

MEET OUR FACULTY

Doctor of Psychology (Psy.D.) | Clinical Psychology

Rich Metzger, Ph.D.

Adjunct Professor of Psychology

Dr. Metzger holds a Ph.D. in Experimental Psychology (Cognitive) from the University of North Dakota, with additional training at The Institute of Child Development (Minnesota) and the Lineberger Cancer Center (North Carolina). He has a broad experience in basic memory research as well as applications in health, education, and the legal system. He has supervised undergraduate and graduate theses, as well as dissertations, and regularly presents work with student collaborators at national and regional conferences. His current projects have examined the impact of disguises on the recognition of people you know, and the changes in attention that arise from the mere presence of your cell phone. He also has experience in the management and analysis of big archival datasets, currently mining data from the Longitudinal Study of Child Abuse and Neglect (LONGSCAN).

AREAS OF FOCUS
