towson University
Ph.D., University of Kentucky

Charles V. Schuster (2017)
Adjunct Instructor, Mathematics
B.S., Stevenson University
M.S., Southern New Hampshire University

Stephen Schuyler (2021)
Adjunct Professor, English
B.F.A., Brooklyn College
M.F.A., University of Maryland

Sarena R. Schwartz (2000)
Senior Lecturer, Information Systems
B.S., M.S., Stevenson University

Eric Segall (2022)

Adjunct Professor, Health Care Management
M.S., Johns Hopkins University
D.P.T., Long Island University

Robyn Segall, RN (2019)

Adjunct Instructor, Nursing
B.S., Towson University
M.S., Stevenson University

Reshmi Sen (2016)

Adjunct Professor, Business Communication
B.A., University of Calcutta, India
M.A., Worcester State University
Ph.D., Duquesne University

Trevor Setvin (2021)
